## Paris Fiesta Moveable Feast Spanish:

**Hemingway & Franco** Douglas Edward Laprade, 2011-11-28 Este volumen es un análisis fundamental para entender los lazos del escritor norteamericano con la España republicana y su posterior acogida durante los años de posguerra por parte del gobierno del general Franco. Los primeros tres capítulos examinan las alusiones literarias e históricas de algunas de sus obras en referencia a España su relación política y literaria con Rafael Alberti y la recepción del escritor a la luz de su ideología. Los últimos cinco capítulos ofrecen y explican los documentos españoles depositados en el Archivo General de la Administración en Alcalá de Henares que testimonian cómo el gobierno franquista siempre consideró a Hemingway un escritor comunista y por tanto peligroso y objeto de censura.

**A Diffuse Murmur of History** Fiona Schouten, 2010 After decades of uncomfortable silence Spain has now started dealing with its violent twentieth century past. In recent years a vibrant memory discourse has emerged in Spanish society: the number of films, TV series, newspaper articles, history books and memorials dedicated to the Civil War of 1936-1939 and the ensuing dictatorship of Franco has increased dramatically. Literature has also played its part in provoking and maintaining this memory boom and as a consequence the study of contemporary Spanish novels has started revolving around questions on the responsibility of the author on the impact of literature in society on its role in shaping memories and on its ethical status. This book takes up these questions in an attempt to combine the outlook of collective memory studies with the theoretical demands of Poststructuralist theories. Focusing on themes such as haunting and the uncanny nostalgia, the Bildungsroman genre and autobiography, its author analyses memory narratives in fourteen novels by foremost Spanish authors like Javier Marías, Luis Goytisolo, Enrique Vila Matas and Manuel Vicent. **Writing Paris** Marcy E. Schwartz, 1999-01-01 Explores Paris as a desired and imagined place in Latin American postcolonial identity, uncovering the city's class, gender, political and aesthetic resonances for Latin America.

**To Have and Have Another** Philip Greene, 2012 Features recipes for Hemingway's favorite cocktails and looks at how they made their way into his works while offering anecdotes about the celebrated author's drinking habits and frequent haunts.

**Aesthetic Transgressions** Thomas Claviez, Ulla Haselstein, Sieglinde Lemke, 2006 The debate over the function of aesthetics can be traced back to the New Criticism and its aftermath. After its theoretical axioms and criteria of judgement had been debunked as ideologically charged, two factions emerged. A number of critics defended the value of aesthetic complexity, i.e. of ambiguity, irony and negativity and refused to accept the arguments of ideology critique attacking the concept of aesthetic autonomy. Revisionist critics, however, tended to marginalize aesthetic categories or rather they described the respective textual features as complicity with the social status quo and concentrated on art previously omitted from critical study because of its political or social agenda. Today the

dialogue between the two increasingly exhausts itself in mutual accusations of ideological partisanship The essays collected in this volume dress this rift by re-introducing the notion of aesthetic which has tended to be obliterated from critically discourse in American literature They draw attention to the fact that the literary imagination represents a specific social field of meaning production and calls for a specific attitude of the reader towards language as a means of reality production In their close readings the authors analyze the actual strategies of the cultural political work of literature Consequently their analyses highlight both the critical evaluations concerning the political implications of literary form and the different historical functions a text can fulfill at the time of its publication and later on

traumatized the novelist that his fiction was to a great degree unwitting self psychoanalysis Young's book on Hemingway was the first of its kind but Young was more than a one author critic as his essays demonstrate in the third section exploring such diverse topics as Hawthorne's secret love the Lost Generation that was never lost F Scott Fitzgerald's debt to T S Eliot and the relationship between American fiction and American life What Hemingway once said about himself can be equally applied to Young I am a very serious but not a solemn writer The reader comes away from these essays dazzled by the power of Young's observations and the grace with which he expresses them
