Monet's Passion Pomegranate Communications, Incorporated, 2003-08 For forty years Claude Monet experimented with color composition and atmosphere on a living canvas his gardens at Giverny Photographer Elizabeth Murray herself an expert gardener helped restore the Giverny gardens she returns there annually to capture its full verdant splendor Fifty three of her vivid photographs are accompanied by descriptions and quotations from Monet and his contemporaries Light and Color John S. Munday, 2019-02-01 In 1890 Jean Forgeron an art student of Edgar Degas comes to Giverny France to work

in the gardens of artist Claude Monet and to study with him for a time Nearly three years later he returns once more to work and study but also hoping to form another kind of partnership the young painter is looking for love At the same time a pair of young ladies from the suburbs of Philadelphia have come to France to study art Luisa Magdalena Slagle and Emille Martha Tveger intend to become students of Monet themselves Though Jean is intrigued by the pair they are uninterested Instead Luisa and Emille elect to form a Boston marriage while abroad together in spite of the disapproval from both their families Meanwhile the three young people explore the French countryside and learn from a group of brilliant impressionist artists building their skills and preparing for their lives ahead In this historical novel three young artists set out to study their craft with impressionist masters in nineteenth century France while dealing with matters of the heart **The Artist's Garden**

Jackie Bennett,2019-10-29 The Artist s Garden will feature up to 20 gardens that have inspired and been home to some of the greatest painters of history These gardens not only supplied the inspiration for creative works but also illuminate the professional motivation and private life of the artists themselves from Cezanne s house in the south of France to Childe Hassam at Celia Thaxter s garden off the coast off Maine Flowers and gardens have often been the first choice for artists looking for a subject A garden close to the artist s studio is not only convenient for daily material and ideas but also has the advantage of changing through the seasons and over time Claude Monet s Giverny was the catalyst for hundreds of great paintings by Monet and other artists each one different from the one before Sometimes a whole village becomes the focus for a colony of artists as at Gerberoy in Picardy and Skagen on the northernmost tip of Denmark This book is about the real homes and gardens that inspired these great artists gardens that can still be visited today The relationship between artist and garden is a complex one A few artists including Pierre Bonnard and his neighbour Monet were keen gardeners as much in love with their plants as their work while for others like Sorolla in Madrid his courtyard home was both a sanctuary and a source of ideas *Garden of Claude Monet* Charles Prost,1997-08 Taking readers to Monet s private gardens at Giverny the subject of many of his finest landscape paintings this collection of beautifully evocative modern photos depicts how the appearance of Giverny changes over the course of all four seasons An informative text accompanies 35 photos and illustrations
