Zelizer, 2017-05-09 A dollar is a dollar or so most of us believe Indeed it is part of the ideology of our time that money is a single impersonal instrument that impoverishes social life by reducing relations to cold hard cash After all it s just money Or is it Distinguished social scientist and prize winning author Viviana Zelizer argues against this conventional wisdom She shows how people have invented their own forms of currency earmarking money in ways that baffle market theorists incorporating funds into webs of friendship and family relations and otherwise varying the process by which spending and saving takes place Zelizer concentrates on domestic transactions bestowals of gifts and charitable donations in order to show how individuals families governments and businesses have all prescribed social meaning to money in ways previously unimagined The Morality of Money A. Walsh, T.
