Modern Parents Vintage Values Instilling Character In Todays Kids:

Modern Parents, Vintage Values, Revised and Updated Sissy Goff, Melissa Trevathan, 2020-06-09 Why is anxiety so rampant among kids today What s the magic age for giving my child his first cell phone Her first social media account How do I teach my teenager things like gratitude and respect in such an entitled and disrespectful world Melissa Trevathan and Sissy Goff hear these types of questions on a daily basis in their counseling offices and at parenting events across the country Today more than ever before we live in a culture that is at war against our parenting And today more than ever before we re meeting parents who feel lost as to how to help This book does just that It addresses the issues we hear parents struggling with the most when it comes to raising their children technology disrespect entitlement substance abuse anxiety depression etc but it doesn t stop there Melissa and Sissy move through those modern day troubles to get back to the vintage values we all deeply value in the lives of kids They help you discover whether your child is a toddler or a teenager what it looks like to cultivate kindness gratitude integrity responsibility and more in the lives of the kids you love Modern Parents Vintage Values offers you a roadmap a way through the hurdles you are facing today in your parenting helping you discover more of how to instill those true foundational vintage values that will make a lasting difference in the lives of your kids values that are built upon an unshakeable foundation of faith and hope And that s ultimately where this map will lead to Christ and to what it looks like for both you and your kids to have hope in Him in these changing times [Polling Students for School](#)

[Improvement and Reform](#) Paris S. Strom, Robert D. Strom, 2015-11-01 People generally acknowledge the superiority of adolescents in using technology tools needed for learning in the future The purpose of this book is to describe an online polling strategy that allows adolescents to make known how they view conditions of learning at their school A school improvement model illustrates how to combine results of student polling with stakeholders perceptions in the scheme of school reform Student polling differs from other strategies because the target for gathering data is a single school This deliberately narrow base for sampling student opinion ensures poll results have local relevance that can motivate stakeholder involvement and guide their response Over 14 000 secondary students have completed polls examined in the text These ten polls include career exploration time management selective attention and distraction motivation for Internet learning tutoring peer support cheating frustration cyberbullying and school stress Students are the stakeholders with the most to gain or lose in efforts to keep American education competitive Accordingly their views should be sought as part of decision making about reform When student opinion and adult observation are considered an intergenerational perspective can emerge that more accurately portrays institutional strengths and limitations School principals superintendents and state department of education leaders are invited to consider a collaborative project with the authors Software offers administrators rapid feedback on whole school results Finding out how special education gifted and talented and second language acquisition students view their conditions of learning gives additional insight about school improvement 8 Keys

to *Old School Parenting for Modern-Day Families* Michael Mascolo, 2015-04-27 Raising secure and confident kids using best parenting practices from the past Does it ever seem to you like kids these days are in control of their parents Having a strong sense of yourself as a parent is key to raising a resilient independent thoughtful and solution focused child But over the last several generations parents have been immersed in the well intentioned idea that parenting should be child centered rather than adult centered Many parents have begun to follow their children's lead rather than insist that children adapt to parental prerogatives Parental authority has come to be seen as a bad thing The 8 keys presented in this book focus on valuing your own authority as a parent cultivating your child's character applying discipline instead of punishment strategies to motivate compliance fostering emotional development problem solving conflict management and effective communication They will help parents raise self directed children who are active learners feel good about themselves take initiative and have a strong moral compass
