*Monastery Without Walls* Bruce Davis,1990      **Monastery Without Walls** John Main (O.S.B.),2006-01-01 The Benedictine monk John Main was one of the most profoundly influential spiritual teachers of recent times His belief that the desert tradition of meditative prayer practised by the earliest monastic communities had an immediate and contemporary relevance gave rise to the vision of a totally new kind of community one made up of men and women scattered throughout the world yet united in their daily practice of Christian meditation It was to be literally a monastery without walls

**Monastery without Walls** Laurence Freeman,2006-08-29 A volume of remarkable spiritual wisdom and insight as fresh and relevant for today as when they were first written      **Museum Without Walls** Jonathan Meades,2012-11-13 Jonathan Meades has an obsessive preoccupation with places He has spent thirty years constructing sixty films two novels and hundreds of pieces of journalism that explore an extraordinary range of them from natural landscapes to man made buildings and the gaps between them drawing attention to what he calls the rich oddness of what we take for granted This book collects fifty four pieces and six film scripts that dissolve the barriers between high and low culture good and bad taste deep seriousness and black comedy Meades delivers what he calls heavy entertainment strong opinions backed up by an astonishing depth of knowledge To read Meades on places buildings politics or cultural history is an exhilarating workout for the mind He leaves you better informed more alert less gullible      Theology Without Walls Jerry L. Martin,2019-10-01 Thinking about ultimate reality is becoming increasingly transreligious This transreligious turn follows inevitably from the discovery of divine truths in multiple traditions Global communications bring the full range of religious ideas and practices to anyone with access to the internet Moreover the growth of the nones and those who describe themselves as spiritual but not religious creates a pressing need for theological thinking not bound by prescribed doctrines and fixed rituals This book responds to this vital need The chapters in this volume each examine the claim that if the aim of theology is to know and articulate all we can about the divine reality and if revelations enlightenments and insights into that reality are not limited to a single tradition then what is called for is a theology without confessional restrictions In other words a Theology Without Walls To ground the project in examples the volume provides emerging models of transreligious inquiry It also includes sympathetic critics who raise valid concerns that such a theology must face This is a book that will be of urgent interest to theologians religious studies scholars and philosophers of religion It will be especially suitable for those interested in comparative theology inter religious and interfaith understanding new trends in constructive theology normative religious studies and global philosophy of religion      **Unveiling the Heart of Awareness** Bruce Davis,2022-11-16 Underneath the waves of daily thought is our ocean of being As the world pulls on our attention occupying our awareness there is the ocean of our awareness without busy thought to explore and receive There is the great silence within our heart This is the contemplative path The pilgrimage into the heart is found in all religions enjoyed by mystics in all cultures We let go We let

be Our attention comes deeper within Underneath the thinking world we discover another world the world of quiet  
 connectedness oneness infinite heart As the waves of so much thinking become less our knowing of the ocean of our  
 awareness grows Our heart our beingness is present brilliant and loving We realize we are on the journey of awakening We  
 are coming home     *Pilgrimage into God* Sicco Claus,2023-04-01 *Pilgrimage into God* A Study of John Main s Meditation  
 Oriented Spirituality is a comprehensive investigation of the heritage of the Benedictine monk John Main 1926 1982 This  
 founder of a worldwide movement for Christian meditation understands meditation as an intentional transcending of all  
 mental processes Contrary to popular opinion which associates meditation uniquely with Eastern traditions Main considers  
 meditative practice to be essential and central to Christian faith This study not only explores Main s views on practise but  
 also looks into his theology his understanding of spiritual growth and the ideal contexts for achieving such growth It does this  
 by critically situating Main s spiritual teaching within the Christian tradition and exploring its relation to Charles Taylor s  
 interpretation of the modern spiritual condition This study also aims at exploring how Main s heritage may contribute to  
 illuminating Christian spiritual life today     Monks in the World William Thiele,2014-02-03 In this moving spiritual memoir

 around New Orleans after the devastation of Hurricane Katrina in 2005 Along the way core contemplative attitudes practices  
 and principles were discovered He offers these stories of birthing a School for Contemplative Living as a challenging call to a  
 frantic and polarized world Readers will be drawn toward their own spiritual transformation as they encounter imperfect  
 monks with messy lives who are practicing God s presence and learning to serve the world from that presence He  
 encourages readers to join these monks in the world by forming contemplative communities who radiate loving kindness as  
 their first priority     **The God Who is Here** Peter Traben Haas,2011     **The Rise of Western Christendom** Peter
