## **Parting The Desert The Creation Of The Suez Canal:**

Parting the Desert Zachary Karabell, 2009-08-26 Award winning historian Zachary Karabell tells the epic story of the greatest engineering feat of the nineteenth century the building of the Suez Canal and shows how it changed the world The dream was a waterway that would unite the East and the West and the ambitious energetic French diplomat and entrepreneur Ferdinand de Lesseps was the mastermind behind the project Lesseps saw the project through fifteen years of financial challenges technical obstacles and political intrigues He convinced ordinary French citizens to invest their money and he won the backing of Napoleon III and of Egypt's prince Muhammad Said But the triumph was far from perfect the construction relied heavily on forced labor and technical and diplomatic obstacles constantly threatened completion The inauguration in 1869 captured the imagination of the world The Suez Canal was heralded as a symbol of progress that would unite nations but its legacy is mixed *Parting the Desert* is both a transporting narrative and a meditation on the origins of the modern Middle East

*Parting the Desert* Zachary Karabell, 2003 The building of the Suez Canal was considered the greatest engineering feat of the 19th century but as Zachary Karabell shows in this book there was much more to it than just a marvel of construction In addition *Parting the Desert* describes an extraordinary meeting between East and West

**The Oxford Handbook of Modern Egyptian History** Beth Baron, Jeffrey Culang, 2024 Until relatively recently scholars of Egyptian history understood the modern period to begin with the movement of European people and ideas to Egypt's northern shores precipitated by Napoleon's invasion in 1798 From this perspective modern Egyptian history was animated by the diverse and sometimes contradictory ways in which Egyptians responded over time to colonial power and modern forms of knowledge This handbook featuring 26 originally commissioned essays by top scholars in the field adds to a growing literature that complicates the facile colonizer colonized and modern tradition binaries undergirding this view Modern Egyptian history is a continuous process of translation and adaptation invention and reinvention Bringing together a dynamic and accomplished group of historians of Egypt the book maps the present state of modern Egyptian history highlighting the most promising avenues of research and laying new ground upon which future generations of scholars may build The contributors address both long persisting themes in the field though in new ways as well as new themes reshaping how we understand modern Egyptian history and thus Middle Eastern and global history These include environment family infrastructure intellectuals labor law literature medicine politics popular culture and slavery Within these categories they explore issues of gender race and class The questions these scholars consider reflect pressing contemporary concerns and debates including medical sovereignty and bodily autonomy the management of the environment the rights and movements of workers courts and legal struggles cultural expression production and reception and the relationship between the army state and society

**Capital and Colonialism** Klas Rönnbäck, Oskar Broberg, 2019-07-11 This book engages in the long standing debate on the relationship between capitalism and colonialism Specifically Rönnbäck and Broberg study the interaction between imperialist policies colonial institutions and financial markets Their primary method of analysis is examining micro and macro level data relating to a large sample of ventures operating in Africa and traded on the London Stock Exchange between 1869 and 1969 Their

study shows that the relationship between capital and colonialism was highly complex While return from investing in African colonies on average was not extraordinary there were certainly many occasions when investors enjoyed high return due to various forms of exploitation While there were actors with rational calculations and deliberate strategies there was also an important element of chance in determining the return on investment not least in the mining sector which overall was the most important business for investment in African ventures during this period This book finally also demonstrates that the different paths of decolonization in Africa had very diverse effects for investors

### **To Rule the Waves Bruce**

Jones,2022-11-22 From a brilliant Brookings Institution expert an important The Wall Street Journal and penetrating historical and political study Nature of the critical role that oceans play in the daily struggle for global power in the bestselling tradition of Robert Kaplan s The Revenge of Geography For centuries oceans were the chessboard on which empires battled for supremacy But in the nuclear age air power and missile systems dominated our worries about security and for the United States the economy was largely driven by domestic production with trucking and railways that crisscrossed the continent serving as the primary modes of commercial transit All that has changed as nine tenths of global commerce and the bulk of energy trade is today linked to sea based flows A brightly painted forty foot steel shipping container loaded in Asia with twenty tons of goods may arrive literally anywhere else in the world how that really happens and who actually profits from it show that the struggle for power on the seas is a critical issue today Now in vivid closely observed prose Bruce D Jones conducts us on a fascinating voyage through the great modern ports and naval bases from the vast container ports of Hong Kong and Shanghai to the vital naval base of the American Seventh Fleet in Hawaii to the sophisticated security arrangements in the Port of New York Along the way the book illustrates how global commerce works that we are amidst a global naval arms race and why the oceans are so crucial to America s standing going forward As Jones reveals the three great geopolitical struggles of our time for military power for economic dominance and over our changing climate are playing out atop within and below the world s oceans The essential question he shows is this who will rule the waves and set the terms of the world to come

Shanghaiing Sailors Mark Strecker,2014-05-19 Shanghaiing or forcing a

man to join the crew of a merchant ship against his will plagued seafarers the world over between 1849 and 1915 Perpetrators were known as crimps and they had no respect for a man s education social status race religion or seafaring experience The merchant ships were involved in the opium tea and gold trades and the practice was spurred by the opening of the Suez Canal A major reason for it was a shortage of sailors and the unwillingness of seamen to sail on certain types of ships They suffered from great deprivations all for a paltry sum usually squandered during shore leave Navies and pirates had their own form of shanghaiing called impressment This work explores the rich history of shanghaiing and impressment with a focus on victims and also considers the 19th century seafarer and the circumstances that made shanghaiing so lucrative
