English File 4E Elementary Student Book Christina Latham-Koenig, Clive Oxenden, Kate Chomacki, Jerry Lambert, 2020-07-28 English File's unique lively and enjoyable lessons are renowned for getting students talking. In fact 90% of English File teachers we surveyed in our impact study found that the course improves students' speaking skills, communication and language practice than ever before, helping students develop relevant communication skills they can use immediately in the workplace. **Books and Bookmen**, 1968 **American English File 3E Level 1 Student Book**

Christina Latham-Koenig, Clive Oxenden, Jerry Lambert, 2019-07-11 American English File Second Edition retains the popular methodology developed by world renowned authors Christina Latham-Koenig and Clive Oxenden: language motivation, opportunity, grammar, vocabulary and pronunciation practice. In every lesson, students are equipped with a solid foundation for successful speaking. Plus, an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests, which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results. A real strength of the book is that it guides readers through analytical techniques in an accessible way. Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University. **Maurice Denis** Albert Kostenevitch, 2016-02 French painter, decorator and engraver Maurice Denis (1870-1943) was the leader of the Nabi movement who shook up the art world. Skilfully uniting religion and modernity, he was the pioneer and theoretician of the school of art which he named *Nouveau traditionalisme* and he aspired to a modern art imprinted with Symbolist and mystical influences. Remember that a picture before being a battle horse, a nude or some anecdote is essentially a flat surface covered with colours assembled in a certain order. By this definition of his movement, he revolutionised modern art and cleared the way for abstract art to emerge. *Les Livres disponibles*, 2000 La liste exhaustive des ouvrages disponibles publiés en langue française dans le monde.
