The Great Class Shift Thibault Muzergues, 2019-11-05 This thought provoking book offers a new global approach to understand how four social class structures have rocked our political systems to the extent that no politician or political party can exist today without claiming to be speaking on their behalf and no politician can hope to win an electoral majority without building a coalition among these classes Based on a four fold analysis Urban and Liberal Creatives Suburban Middle Class White Working Class and the Millennials this book shows that while many have focused on a supply side vision of politics to explain the upheavals in our political party systems a vision centred on demand and the Weberian take on political parties as vehicles for class interests is more compelling In 2016 our political world was changed forever by the victories of Brexit in the UK and Donald Trump in the USA Far from being confined to the Anglosphere however changes have also rocked the political landscapes in Europe As the crisis of 2008 has shaken the foundations of Western societies shrinking the size of the previously all powerful middle class new classes have emerged and with them a new political demand that new or old parties have tried to satisfy This book will be of key interest to political practitioners politicians advisors consultants journalists political pundits party builders and government officials and more broadly to academics students and readers of European and Western politics political sociology party politics and political parties and electoral demographics

The Inglorious Years Daniel Cohen, 2021-05-18 How populism is fueled by the demise of the industrial order and the emergence of a new digital society ruled by algorithms In the revolutionary excitement of the 1960s young people around the world called for a radical shift away from the old industrial order imagining a future of technological liberation and unfettered prosperity Industrial society did collapse and a digital economy has risen to take its place yet many have been left feeling marginalized and deprived of the possibility of a better life The Inglorious Years explores the many ways we have been let down by the rising tide of technology showing how our new interconnectivity is not fulfilling its promise In this revelatory book economist Daniel Cohen describes how today's postindustrial society is transforming us all into sequences of data that can be manipulated by algorithms from anywhere on the planet As yesterday's assembly line was replaced by working online the leftist protests of the 1960s have given way to angry protests by the populist right Cohen demonstrates how the digital economy creates the same mix of promises and disappointments as the old industrial order and how it revives questions about society that are as relevant to us today as they were to the ancients Brilliant and provocative The Inglorious Years discusses what the new digital society holds in store for us and reveals how can we once again regain control of our lives

□□□□ □□□□ □□□ □□, 2020-11-25 68 1964 _ Il Faut Dire Que Les Temps Ont Changé 68 *Die neue radikale Rechte im Vergleich* Michael Minkenberg, 2013-03-08 Cette étude examine la renaissance du Rechtsradikalismus en France, Allemagne et États-Unis La nouvelle droite radicale résulte de ce qui, dans les démocraties occidentales, a été observé : une modernisation sociale et culturelle des années soixante, d'une part, et des phases de mobilisation spécifiques, d'autre part, dans le contexte politique et social existant Elle représente ainsi le pôle droit d'une nouvelle ligne de conflit, parallèle aux lignes idéologiques et organisationnelles existantes Cela constitue une situation nouvelle dans le Rechtsradikalismus, qui peut être exploitée et ainsi devenir politique En France, domine une mouvance idéologique des nouvelles droites radicales, marquée par des tendances chrétiennes fondamentalistes et xénophobes En Allemagne, l'organisation du Front national avec son concept d'une nation ethnoculturelle française Le scénario allemand est en revanche marqué par une idéologie autoritaire et völkisch, un nationalisme faible, un secteur de parti faible et une forte militance et volonté de violence à l'extrême droite Michael Minkenberg a réalisé une étude empirique soignée qui s'élève au-dessus de la recherche unidimensionnelle sur le Rechtsradikalismus *Die Neue Gesellschaft Frankfurter Hefte* März 1999 **Avec l'immigration** François Héran Haen, 2017 En France, les problèmes de l'immigration se succèdent en rafale dans un débat actuel traversé par les cycles de la vie politique et en particulier le rythme de la présidentielle crise des réfugiés islamiques et la citation du droit du sol double nationalité regroupement familial jungle de Calais François Héran remplace les arguments de ce débat dans une perspective démographique et politique Il revient notamment sur la présidence de Sarkozy neuf années de mainmise sur la politique migratoire de la France mais pour quel bilan Abandon de la politique d'immigration choisie persistance de l'immigration dite subie mais l'égalité en fin de compte une personne sur quatre vivant en France est immigrée ou enfant d'immigré Le volontarisme ultra-verse encore cependant de faire sauter la serrure des droits fondamentaux Soulignant le progrès des connaissances sur l'immigration, l'auteur réfute les erreurs grossières de certaines politiques Marine Le Pen en tant qu'essayiste médiatique tel que Ric Zemmour Il revisite la question de la citoyenneté, du droit du sang et du droit du sol sont en fait deux versions d'un même droit, le droit du temps Sans occulter les obstacles à l'intégration, il la montre aussi l'œuvre comme dans ce

gymnase de banlieue où chacun sans distinction d'origines et de croyances vient donner son sang peu importe qui. Au final une approche sereine et réaliste. Ni pour ni contre l'immigration avec elle tout simplement.

Hüser, Hans-Christian Herrmann, 2020-12-07 Revolution hier der gewagte Buchtitel Emmanuel Macrons anscheinlich seiner Kandidatur für die Präsidentschaftswahlen 2017. Seitdem haben etliche Reformen des jungen Staatsoberhauptes die französische Politik und Gesellschaft durcheinandergewirbelt zugleich der europäischen Integration und dem Verhältnis zu Deutschland neuen Elan eingehaucht. Manche der Initiativen stoßen mittlerweile auf Widerstand und münden in massive Straßenproteste. Welche Reformmaßnahmen der ersten 30 Amtsmonate treten besonders hervor welche Reformhindernisse sind aktuell auszumachen welche Halbzeitbilanz der Präsidentschaft lässt sich ziehen. Die Beitragenden des Bandes betrachten zentrale Aspekte des Wandels für ausgewählte Aktionsfelder ordnen sie geschichtlich ein und gleichen sie mit bundesdeutschen Entwicklungen ab. *Il n'y a pas de "grand remplacement"* Hervé Le Bras, 2022-03-02 Depuis plus d'un siècle l'extrême droite agite la peur de l'invasion celle des Italiens et des Allemands avant 1914 des Polonais et des Yougoslaves avant 1939 des Maghrébins puis de tous les Africains récemment. Cette panique a pris depuis peu la forme d'une théorie du grand remplacement. On verra ici que de théorie il n'y en a guère ni de grand remplacement d'ailleurs. Mais une fable efficace fausse l'image travaillant la peur et dont il faut comprendre la cause. À l'approche de la leçon présidentielle ce fatras idéologique sert de justification d'inquiétantes menaces politiques : remigration, dénaturalisation, musellement des migrants, interdiction de prénoms non catholiques, suppression des corps intermédiaires, accusés d'encourager ce prétendu remplacement. On montrera ici point par point, thème par thème, que tout cela constitue un dangereux mensonge qui masque et déforme les problèmes parfois graves posés par l'immigration au détriment de réponses sérieuses. Faits et données l'appuieront, on verra ainsi que l'immigration et l'étranger occupent en France une place plus modeste que dans la plupart des pays occidentaux. H. L. B. Dans cet essai insouciant l'auteur analyse, raconte, compare. Restez libre, ne vous laissez pas manipuler par les semeurs de haine, lisez ces pages. *The French Polity* William Safran, 2015-10-05 Focusing on the interplay between individual and institutions, *The French Polity* is the most current and comprehensive text for introducing students to the changing and enduring characteristics of the French political scene. It combines historical perspective and contextual information on French society to clearly explain the evolution and health of this country's political institutions, process and culture. Throughout, William Safran, a leading area studies expert, goes beyond description to offer original analyses of French politics. *Les trois France* Hervé Le Bras, 1986 Pourquoi les paysans du Limousin votent-ils plutôt communiste et les ouvriers alsaciens plutôt droite? Pourquoi les Français diffèrent-ils si profondément dans leurs attitudes à l'égard des immigrants, de la religion, du mariage, du suicide, de la mort et des naissances? Pour répondre à ces questions, l'auteur met en œuvre les acquis les plus récents de la sociologie politique, de l'analyse démographique et de l'histoire. Restituant l'actualité, sonpaisseur et son sens, il dévoile sous le mythe d'une nation unie et indivisible le visage caché d'une France plurielle et indite. Le pays de Cadet Rousselle.
