Motorola, Inc. 10/10

BEFORE YOU BEGIN

Always use the proper cord for the headset and use the correct connection to ensure the best connection.

Take a moment before you get started to familiarize yourself with your new H800 headset.

③ PAIR CONTINUED Your Phone

Step 3 - SET YOUR PHONE TO LOOK FOR YOUR HEADSET

For most Motorola phones:

- 1 On your Motorola phone, press **[Menu]** - **Settings** - **Connectivity** - **Bluetooth** - **Search for devices**.

The phone lists Bluetooth devices it finds.

- 2 Select **Motorola H800**.
- 3 Select **OK** or **Yes** to pair your headset with your phone.
- 4 Enter the pairing key **0000**.
- 5 Select **OK**.

When your headset successfully pairs with your phone, the indicator light flashes green and blue.

Note: These steps are for most Motorola phones. For other phones, see your phone's user's guide.

① CHARGE Your Headset's Battery

- 1 Open charger port cover and plug the Motorola charger into the charging port on the headset.

Now the headset has enough USB charge to fully charge your USB charger. After the headset has USB charge, then charge the headset.

With USB USB Charger With USB USB Charger and USB USB Charger

The indicator light turns red when the battery is charging. It may take up to 1 minute for the indicator light to turn on. When the headset's battery is 50% charged, the indicator light turns yellow. When charging is complete (about 2 hours), the indicator light turns green.

- 2 Disconnect charger and close charger port cover.

Note: Headset is not functional until charging.

④ TEST AND USE

Your phone and headset are now paired and ready to make and receive calls. To make a call:

- 1 Place the headset over your ear.
- 2 On the phone, dial the number you want to call and press **[SEND]** key on your phone.
- 3 If your phone and headset are successfully paired, you will hear ringing on the headset.

After you have successfully paired your phone and headset, you don't need to repeat these steps. For daily use, ensure that your headset is turned ON and that your phone's Bluetooth feature is ON.

To save battery power, turn OFF the headset when you don't use it for an extended time by closing the slider.

② START BLUETOOTH FEATURE

Your Phone

Your phone's Bluetooth feature is off by default. To use your headset, you must turn on the Bluetooth feature in your phone.

For most Motorola phones (at the main menu):

- 1 Press **[Menu]** - **Settings** - **Connectivity** - **Bluetooth** - **On**.
- 2 Select **Power**.
- 3 Select **Change**.
- 4 Select **On**.
- 5 Press **Select** to turn on the Bluetooth feature. The Bluetooth feature remains on until you turn the feature off.

Note: These steps are for most Motorola phones. For other phones, see your phone's user's guide.

③ PAIR Your Headset

Before you can use your headset, you must pair it with your phone.

Step 1 - ENSURE HEADSET IS IN PAIRING MODE

Power on headset by pressing the Call button to initiate auto pairing. After a few moments, the indicator light will be steadily lit in blue to indicate headset is in pairing mode.

If the headset does not enter pairing mode, see **TROUBLESHOOTING** for help.

USING YOUR H800

See
**Features and
Functions Guide**
on the reverse side
for information on
using your H800.

TROUBLESHOOTING

My headset will not enter pairing mode.

Make sure that any devices previously paired with the headset are turned off. If the indicator light is flashing in blue, first turn off the other devices, then turn your headset off and on. The indicator light becomes steadily lit in blue indicating the headset is now in pairing mode.

My phone doesn't find my headset.

Make sure the indicator light on your headset is on (lit in blue) and steady when your phone is searching for devices (see step 3).

My headset worked before but now it's not working.

Make sure your phone is on and the Bluetooth feature is turned on in your phone (see step 2). If the Bluetooth feature was turned off or was turned on only temporarily, you may need to restart the Bluetooth feature (see step 2) and pair your phone and headset again (see step 3).

Support
