The Educational Significance of Human and Non-Human Animal Interactions Suzanne Rice,A. G. Rud,2016-04-29 The Educational Significance of Human and Non Human Animal Interactions explores human animal non human animal interactions from different disciplinary perspectives from education policy to philosophy of education and ecopedagogy The authors refute the idea of anthropocentrism the belief that human beings are the central or most significant species on the planet through an ethical investigation into animal and human interactions and real life examples of humans and animals living and learning together In doing so Rice and Rud outline the idea that interactions between animals and humans are educationally significant and vital in the classroom

The Educational Significance of Human and Non-Human Animal Interactions Suzanne Rice,A. G. Rud,2014-01-14 The lives of animals and humans are deeply intertwined and mutually influencing In recent years there has been a growing appreciation of ways in which the interactions of human animals and non human animals matter educationally This book seeks to contribute to the ongoing conversation about animals and education

Animal Rights Education Kai Horsthemke,2018-09-27 This book explores how the ethical treatment and status of other than human animals influence pedagogy teaching and learning in general aiming to fill what has been a gap in the philosophy of education It examines key trends in this regard including environmental education humane education posthumanist education ecopedagogy critical animal pedagogy critical animal studies animal standpoint theory and vegan education The book discusses animal minds and interests and how animals have been accommodated in moral theory Further it investigates whether anti racist and anti sexist education logically entail anti speciesist education and closes by proposing animal rights education as a viable and sound alternative a pedagogy that does justice not only to animals in general and as species but also to individual animals If animal rights education is philosophically and educationally meaningful then it can arguably offer a powerful pedagogical tool and facilitate lasting pro animal changes

Hoyle,2009-09-01 Animals are important in human psychological and cultural life and our relationships with other species are psychological and morally complicated This special issue presents a series of original research articles concerning attitudes towards animals the ethics of their treatment the effects of companion animals on human health and psychological well being and the role that culture plays in our interactions with other species The articles illustrate the scope of the new field of human animal relationships the variety of research approaches and the implications of research findings for social policy

Animal-centric Care and Management Dorte Bratbo Sørensen,Sylvie Cloutier,Brianna N. Gaskill,2020-10-14 The concept of the 3Rs Refinement Reduction and Replacement has been used as a framework for improving the welfare of laboratory animals for the last half century By establishing an animal centric view on housing and management Animal centric Care and Management Enhancing Refinement in Biomedical Research takes Russell and Burch s definition of Refinement as elimination of

inhumanities and goes further Rather than fitting animals into experimental conditions it encourages readers to adjust conditions to better meet the behavioral emotional physical and physiological needs and preferences of the animals The team of expert authors from the fields of laboratory animal science ethology biology as well as animal training provide ideas for creating housing conditions and handling procedures that induce to the best of current abilities and knowledge a long term positive state of mind in the animals under our care This book is written for animal caretakers animal health technicians researchers animal facility managers laboratory animal veterinarians and anyone who engages in work with living experimental animals or is interested in the continuous improvement of laboratory animal welfare This interdisciplinary guide will act as a catalyst resulting in multiple viewpoints and fields collaborating to optimize laboratory animal welfare

Recognising and Responding to Animal Emotion in a Shared World Vicki Hutton,2023-11-16 How is it that depending on the setting the same cat can be perceived as a homeless annoyance a potential research subject or a thinking and feeling family member The answer is bound up in our perception of non human animals capacity to experience emotions and this book draws on contemporary evidence based research observations interviews and anecdotal case scenarios to explore the growing knowledge base around animal emotion Acknowledging that animals can experience feelings directly affects the way that they are perceived and treated in many settings and the author explores the implications when humans apply or ignore this knowledge selectively between species and within species This information is presented within the unique context of a proposed hierarchy of perceived non human animals emotional abilities often based on human interpretation of the animal s emotional capacity with examples of how this manifests at an emotional spiritual and moral level Implications for specific groups living with caring for or working with non human animals are examined making the book of particular interest to those working studying or researching in the veterinary professions animal ethics law and welfare and zoology biology and animal science This book will also be fascinating reading for anyone interested in simply learning more about the animals with whom we share this planet For some readers it will validate the reciprocal emotional bond they feel for living creatures For others it will raise questions about the moral treatment of sentient non human beings breaking down the human protective barrier of cognitive dissonance and activating a cycle of change **Our Children and Other Animals** Dr

Matthew Cole,Dr Kate Stewart,2014-11-28 Focusing on the socialization of the human use of other animals as resources in contemporary Western society this book explores the cultural reproduction of human nonhuman animal relations in childhood With close attention to the dominant practices through which children encounter animals and mainstream representations of animals in children s culture whether in terms of the selective exposure of children to animals as pets or as food in the home or in school or the representation of animals in mass media and social media Our Children and Other Animals reveals the interconnectedness of studies of childhood culture and human animal relations Our Children and Other Animals Matthew Cole,Kate Stewart,2016-05-23 Focusing on the socialization of the human use of other animals as resources in contemporary

Western society this book explores the cultural reproduction of human nonhuman animal relations in childhood With close attention to the dominant practices through which children encounter animals and mainstream representations of animals in children s culture whether in terms of the selective exposure of children to animals as pets or as food in the home or in school or the representation of animals in mass media and social media Our Children and Other Animals reveals the interconnectedness of studies of childhood culture and human animal relations In doing so it establishes the importance of human animal relations in sociology by describing the sociological importance of animals in children s lives and children in animals lives Presenting a new typology of the various kinds of human animal relationship this conceptually innovative book constitutes a clear demonstration of the relevance of sociology to the interdisciplinary field of human animal relations and will appeal to readers across the social sciences with interests in sociology childhood studies cultural and media studies and human animal interaction
