Woodacre**

Monarchy End Empire Government Commonwealth:

Monarchy and the End of Empire Philip Murphy, 2013-12-05 This unique and meticulously researched study examines the triangular relationship between the British government the Palace and the modern Commonwealth since 1945 It has two principal areas of focus the monarch's role as sovereign of a series of Commonwealth Realms and quite separately as head of the Commonwealth It traces how in the early part of the twentieth century the British government promoted the Crown as a counterbalance to the centrifugal forces that were drawing the Empire apart Ultimately however with newly independent India's determination to become a republic in the late 1940s Britain had to accept that allegiance to the Crown could no longer be the common factor binding the Commonwealth together It therefore devised the notion of the headship of the Commonwealth as a means of enabling a republican India to continue to give the monarchy a pivotal symbolic role and therefore to remain in the Commonwealth In the years of rapid decolonization which followed 1945 it became clear that this elaborate constitutional infrastructure posed significant problems for British foreign policy The system of Commonwealth Realms was a recipe for confusion and misunderstanding Policy makers in the UK increasingly saw it as a liability in terms of Britain's relations with its former colonies so much so that by the early 1960s they actively sought to persuade African nationalist leaders to adopt republican constitutions on independence The headship of the Commonwealth also became a cause for concern partly because it offered opportunities for the monarch to act without ministerial advice and partly because it tended to tie the British government to what many within the UK had begun to regard as a largely redundant institution Philip Murphy employs a large amount of previously unpublished documentary evidence to argue that the monarchy's relationship with the Commonwealth which was initially promoted by the UK as a means of strengthening Imperial ties increasingly became an source of frustration for British foreign policy makers

The Ends of European Colonial Empires Miguel Bandeira Jerónimo, António Costa Pinto, 2016-02-16 This volume provides a multidimensional assessment of the diverse ends of the European colonial empires addressing different geographies taking into account diverse chronologies of decolonization and evaluating the specificities of each imperial configuration under appreciation Portuguese Belgian French British Dutch

The Commonwealth, South Africa and Apartheid Stuart Mole, 2023-05-31 This book explores the role of the modern Commonwealth in the international campaign against apartheid in South Africa Spanning the period of South Africa's apartheid state from its foundation in 1948 until its ending in April 1994 the author demonstrates that after the 1960 Sharpeville massacre and South Africa's subsequent exclusion from the Commonwealth the organisation was able to become both pathfinder and interlocutor on the road to South Africa's freedom As well as South Africa's ejection from the Commonwealth apartheid's increasing isolation was sustained by the Commonwealth's pioneering work in boycotting apartheid sport as well as campaigning to stop arms sales It also played an important role in internationalising economic and financial sanctions credited by some as the final nail in apartheid's coffin and was able to

make an important and distinctive contribution to the transition to democracy At the same time critical debates within the Commonwealth about racial and political equality transformed the association from a docile post imperial organisation led by the UK and in its own interests to a modern multiracial North South forum for reconciling global difference and overcoming the legacies of colonialism This comprehensive and authoritative account of the Commonwealth s engagement with apartheid South Africa is intended for all those who study and research the modern Commonwealth its structure and influence and for those with a general interest in contemporary post war history

Crowns and colonies Robert Aldrich,Cindy

McCreery,2016-08-25 Queen Victoria who also bore the title of Empress of India had a real and abiding interest in the British Empire but other European monarchs also ruled over possessions beyond the seas This collection of original essays explores the connections between monarchy and colonialism from the old regime empires down to the Commonwealth of today With case studies drawn from Britain France the Netherlands Germany and Italy the chapters analyse constitutional questions about the role of the crown in overseas empires the pomp and pageantry of the monarchy as it transferred to the colonies and the fate of indigenous sovereigns under European colonial control The volume with chapters on North America Asia Africa and Australasia provides new perspectives on colonial history the governance of empire and the transnational history of monarchies in modern Europe

Decolonisation, Identity and Nation in Rhodesia, 1964-1979 David Kenrick,2019-11-02

This book explores concepts of decolonisation identity and nation in the white settler society of Rhodesia now Zimbabwe between 1964 and 1979 It considers how white settlers used the past to make claims of authority in the present It investigates the white Rhodesian state s attempts to assert its independence from Britain and develop a Rhodesian national identity by changing Rhodesia s old colonial symbols and examines how the meaning of these national symbols changed over time Finally the book offers insights into the role of race in Rhodesian national identity showing how portrayals of a timeless black population were highly dependent upon circumstance and reflective of white settler anxieties Using a comparative approach the book shows parallels between Rhodesia and other settler societies as well as other post colonial nation states and even metropolises as themes and narratives of decolonisation travelled around the world

Australia in the

International Legal System Madelaine Chiam,Alison Duxbury,2025-08-21 What impact has Australia had on international law and what is its significance in terms of its participation in the transnational legal system This collection of essays delves into the history of Australia s interactions with international law and considers how its people have shaped international law It explores key issues such as the country s imperial and settler past It assesses how Australians have contributed to key institutions such as the ICJ the UN and the British Commonwealth It gives a fascinating insight into international law s impact on a domestic legal system and the complex and multifaceted nature of that relationship Scholars from across the international spectrum whether in the field of law politics or history will welcome this erudite and engaging work

The

break-up of Greater Britain Stuart Ward,Christian D. Pedersen,2021-10-19 This is the first major attempt to view the

break up of Britain as a global phenomenon incorporating peoples and cultures of all races and creeds that became embroiled in the liquidation of the British Empire in the decades after the Second World War A team of leading historians are assembled here to view a familiar problem through an unfamiliar lens ranging from India to China Southern Africa Australia New Zealand the Falklands Gibraltar and the United Kingdom itself At a time when trace elements of Greater Britain have resurfaced in British politics animating the febrile polemics of Brexit these essays offer a sober historical perspective More than perhaps at any other time since the empire's precipitate demise it is imperative to gain a fresh purchase on the global challenges to British identities in the twentieth century

Yes to Europe! Robert Saunders, 2018-03-15 On 5 June 1975 voters went to the polls in Britain's first national referendum to decide whether the UK should remain in the European Community As in 2016 the campaign shattered old political allegiances and triggered a far reaching debate on Britain's place in the world The campaign to stay in stretched from the Conservative Party under its new leader Margaret Thatcher to the Labour government the farming unions and the Confederation of British Industry Those fighting to Get Britain Out ranged from Enoch Powell and Tony Benn to Scottish and Welsh nationalists Footballers actors and celebrities joined the campaign trail as did clergymen students women's groups and paramilitaries In a panoramic survey of 1970s Britain this volume offers the first modern history of the referendum asking why voters said Yes to Europe and why the result did not as some hoped bring the European debate in Britain to a close

The Windsor Dynasty 1910 to the Present Matthew Glencross, Judith Rowbotham, Michael D. Kandiah, 2016-12-01 This book explores the recreation and subsequent development of the British Monarchy during the twentieth century Contributors examine the phenomenon of modern monarchy through an exploration of the establishment and the continuing impact of the Windsor dynasty both within Britain and the wider world to interrogate the reasons for its survival into the twenty first century The successes and failures of the dynasty and the implications of these for its long term survival are assessed from the perspectives of constitutional political diplomatic and socio cultural history Emphasis is placed on the use of symbols and tradition and their reinvention and public reactions to their employment by the Windsors including the evidence provided by opinion polls Starting with George V and including darker times such as the challenge of the abdication of Edward VIII this collection considers how far this reign was a key transition in how the British royal family has perceived itself and its role through examination of the repackaging for mass consumption via the media of a range of state occasions from coronations to funerals as well as modernization of its relations with the military

The Story of British Propaganda Film Scott Anthony, 2024-09-05 All art is propaganda wrote George Orwell but not all propaganda is art Moving from World War I to the War on Terror and beyond The Story of British Propaganda Film shows how the emergence of film as a global media phenomenon reshaped practices of propaganda while new practices of propaganda in turn reshaped the use of the moving image It explores classic examples of cinematic propaganda such as The Battle of the Somme 1916 Listen to Britain 1942 and Animal Farm 1954 alongside little known newsreels telemagazines

and digital media initiatives in the process challenging our understanding of propaganda itself and its many diverse manifestations Richly illustrated with unique material from the BFI National Archive the book shows how central propaganda is to the development of British film and how it has filtered our understanding of modern British history from narratives of decolonisation to the celebration of pop culture and the meanings of the postwar consensus In a contemporary moment so preoccupied with misinformation malinformation and disinformation Scott Anthony explains why the response to the ubiquity of the propaganda film has often turned out to be the production of ever more propaganda

Monarchies and decolonisation in Asia Robert Aldrich, Cindy McCreery, 2020-06-05 With original case studies of a more than a dozen countries Monarchies and decolonisation in Asia offers new perspectives on how both European monarchs who reigned over Asian colonies and Asian royal houses adapted to decolonisation As colonies became independent states and European countries and other colonial powers lost their overseas empires monarchies faced the challenges of decolonisation republicanism and radicalism These studies place dynasties both European and native at the centre of debate about decolonisation and the form of government of new states from the sovereigns of Britain the Netherlands and Japan to the maharajas of India the sultans of the East Indies and the white rajahs of Sarawak It provides new understanding of the history of decolonisation and of the history of modern monarchy

Securitizing Marine Protected Areas Elizabeth M. De Santo, 2024-07-10 This book presents a novel examination of Marine Protected Areas within a security context bridging science policy and geopolitics and addressing the often under emphasized aspect of environmental justice The book argues that Marine Protected Areas MPAs are not only a critical tool for protecting marine biodiversity in a changing climate but they also play an important role at the intersection of geopolitics and environmental justice and they provide a case study of environmental governance at the science policy interface The book takes an interdisciplinary and critical approach and builds on the author's two decades of experience working in this field Geopolitically it explores the ways in which MPAs provide footprints for influence and access to resources far from home for nations with overseas territories MPAs also raise important issues connected to equity environmental justice and social justice including access to resources and participation in environmental decision making processes key aspects for achieving long term conservation goals The book also demonstrates how MPAs are a critical lens for understanding how policy makers cope with scientific uncertainty and the necessity of well designed and precautionary science advisory processes While the ecological contribution of MPAs is paramount social issues and geopolitical considerations are often less obvious in the discourse underpinning MPAs and the resulting tensions can undermine long term conservation objectives By applying the three lenses of geopolitics environmental justice and science this book provides key insights to help the international community moving past the 2030 biodiversity targets and beyond towards a future of meaningful equitable and effective conservation approaches This book will be of great interest to students and scholars of biodiversity conservation marine studies political geography environmental governance and science

policy studies It will also be of interest to marine conservation governance professionals and policymakers **Transactions of the Royal Historical Society** Ian W. Archer, 2014-01-16 A collection of major articles representing some of the best historical research by some of the world's most distinguished historians **Hanoverian to Windsor Consorts** Aidan Norrie, Carolyn Harris, J.L. Laynesmith, Danna R. Messer, Elena Woodacre, 2023-02-24 This book examines the lives and tenures of the consorts of the Hanoverian Saxe Coburg and Gotha and Windsor monarchs from 1727 to the present Some of the consorts examined in this volume such as Queen Elizabeth the Queen Mother consort to George VI are well known while others including Adelaide of Saxe Meiningen consort to William IV are more obscure These innovative and authoritative biographies bring a fresh approach to the consorts of this period revealing their lasting influence on the monarchy In addition to covering a period that has seen the development of constitutional monarchy and increased media scrutiny of the whole royal family this volume also looks to the future of the British monarchy suggesting ways that future consorts can learn from the example of their predecessors This volume and its companions reveal the changing nature of British consortship from the Norman Conquest to today *The United Kingdom and The Federal Idea* Robert Schütze, Stephen Tierney, 2018-06-28 How should political power be divided within and among national peoples Is the nineteenth century theory of the sovereign and unitary State still fit for purpose in the twenty first century If not can federalism provide a viable alternative model This collection looks at federalism from the perspective of constitutional law Taking the United Kingdom as a case study Part One tracks the historical evolution of the Union and explores the various expressions of federalism that emerged between the eighteenth and twentieth centuries Part Two then assesses the experience of sovereignty sharing with other nations in the context of international cooperation Drawing on the expertise of the foremost commentators in their field *The United Kingdom and the Federal Idea* provides a timely and reflective evaluation of how constitutional authority is being re ordered within and beyond the United Kingdom *A first sketch of English literature. With suppl. to the end of queen Victoria's reign* Henry Morley, 1901 [Commonwealth Principles](#) Jonathan Scott, 2004-11-18 The republican writing of the English revolution has attracted a major scholarly literature Yet there has been no single treatment of the subject as a whole nor has it been adequately related to the larger upheaval from which it emerged or to the larger body of radical thought of which it became the most influential component *Commonwealth Principles* addresses these needs and Jonathan Scott goes beyond existing accounts organized around a single key concept whether constitutional linguistic or moral or author usually James Harrington to analyse this body of writing in full context Linking various social political and intellectual agendas Professor Scott explains why when classical republicanism came to England it did so in the moral service of an explicitly religious revolution The resulting ideology hinged not upon political language or constitutional form but Christian humanist moral philosophy applied in the practical context of an attempted radical reformation of manners **For King and Country** Heather Jones, 2021-09-23 Was the First World War really For King and Country This is the first full history of the monarchy's

role **The Napoleonic Empire and the New European Political Culture** M. Broers, P. Hicks, A. Guimera, 2012-10-10
Napoleon's conquests were spectacular but behind his wars is an enduring legacy A new generation of historians have re
evaluated the Napoleonic era and found that his real achievement was the creation of modern Europe as we know it **The**
Oceana, and Other Works, Now First Publish'd from His Own Manuscripts (etc.) James Harrington, 1700

Delve into the emotional tapestry woven by Crafted by in **Monarchy End Empire Government Commonwealth** .
