### **Setting Up Voice Mail**

Please refer to the Welcome Guide, which you received with your phone, for full instructions on how to set up your voice mail service. For the Motorola RAZR V3, be sure to follow the "Next Generation" phone instructions and use 1111 as your temporary voice mail password.

### **Using Text Messaging**

Text messaging is already active on your phone, and any messages you receive are FREE. This means you're able to receive text messages from other wireless callers as well as info alerts for free from sites such as CNN.com, and the Weather Channel. PC users can also send emails (150 character maximum) to your phone using your 10-digit telephone number@gocbw.com as the email address. To illustrate, the format of your address looks something like this: 5135551212@gocbw.com.

To respond to text messages, it's just a dime per message that you send, or you can get a money-saving text messaging plan if you become a frequent user. To switch to a text messaging plan at any time, simply call #TXT from your wireless phone and add the service using our automated ordering line.

**Note:** If you're sending a message to a stored contact, the wireless number must contain 10 digits for the message to be sent successfully.

### **Cincinnati Bell Wireless Internet Services**

If you subscribe to one of our Wireless Internet plans, there are a lot of added benefits you receive including a free Fuse email box, the ability to personalize your service and better rates on downloads and data usage beyond your selected plan. If you choose not to subscribe, you can still try Wireless Internet and pay-as-you-go using our more limited service.

All the applications within this section require that you be connected to Cincinnati Bell Wireless Internet Service. To connect to CBW Internet Services, simply select **Menu > WebAccess > Browser** to access a menu of CBW Internet services.
