

Principles of Motivational Interviewing

PRINCIPLE 1: Show Acceptance

What it is: Believing in the overall worth and potential of every person

What it isn't: Judgement

PRINCIPLE 2: Express Empathy

What it is: Understanding the family's unique perspectives, feelings, and values

What it isn't: Telling, agreement or approval

PRINCIPLE 3: Roll with the Differences

What it is: Accepting different viewpoints

What it isn't: Confrontational or argumentative

PRINCIPLE 4: Support Self-Efficacy

What it is: Believing in the person's ability to change

What it isn't: Undermining or focusing on failures

Stages of Change

Motivational Interviewing And Stages Of Change Motivational Interviewing And Stages Of Change:

Motivational Interviewing and Stages of Change Kathyleen M. Tomlin, Helen Richardson, 2005-04-28 Motivational Interviewing and Stages of Change without CE Hours Test **Foundations of Counseling and Psychotherapy** David Sue, Diane M. Sue, 2007-11-27 Foundations of Counseling and Psychotherapy provides an overview of the most prevalent theories of counseling within the context of a scientific model that is both practical and up to date Authors David Sue and Diane Sue provide you with the best practice strategies for working effectively with your clients using an approach that recognizes and utilizes each client's unique strengths values belief systems and environment to effect positive change Numerous case studies self assessment and critical thinking examples are included **Management of the Addicted Patient in Primary Care** Heidi A. Pomm, Raymond M. Pomm, 2008-08-26 This book enables the physician to exhibit greater knowledge of all aspects of substance addiction and equips the reader to better manage these types of patients in the office setting The introductory section gives background and rationale for acquiring the requisite knowledge and skills The majority of the book focuses on providing insight and developing practical skills that can be readily implemented in an office based setting It contains case presentations and provides a crucial understanding of why and when to refer The final portion of the book offers clinical pearls that further aid the reader in treating this difficult patient population *Motivational Interviewing with Offenders* Jill D. Stinson, Michael D. Clark, 2017-05-11 From experts on working with court mandated populations this book shows how motivational interviewing MI can help offenders move beyond resistance or superficial compliance and achieve meaningful behavior change Using this evidence based approach promotes successful rehabilitation and reentry by drawing on clients values goals and strengths not simply telling them what to do The authors clearly describe the core techniques of MI and bring them to life with examples and sample dialogues from a range of criminal justice and forensic settings Of crucial importance the book addresses MI implementation in real world offender service systems including practical strategies for overcoming obstacles This book is in the Applications of Motivational Interviewing series edited by Stephen Rollnick William R Miller and Theresa B Moyers *The Stages of Change Workbook* James E. Phelan, 2014-01 Change is a process that unfolds over time through a sequence of fluid opportunities and challenges These practical exercises are geared toward each stage of change highly influenced by the Transtheoretical Model of Change and Motivational Interviewing MI Each stage in this workbook offers unique opportunities for change The workbook can be helpful to anyone undecided about change thinking about change ready for change just wanting to stay focused or increase awareness The exercises can be applied to help in the recovery process of addictions or practically any other life struggles *An Introduction To Applying Social Work Theories And Methods* Teater, Barbra, 2014-03-01 A student friendly introduction to social work theories and methods drawing on current social work research *Social Workers' Desk Reference*, 2015-04-20 People all over the world are confronted by issues such as poverty a lack of access to quality

education unaffordable and or inadequate housing and a lack of needed health and mental services on a daily basis Due to these issues there is a need for social workers who have access to relevant and timely scholarly materials in order to meet the needs of those facing these issues The social psychological and biological factors resulting from these issues determine the level of a person s mental health at any given point in time and it is necessary for social workers to continue to evolve and develop to the new faces and challenges of the times in order to adequately understand the effects of these issues In the first and second editions of the Social Workers Desk Reference the changes that were occurring in social work practice education and research were highlighted and focused upon This third edition continues in the same tradition and continues to respond to the changes occurring in society and how they are impacting the education research and practice of social work as a whole With 159 chapters collaboratively written by luminaries in the profession this third edition serves as a comprehensive guide to social work practice by providing the most recent conceptual knowledge and empirical evidence to aid in the understanding of the rapidly changing field of social work Each chapter is short and contains practical information in addition to websites and updated references Social work practitioners educators students and other allied professionals can utilize the Social Workers Desk Reference to gain interdisciplinary and interprofessional education practice and research

Motivational Interviewing in the Treatment of Psychological Problems, Second Edition Hal Arkowitz, William R. Miller, Stephen Rollnick, 2017-01-03 This authoritative guide now significantly revised and expanded has given tens of thousands of clinicians proven tools for helping clients resolve ambivalence and mobilize their energy commitment and personal resources for change Leading experts describe ways to combine motivational interviewing MI with other treatments for a wide range of psychological problems including depression anxiety disorders eating disorders posttraumatic stress disorder and others Chapters illustrate the nuts and bolts of intervention using vivid clinical examples and review the empirical evidence base Contributors show how to tailor MI to each population s needs whether used as a pretreatment or throughout the course of therapy This book is in the Applications of Motivational Interviewing series edited by Stephen Rollnick William R Miller and Theresa B Moyers New to This Edition Many new authors Extensively revised with the latest theory practices and research Chapters on domestic violence addictions and smoking cessation with adolescents Chapter on transdiagnostic treatment

An Introduction to Applying Social Work Theories and Methods 3e Barbra Teater, 2019-12-02 The text is a comprehensive guide to the most commonly used theories and methods in social work practice The introductory chapter covers the similarities and differences between a theory and a method as well as psychosocial theories and concepts Each subsequent chapter then explores in detail how to implement theories and methods their strengths and limitations alongside case examples critical thinking questions and suggested further resources Key features Illustrative case studies Exercises Case examples Critical thinking questions Further readings resources Revised content including the addition of genograms and ecomaps This is a practical and essential guide for all social work students

practitioners and practice educators who are working with students in field placements The book is an updated third edition to a successful and established series The clarity with which Teater describes complex concepts for social workers is refreshing This book will help promote understanding and best practice whilst being firmly grounded in key theories It is a must have for all social workers wherever they practise Dr Jonathan Parker Professor of Society Social Welfare Bournemouth University UK This latest edition of Theories and Methods is as solid as its predecessors academically with a clear and easy to follow structure that makes it accessible in a way many such books are not I have used previous editions in many situations settings and levels and endorse this latest as a must have for anyone involved with social work Explanation is clear and the use of tables diagrams and cases bring the theory alive and enable users to realistically transfer theory to practice The use of exercise and questions provide a springboard to deeper learning as do the handy references and pointers to further reading at the end of each chapter Inclusion of sections such as the cultural and ethical considerations lend themselves to self analysis exploration and ultimately self development A dream of a book to work with as an academic tutor practice educator and trainer as well as student Michele Winter Independent Social Worker Teacher Trainer Social Care Training I can wholeheartedly recommend this revised and updated edition of Barbra Teater s highly successful book It remains essential reading for practitioners undergraduate and postgraduate students of social work The book provides a compelling and easily accessible analysis of key theories and methods It challenges both students and practitioners to consider and reconsider how they can apply theories and methods to practice more effectively Prof Hugh McLaughlin Manchester Metropolitan University UK What a great book Barbra Teater and colleagues have managed to bring together a wealth of learning about different theories and methods of social work intervention in a clearly written and accessible format Each chapter is focused on the application of theory to practice and as such helps to act as a bridge from the classroom to direct work with individuals families and groups This new and updated edition is very likely to be one of those books that students have by their side throughout their studies and bring with them into professional practice after graduation Dr John Devaney Centenary Professor of Social Work University of Edinburgh UK

Motivational Interviewing in Diabetes Care
Marc P. Steinberg, William R. Miller, 2015-08-11 People with diabetes often struggle to make healthy choices and stay on top of managing their illness Filling a vital need this is the first book to focus on the use of motivational interviewing MI in diabetes care The uniquely qualified authors physician Marc P Steinberg has devoted much of his career to diabetes care and renowned clinical psychologist William R Miller is the codeveloper of MI present proven counseling techniques that can make any conversation with a patient more efficacious and motivating Numerous sample dialogues illustrate specific ways to elicit patients strengths and help them overcome barriers to change in such areas as eating habits physical activity medication use insulin treatment substance abuse psychological issues and more This book is in the Applications of Motivational Interviewing series edited by Stephen Rollnick William R Miller and Theresa B Moyers Winner First Place American Journal

of Nursing Book of the Year Award Adult Primary Care Category Psychiatric Interviewing E-Book Shawn Christopher Shea, 2016-09-19 With time at a premium today's clinicians must rapidly engage their patients while gathering an imposingly large amount of critical information. These clinicians appropriately worry that the person beneath the diagnoses will be lost in the shuffle of time constraints, data gathering, and the creation of the electronic health record. *Psychiatric Interviewing: The Art of Understanding: A Practical Guide for Psychiatrists, Psychologists, Counselors, Social Workers, Nurses, and other Mental Health Professionals*, 3rd Edition, tackles these problems head-on, providing flexible and practical solutions for gathering critical information while always attending to the concerns and unique needs of the patient. Within the text, Dr. Shea deftly integrates interviewing techniques from a variety of professional disciplines, from psychiatry to clinical psychology, social work, and counseling, providing a broad scope of theoretical foundation. Written in the same refreshing informal writing style that made the first two editions best sellers, the text provides a compelling introduction to all of the core interviewing skills, from conveying empathy effectively, utilizing open-ended questions, and forging a powerful therapeutic alliance, to sensitively structuring the interview while understanding nonverbal communication at a sophisticated level. Updated to the DSM-5, the text also illustrates how to arrive at a differential diagnosis in a humanistic, caring fashion, with the patient treated as a person, not just another case. Whether the reader is a psychiatric resident or a graduate student in clinical psychology, social work, counseling, or psychiatric nursing, the updated third edition is designed to prepare the trainee to function effectively in the hectic worlds of community mental health centers, inpatient units, emergency rooms, and university counseling centers. To do so, the pages are filled with sample questions and examples of interviewing dialogue that bring to life methods for sensitively exploring difficult topics such as domestic violence, drug abuse, incest, antisocial behavior, and taking a sexual history, as well as performing complex processes such as the mental status. The expanded chapter on suicide assessment includes an introduction to the internationally acclaimed interviewing strategy for uncovering suicidal ideation, the Chronological Assessment of Suicide Events (CASE) Approach. Dr. Shea, the creator of the CASE Approach, then illustrates its techniques in a compelling video demonstrating its effective use in an interview involving a complex presentation of suicidal planning and intent. A key aspect of this text is its unique appeal to both novice and experienced clinicians. It is designed to grow with the reader as they progress through their graduate training while providing a reference that the reader will pull off the shelf many times in their subsequent career as a mental health professional. Perhaps the most unique aspect in this regard is the addition of five complete chapters on Advanced and Specialized Interviewing, which comprise Part IV of the book, which appear as bonus chapters in the accompanying e-book without any additional cost to the reader. With over 310 pages, this web-based bonus section provides the reader with essentially two books for the price of one, acquiring not only the expanded core textbook but a set of independent monographs on specialized skill sets that the reader and/or faculty can add to their curriculum as they deem fit.

Motivational Interviewing in the Treatment of Psychological Problems ,

Applying Theory to Generalist Social Work Practice Carol L. Langer, Cynthia Lietz, 2014-11-25 The social worker's guide to integrating theory and practice Applying Theory to Generalist Social Work Practice teaches aspiring social workers how to apply theory in real world practice Fully aligned with the Council on Social Work Education's 2015 Educational Policy and Accreditation Standards the book links theory to practice with clear concise instruction including a discussion of evidence based practice Twelve commonly used theories are thoroughly explained with discussion of the strengths and limitations of each and applied to real work with individuals groups families communities and organizations The book includes case studies and first person contributions from practicing social workers to illustrate the real world scenarios in which different concepts apply Critical thinking questions help students strengthen their understanding of the ideas presented Tools including a test bank PowerPoint slides and an instructor's manual are available to facilitate classroom use providing a single volume guide to the entire helping process from engagement to termination Practice is a core foundational course for future social workers but many practice texts focus on skills while neglecting the theoretical basis for social work Applying Theory to Generalist Social Work Practice fills that gap by covering both skills and theory in a single text Examines the applications of prevailing social theories Covers the most common theories used in micro mezzo and macro practice Helps readers understand well established approaches like strengths perspective humanistic and client centered task centered and solution focused brief therapy Shows how to apply major theories including ecological system cognitive behavioral conflict empowerment narrative crisis critical and feminist An effective social worker recognizes the link between theory and practice and how the two inform each other to culminate in the most effective intervention and most positive outcome for the client Applying Theory to Generalist Social Work Practice provides students with a roadmap to the full integration of philosophy and application in social work

Treating Traumatic Stress and Substance Misuse , Psychiatric Care in Severe Obesity Sanjeev Sockalingam, Raed Hawa, 2016-12-16 This book is designed to present a comprehensive state of the art approach to assessing and managing bariatric surgery and psychosocial care Unlike any other text this book focuses on developing a biopsychosocial understanding of patients obesity journey and psychosocial factors contributing to their obesity and its management from an integrated perspective Psychiatric Care in Severe Obesity takes a 360 approach by covering the disease's prevalence and relationship to psychiatric illness and social factors including genetics neurohormonal pathways and development factors for obesity This book presents evidence and strategies for assessing psychiatric issues in severe obesity and uses common psychiatric presentations to feature the impact on bariatric surgery and key assessment features for weight loss Concluding chapters focus on evidence based psychosocial treatments for supporting patients with weight loss and bariatric surgery and includes educational tools and checklists for assessment treatment and care Experts on non pharmacological interventions such as mindfulness cognitive behavioral therapy and nutrition education describe treatment approaches in each modality concluding with pharmacological approaches for psychiatric conditions and eating pathology

Additional tools in the appendices support clinicians making this the ultimate guide for managing psychiatric illness in patients suffering from severe obesity As obesity continues to grow in prevalence as a medically recognized epidemic *Psychiatric Care in Severe Obesity* serves a vital resource to medical students psychiatrists psychologists bariatric surgeons primary care physicians dietitians mental health nurses social workers and all medical professionals working with severely obese patients

The SAGE Encyclopedia of Abnormal and Clinical Psychology Amy Wenzel, 2017-03-16 Abnormal and clinical psychology courses are offered in psychology programs at universities worldwide but the most recent major encyclopedia on the topic was published many years ago Although general psychology handbooks and encyclopedias include essays on abnormal and clinical psychology such works do not provide students with an accessible reference for understanding the full scope of the field *The SAGE Encyclopedia of Abnormal and Clinical Psychology* a 7 volume A Z work print and electronic formats is such an authoritative work Its more than 1 400 entries provide information on fundamental approaches and theories various mental health disorders assessment tools and psychotherapeutic interventions and the social legal and cultural frameworks that have contributed to debates in abnormal and clinical psychology Key features include 1 400 signed articles contained in 7 volumes and available in choice of print and or electronic formats Although organized A to Z front matter includes a Reader's Guide grouping related entries thematically Back matter includes a Chronology Resource Guide Bibliography and detailed Index Entries conclude with References Further Readings and Cross References to related entries The Index Reader's Guide themes and Cross References between and among entries all combine to provide robust search and browse features in the electronic version

Social Psychology of Health Peter Salovey, Alexander J. Rothman, 2003 This volume describes classic and contemporary theory and research in social psychology that sheds light on how people think about health and illness as well as their willingness to engage in health relevant behaviors The Editors have selected papers that serve to illustrate the reciprocal relation between advances in theory and advances in practice The first two sections of the volume examine people's mental representations of health and health practices and how these personal construals and implicit theories are linked to behavior People can react to new health information in different ways with acceptance defensiveness or downright ignorance Research that can help us to understand these varied reactions is examined in Section 3 The following sections consider how classic social psychological theories and perspectives can be used to understand behavior relevant to health and illness These include social influence social comparison pluralistic ignorance social support cognitive dissonance message framing and attribution theory Finally several articles consider links between personality characteristics and health such as those between hostility and heart disease and confiding traumatic experiences and immune function The volume also contains an introductory chapter by the editors which provides a discussion of why social and personality psychologists should be interested in health and illness Together with overviews for each section discussion questions and suggestions for further reading the volume is an ideal text

for advanced undergraduate and graduate courses on health psychology The volume is also appropriate for courses in related disciplines such as public health nursing health education health communication and other allied health sciences Therapy in the Real World Nancy Boyd-Franklin,Elizabeth N. Cleek,Matt Wofsy,Brian Mundy,2015-12-18 Helping beginning and experienced therapists cope with the myriad challenges of working in agencies clinics hospitals and private practice this book distills the leading theories and best practices in the field The authors provide a clear approach to engaging diverse clients and building rapport interweaving evidence based techniques to meet therapeutic goals and intervening effectively with individuals families groups and larger systems Practitioners will find tools for addressing the needs of their clients while caring for themselves and avoiding burnout students will find a clear headed framework for making use of the variety of approaches available in mental health practice **Making Mandated Addiction Treatment Work** Barbara C.

Wallace,2019-04-15 The second edition of Making Mandated Addiction Treatment Work integrates cutting edge research with evidence based addiction treatments to create a unified and effective treatment model for mental health professionals and those in training Because the largest and fastest growing segment of the community based addiction treatment population includes those who are mandated Barbara C Wallace provides insightful best practices for tailoring addiction treatment to diverse and challenging clients including those who may have a history of trauma or mental disorders different levels of motivation and a high risk of relapse Applicable in a variety of treatment settings in both urban and rural communities this text weaves together new research and vivid case studies into a concise and practical resource This book is ideal for practitioners and students of public health criminal justice and social welfare services **The Nurse**
