issues that are both a cause and an effect of gang proliferation While other studies of street gangs have focused on relatively distant countries such as Colombia Argentina and Jamaica Sonja Wolf s research takes us to a country closer to the United States where forced deportation has brought with it US gang culture Charting the limited success of NGOs in influencing El Salvador s security policies the book brings to light key contextual aspects including myopic media coverage and the ironic populist support for ARENA despite the party s protection of the elite at the expense of the greater society **The**
