Success metrics in business are based on business goals where fame does not always equate to fortune. Read this book to determine why striving for more Twitter followers or Facebook friends than the competition is a failing strategy. How to leverage the time and effort you invest in social media. How to convince those who are afraid of new things that social media is a valuable business tool and not just a toy for the overly wired. Knowing what works and what doesn't is terrific but only in a constant and unchanging world. *Social Media Metrics* is loaded with specific examples of specific metrics you can use to guide your social media marketing efforts as new means of communication. *OS X Mountain Lion: The Missing Manual* David Pogue, 2012-08-10 With Mountain Lion Apple has unleashed the most innovative version of Mac OS X yet.
