Modernen Versus Posmodernen:

From Modernism to Postmodernism Gerhard Hoffmann, 2005 Postmodern Studies American Literature 20th Century Cultural Theory and Aesthetics **The Post-Modern and the Post-Industrial** Margaret A. Rose, 1991-06-28 The first book to provide a critical survey of the many different uses made of the term post modern across a number of different disciplines

Memory and Identity in Modern and Postmodern American Literature Lovorka Gruic Grmusa, Biljana Oklopčić, 2022-09-16 This book discusses how American literary modernism and postmodernism interconnect memory and identity and if and how the intertwining of memory and identity has been related to the dominant socio cultural trends in the United States or the specific historical contexts in the world The book's opening chapter is the interrogation of the narrator's memories of Jay Gatsby and his life in F Scott Fitzgerald's *The Great Gatsby* The second chapter shows how in William Faulkner's *Light in August* memory impacts the search for identities in the storylines of the characters The third chapter discusses the correlation between memory self and culture in Tennessee Williams's *A Streetcar Named Desire* Discussing Robert Coover's *Gerald's Party* the fourth chapter reveals that memory and identity are contextualized and that cognitive processes including memory are grounded in the body's interaction with the environment featuring dehumanized characters whose identities appear as role plays The subsequent chapter is the analysis of how Jonathan Safran Foer's *Everything Is Illuminated* deals with the heritage of Holocaust memories and postmemories The last chapter focuses on Thomas Pynchon's *Against the Day* the reconstructive nature of memory and the politics and production of identity in Southeastern Europe Postmodern Moments in Modern Economics David F. Ruccio, Jack Amariglio, 2016-06-28 Of all the areas of contemporary thought economics seems the most resistant to the destabilizing effects of postmodernism Yet David Ruccio and Jack Amariglio argue that one can detect within the diverse schools of thought that comprise the discipline of economics moments that defy the modernist ideas to which many economists and methodologists remain wedded This is the first book to document the existence and to explore the implications of the postmodern moments in modern economics Ruccio and Amariglio begin with a powerful argument for the general relevance of postmodernism to contemporary economic thought They then conduct a series of case studies in six key areas of economics From the idea of the multiple self and notions of uncertainty and information through market anomalies and competing concepts of value to analytical distinctions based on gender and academic standing economics is revealed as defying the modernist frame of a singular science The authors conclude by showing how economic theory would change if the postmodern elements were allowed to flourish A work of daring analysis sure to be vigorously debated *Postmodern Moments in Modern Economics* is both accessible and relevant to all readers concerned about the modernist straightjacket that has been imposed on the way economics is thought about and practiced in the world today Max Weber and Postmodern Theory N. Gane, 2002-04-09 This book explores the contemporary nature of Max Weber's work by looking in detail at his key concepts of rationalization and disenchantment Thematic parallels are

drawn between Weber's rationalization thesis and the critiques of contemporary culture developed by Jean-François Lyotard, Michel Foucault, and Jean Baudrillard. It is suggested that these three postmodern thinkers develop and respond to Weber's analysis of modernity by pursuing radical strategies of affirmation and re-enchantment. Examining the work of these three key thinkers in this way casts new light both on postmodern theory and on Weber's sociology of rationalization.

Modern/Postmodern Silvio Gaggi, 2015-08-10 Silvio Gaggi's survey of the vast terrain of twentieth-century arts and ideas is unique not only for its scope but also for the clarity and cohesiveness it brings to wide-ranging seemingly disparate works. By identifying underlying epistemological, aesthetic, and ethical issues, Gaggi draws connections among such modern and postmodern masterpieces as Pirandello's and Brecht's theater, Fowles's and Barth's fiction, Warhol's paintings, Godard's and Bergman's films, and Derrida's literary theory. *Modern/Postmodern* begins with a discussion of the profound skepticism about traditional beliefs and about our ability to know the self that lies at the heart of both modernism and postmodernism. Gaggi identifies the modernist response to this doubt as the rejection of mimesis in favor of a purely formalistic or expressionistic art. The postmodern response, on the other hand, is above all to create art that is self-referential, concerned with art itself, the history of art, or its processes. Drawing from the work of Pirandello and Brecht, paradigms that can be applied to many different art works, Gaggi emphasizes how these works from diverse media relate to one another and what their relationships are to the contemporary artistic and philosophical climate. He concentrates on the works themselves but examines theory as a parallel manifestation of the same obsessions that inform recent literature and art. Gaggi asks, finally, if self-referential art can also be politically and ethically engaged with the reality outside it. He concludes that the postmodern obsession with language, narrativity, and artifice is not necessarily a decadent indulgence but is at its best an honest inquiry into the problems, questions, and paradoxes of language. *Modern/Postmodern* is a lively approach to postmodern art that will interest all students and scholars of contemporary art and literature.

Modernism/Postmodernism Peter Brooker, 2014-09-25 The concepts of Modernism and Postmodernism constitute the single most dominant issue of twentieth-century literature and culture and are the cause of much debate. In this influential volume, Peter Brooker presents some of the key viewpoints from a variety of major critics and sets these additionally alongside challenging arguments from Third World, Black, and Feminist perspectives. His excellent Introduction and detailed headnotes for each section and essay provide an indispensable guide to interpreting the many different opinions and prove to be valuable contributions in their own right.

The Modern Construction and Postmodern Deconstruction of Self Kire Sharlamanov, Mia Kostovska, 2025-02-21 This book aims to explain the self as understood decades ago and its evolution in the time of postmodernism. Approaching it primarily from a sociological perspective while incorporating insights from psychology and philosophy, it portrays the modern self as a unitary, coherent, unified subject created in the time of modernity, which during postmodernism has evolved into a fluid, decentralized, and fragmented subject with increasingly independent multiple identities. The creation of the modern self has been

influenced by individualization rationalization and power Each factor is explored in a separate chapter detailing its impact on the development of the modern Cartesian self The authors draw on the theories of Goffman Bauman and Baudrillard to illustrate the changing nature of the self viewing it as a performer a fluid entity and a simulacrum While Goffman is not strictly a postmodern author his ideas foreshadow postmodernism particularly regarding the transformation of the self Bauman and Baudrillard as key figures in postmodern thought provide valuable insights into this transformation of the self in contemporary times The book uniquely connects two time periods in which the self evolves arguing that social factors influence its changing characteristics As these social factors shift over time so does the self Key aspects of the self and its evolution are examined through an original multidimensional approach that spans a longer time interval *From "Modern" to "Postmodern" Psychology: Is There a Way Past?* Barbara Hanfstingl,Timo Gnambs,Peter Adriaan Edelsbrunner,Jana Uher,Ulrich Dettweiler,2023-03-31 From Modernism to Postmodernism Gerhard Hoffmann,2016-08-01 This systemic study discusses in its historical cultural and aesthetic context the postmodern American novel between the years of 1960 and 1980 A general overview of the various definitions of postmodernism in philosophy cultural theory and aesthetics provides the framework for the inquiry into more specific problems such as the broadening of aesthetics the relationship between aesthetics and ethics the transformation of the artistic tradition the interdependence between modernism and postmodernism and the change in the aesthetics of fiction Other topics addressed here include situationalism montage the ordinary and the fantastic the subject and the character the imagination comic modes and the future of the postmodern strategies The authors whose fiction is treated in some detail under the various aspects thematized are John Barth Donald Barthelme Richard Brautigan Robert Coover Stanley Elkin Raymond Federman William Gaddis John Hawkes Jerzy Kosinski Thomas Pynchon Ishmael Reed Ronald Sukenick and Kurt Vonnegut **Modernity And Postmodern Culture** McGuigan, Jim,2006-07-01 Modernity and Postmodern Culturecritically assesses claims made about the postmodernization of culture and society and explores the complex interplay between the modern and the postmodern in an increasingly globalized world The author argues that although culture may be postmodern in terms of art entertainment and everyday life modernity still exists and is pervasive The second edition is revised throughout updating the literature and viewing international events through a modernist postmodernist gaze The theories of Baudrillard Beck Castells Giddens Jameson Lyotard and others are discussed and specific issues concerning architecture theme parks screen culture science technology and the environment are examined Topics include Postmodern architecture and the hyperreality of Disney How poststructuralist theory questions modern rationality and reason The relations between postmodern culture global capitalism and the technological changes brought about by electronics and computing The network society The book is key reading for students on courses in cultural politics cultural theory popular culture and sociology **Advertising in Modern and Postmodern Times** Pamela Odih,2007-04-30 How does advertising position itself in consumer culture In what ways does it create desire and wants This

richly illustrated incisive text produces the most complete critical introduction to advertising culture Advertising in Modern and Postmodern Times provides a comprehensive discussion of the main theories shows you how real adverts work together with reproductions of advertising images and copy demonstrates how advertising constructs subjects provides an instructive historical overview of advertising explores the relationship between advertising and industrial capitalism

Modern and Postmodern Crises of Symbolic Structures Peter Šajda, 2020-10-20 In debates about philosophical anthropology human beings have been defined in different ways In Modern and Postmodern Crises of Symbolic Structures the contributors view the human being primarily as animal symbolicum They examine how the human being creates interprets and changes symbolic structures as well as how he is affected and impacted by them The focus lies on the context of modernity and postmodernity which is characterized by a number of interrelated crises of symbolic structures These crises have affected the realms of science religion art politics and education and thus provoked crucial changes in the human being's relations to himself others and reality The crises are not viewed merely as manifestations of dysfunctions but rather as complex processes of transformation that also provide new opportunities

Postmodern Sophistications David Kolb, 1992-11-15 Kolb discusses postmodern architectural styles and theories within the context of philosophical ideas about modernism and postmodernism He focuses on what it means to dwell in a world and within a history and to act from or against a tradition

Premodern Rulers and Postmodern Viewers Janice North, Karl C. Alvestad, Elena Woodacre, 2018-02-01 Pop culture portrayals of medieval and early modern monarchs are rife with tension between authenticity and modern mores producing anachronisms such as a feminist Queen Isabel in RTVE's Isabel and a lesbian Queen Christina in The Girl King This book examines these anachronisms as a dialogue between premodern and postmodern ideas about gender and sexuality raising questions of intertemporality the interpretation of history and the dangers of presentism Covering a range of famous and lesser known European monarchs on screen from Elizabeth I to Muhammad XII of Granada this book addresses how the lives of powerful women and men have been mythologized in order to appeal to today's audiences The contributors interrogate exactly what is at stake in these portrayals namely our understanding of premodern rulers the gender and sexual ideologies they navigated and those that we navigate today

A Postmodern Reader Joseph P.
