The Oxford Handbook of Gender, Sex, and Crime Rosemary Gartner, Bill McCarthy, 2014-05-14 The Oxford Handbook of Gender Sex and Crime offers an unparalleled and comprehensive view of the connections among gender sex and crime in the United States and in many other countries Its insights illuminate both traditional areas of study in the field and pathways for developing cutting edge research questions

Global Childhoods Kate Cregan, Denise Cuthbert, 2014-08-26 An exciting and engagingly written book The case studies are intriguing and the discussion of previous theories impeccable Dr Heather Montgomery The Open University What is a child Kate Cregan and Denise Cuthbert begin this path breaking and compelling work with a deceptively simple question From this seemingly straightforward formulation they unravel interrogate and engage with some of the most pressing issues related to children in the early 21st century This book is an absolute must for scholars in all the fields of childhood studies Professor Joy Damousi University of Melbourne Global Childhoods draws on the authors interdisciplinary backgrounds and original research in the fields of embodiment theorisations of childhood children s policy child placement and adoption and family formation The book critically demonstrates how following from the modern construction of childhood which emerged unevenly from the late eighteenth century the twentieth century saw the emergence of the conception of the normative global child a figure finally enshrined in the United Nations Convention on the Rights of the Child The book offers a wide ranging critical analysis of approaches to children and childhood across the social sciences Through stimulating case studies which include the experiences of child soldiers orphans forced child migrants and children and biomedicine Cregan and Cuthbert critically test the notion of the global child against the lived experiences of children around the globe Kate Cregan and Denise Cuthbert draw on and contributes to debates on children and the idea of the child in a wide range of disciplines sociology anthropology education children s studies cultural studies history psychology law and development studies In its historical coverage of the rise of the concepts of the child and the global child its critical engagement with the theorisation of childhood and its detailed case studies the book is essential reading for the study of children and childhood

News, Gender, and Power Cynthia Carter, Gill Branston, Stuart Allan, 1998 Addresses the pressing questions of how gender shapes the forms practice institutions and audiences of journalism and explores the multiple interconnections between news gender and power

The History of British Women's Writing, 1945-1975 Clare Hanson, Susan Watkins, 2017-09-14 This volume reshapes our understanding of British literary culture from 1945 1975 by exploring the richness and diversity of women s writing of this period Essays by leading scholars reveal the range and intensity of women writers engagement with post war transformations including the founding of the Welfare State the gradual liberalization of attitudes to gender and sexuality and the reconfiguration of Britain and the empire in the context of the Cold War Attending closely to the politics of form the sixteen essays range across literary middlebrow and popular genres including espionage thrillers and historical fiction children s literature and science fiction as well as poetry drama and

journalism They examine issues including realism and experimentalism education class and politics the emergence of second wave feminism responses to the Holocaust and mass migration and diaspora The volume offers an exciting reassessment of women s writing at a time of radical social change and rapid cultural expansion

A Cartographic Journey of Race, Gender and Power Syrrina Ahsan Ali Haque, Sameer Afzal, 2021-05-14 This book locates spatial dimensions possible for a global identity while incorporating the presence of collaborative and contentious religious psycho social and physical borders It highlights the significance of space in the construction of racial gender religious cultural idiosyncrasies where private and public space projects the power mechanisms which allocate borders The literary narratives discussed in this collection project a trajectory of voices of the East and West male and female crossing boundaries between identity race gender and class The book proffers that spatial borders are social constructs to propagate the power mechanisms of hierarchical structures defying imbrications explored here which may be used to reflect diversity as a model for global space These explorations are journeys back and forth in time and space towards hierarchies formed through the imposition of borders defining race gender and power which may be considered post in the postmodern postcolonial post 9 11 post secular and postfeminist senses

Gender, Ethics and Information Technology A. Adam, 2005-03-14 This book brings feminist philosophy in the shape of feminist ethics politics and legal theory to an analysis of computer ethics problems including hacking privacy surveillance cyberstalking and Internet dating Adam claims that these issues cannot be properly understood unless we see them as problems relating to gender For the first time these issues are put under the feminist spotlight to show that traditional responses reproduce the public private split which has so often reinforced the causes of women s oppression

The Civil Power of the News Jackie Harrison, 2019-10-18 This landmark book is concerned with the civil power of the news This power can be seen in the ways the news engages with public sentiment through a focus on three invariant civil concerns identity legitimacy and risk The book analyses how news stories engage with these concerns to make civil and anti civil judgements which influence public sentiment and determine the boundaries we place and maintain around the society we live in Through historical and contemporary examples of this boundary shaping and maintenance The Civil Power of the News presents a bold and original account of the architecture of news the influence it has on our conceptions of civility and ultimately the power it wields

Africa After Gender? Catherine M. Cole, Takiwaa Manuh, Stephan Miescher, 2007-02-07 Africa After Gender looks at Africa now that gender has come into play to consider how the continent its people and the term itself have changed Leading Africanist historians anthropologists literary critics and political scientists move past simple dichotomies entrenched debates and polarizing identity politics to present an evolving discourse of gender

students of media and communications across sociology cultural studies creative industries and of course media and communications courses Bibliographic Guide to Womens Studies 1998 New York Public Library Staff,1999-08

Diversity and the Media Monika Metykova,2017-09-16 This core textbook offers a concise and interdisciplinary overview of the relationship between diversity and the media Focusing on media regulation in democratic societies each chapter explores how different conceptions of diversity relate to media audiences media workforces media outlets and media content Drawing on research approaches grounded in the political economy of media political communication media economics and critical media industry studies this insightful book analyses a wide range of current and historical examples from the UK the US and Europe This far reaching and inclusive text is an invaluable resource for students and academics from media communication studies journalism cultural studies and sociology backgrounds Clear and accessible it will also appeal to members of non governmental organizations or activist groups involved in media policy and reform The Battle over Marriage Leigh Moscovitz,2013-11-15 Over the past decade the controversial issue of gay marriage has emerged as a primary battle in the culture wars and a definitive social issue of our time The subject moved to the forefront of mainstream public debate in 2004 when San Francisco Mayor Gavin Newsom began authorizing same sex marriage licenses and it has remained in the forefront through three presidential campaigns and numerous state ballot initiatives In this thorough analysis Leigh Moscovitz examines how prominent news outlets presented this issue from 2003 to 2012 a time when intense news coverage focused unprecedented attention on gay and lesbian life During this time LGBT rights leaders sought to harness the power of media to advocate for marriage equality and to reform their community s public image Building on in depth interviews with activists and a comprehensive longitudinal study of news stories Moscovitz investigates these leaders aims and how their frames tactics and messages evolved over time In the end media coverage of the gay marriage debate both aided and undermined the cause Media exposure gave activists a platform to discuss gay and lesbian families But it also triggered an upsurge in opposing responses and pressured activists to depict gay life in a way calculated to appeal to heterosexual audiences Ultimately The Battle over Marriage reveals both the promises and the limitations of commercial media as a route to social change **Women, Feminism and Media** Sue Thornham,2007-05-30 Over the past few decades feminist media scholarship has flourished to become a major influence on the fields of media film and cultural studies At the same time the cultural shift towards post feminism has raised questions about the continuing validity of feminism as a defining term for this work This book explores the changing and often ambivalent relationship between the three terms women feminism and media in the light of these recent debates At the same time it places them within the broader discussions within feminist theory about subjectivity identity culture and narrative of which they have formed a crucial part The book is organised around four key topic areas Fixing into Images offers a rethinking of one of the first preoccupations of feminist media analysis the relationship between women and images Narrating Femininity explores the narratives of

femininity produced in media texts in the light of theories of narrative and identity *Real Women* examines both the continuing absence of women's voices from the genres of news and documentary and their over presence within popular reality media forms Finally *Technologies of Difference* examines the relationship between feminism women and new media technologies Throughout the book explores key issues within feminist media studies both through specific examples and via critical engagement with the work of major theoretical writers Features A completely up to date study of the key areas of issue and debate in feminist media studies Includes case studies and discussion of the work of key writers in the field Contains readings of specific texts ranging from news and advertising to reality TV and postfeminist TV drama Tabloid Tales Colin Sparks, John Tulloch, 2000-03-22 Coverage of the Clinton Lewinsky saga followed in a long trail of media exposures of the more personal details of the lives of public figures Many commentators have seen stories like this and TV shows like Jerry Springer's as evidence of a decline in the standards of the mass media This increasing interest in private lives and the falling off of coverage of serious news is often described as tabloidization The essays in this book are the first serious scholarly studies of what is going on and what its implications are Reality it turns out is much more complex than some of the laments suggest As the contributors show this is not just a U S problem but is repeated in country after country and it is not certain that the media anywhere are getting more tabloid What is more there is no consensus about whether tabloidization is just dumbing down or whether it is a necessary tactic for the mass media to engage with new audiences who do not have the news habit *Tabloid Tales* will be of interest to students and scholars in journalism mass communication political science and cultural and media studies **The Mediatization of the O.J. Simpson Case** Tatjana Neubauer, 2023-02-06 F Scott Fitzgerald once said Show me a hero and I'll write you a tragedy In the 1990s nobody fell deeper than O J Simpson Once considered a national treasure the athlete was accused of brutally slaying his ex wife Nicole Brown and her friend Ronald Goldman on June 12 1994 Within days the media and public developed an unprecedented obsession with the story turning a murder investigation and trial into a sensationalized reality show Tatjana Neubauer examines the mediatization deliberate manipulation and the simplification of popular criminal trials for profit on television She demonstrates that TV conflated legal proceedings into entertainment programming by commodifying events people and places Gender, Politics, News Karen Ross, 2017-01-30 *Gender Politics News* A Game of Three Sides explores the role of gender in the broader processes of political communication The only contemporary book focusing on the relationships between gender politics and news media which takes a global perspective An analysis of political journalism as a practice and the development of the field in terms of gendered workplace cultures Offers a solid framework for understanding women's political representation including real world case studies of women's campaigns for the top political job across a range of different geographies and contexts Coverage of hot button issues such as political scandal and the role of new and social media in politics and elections makes this a highly relevant and current work with resonances for a wide audience
