**The Plentiful Darkness** Heather Kassner, 2021-08-03 In Heather Kassner's spine-chilling fantasy novel reminiscent of *Seraphina* and *The Black Cloak*, an orphaned girl chases a thieving boy into a magician's land of starless moonless gloom where other children have gone missing before her. Gleams with an eerie magic, its characters burning bright and fierce. A visual treat of a tale. Stefan Bachmann, international bestselling author of *Cinders* and *Sparrows*. In order to survive on her own, twelve-year-old Rooney de Barra collects precious moonlight which she draws from the evening sky with her very rare and most magical lunar mirror. All the while she tries to avoid the rival roughhouse boys and yet another more terrifying danger: the dreaded thing that's been disappearing children in the night. When Trick Aidan, the worst of the roughhouse boys, steals her lunar mirror, Rooney will do whatever it takes to get it back. Even if it means leaping into a pool of darkness after it swallows Trick and her mirror. Or braving the Plentiful Darkness, a bewitching world devoid of sky and stars. Or begrudgingly teaming up with Trick to confront the magician and unravel the magic that has trapped Warybone's children.

**Faireal Tales** Besma Missaoui, Poetry Secrets of the Pharaohs Jessica Isted, 2025-08-21 Love, loss, passion, anxiety, longing, surrender. All words to describe the contents, but not the emotion you feel in the reading. You'll want to shake her and cuddle her close, explore galaxies with her and steal kisses. Sit on her shoulder and peak into what's made her who she is. Will she be your Beloved or will she hold you at arm's length? She might even pull you under. Jessica Isted strings up hearts as bunting and dances on the page, appreciating love for its lessons even through loss and allowing longing to linger. What's more, each title is a poem before the poem. This beautiful collection masters, reminisces, cherishes endings and makes way for self-discovery. Jemima Hughes. Having seen Jessica perform her poetry live multiple times, I'm elated that this written collection now exists. Jessica has a remarkable way with words. Whilst some of her poems will raise a smile, others have the ability to conjure deep self-reflection about life, love, and relationships. She is my favourite poet on the local scene, and I'd recommend her work to anyone.

**Celestial Coordinates** Rebecca Christiana, 2024-11-20 Haunted by a past betrayal that shattered her career, ex-pilot Lyra Vance navigates the treacherous spaceport of Xantus 7, a desolate outpost clinging to the fringes of civilized space. Her only companion is the Stardust Serpent, a ship bearing the scars of forgotten battles, mirroring Lyra's own internal wounds. A flicker of hope ignites in the desolate expanse of her life with the arrival of Elias Thorne, an eccentric astronomer obsessed with the legend of Aethelgard, a lost Earth colony rumored to hold the key to humanity's evolution and a cosmic anomaly capable of obliterating star systems.

Bound by a shared desperation Lyra's yearning for escape and Elias's thirst for discovery they embark on a perilous odyssey beyond the galactic rim The Stardust Serpent becomes their sanctuary against the vast indifference of space Lyra's piloting prowess honed in the crucible of forgotten wars guides them through shimmering asteroid fields and nebulae painted across the void Elias his gaze fixed on the cosmic tapestry deciphers the whispers of ancient starlight navigating gravitational anomalies that threaten to tear their ship apart Their initial animosity crackles in the recycled air a volatile cocktail of Lyra's corrosive cynicism and Elias's unwavering idealism Yet beneath the surface tension a begrudging respect ignites fanned by the ever present threat of the Crimson Corsair a ruthless band of pirates led by the enigmatic Theron Theron's obsession with Aethelgard is not mere plunder but a desperate gambit to reclaim a stolen birthright His relentless pursuit of the Stardust Serpent becomes a deadly ballet of laser fire and impossible maneuvers Elias though a scholar not a soldier unveils a surprising tactical mind wielding astrophysics to turn solar flares and black holes into strategic advantages Through these harrowing encounters their discord transforms into a hesitant camaraderie a bond as fragile and precious as a newborn star tested further by the cosmos itself Swirling vortices of chaotic spacetime remnants of a forgotten war between ancient entities threaten to unravel the fabric of reality Navigating these cosmic maelstroms demands not just Lyra's intuitive piloting but Elias's intimate understanding of the universe's intricate dance Their connection deepens in moments of shared vulnerability evolving beyond respect revealing a love as rare and beautiful as a nebula in bloom As they approach Aethelgard they're drawn into a galaxy spanning conspiracy involving Rachel Joyce a charismatic operative whose loyalties shift like quicksand and Jack Morrison a pragmatic mercenary haunted by a tragic past Aethelgard's stark reality confronts them a shattered paradise ravaged by the very technology that promised salvation The final confrontation explodes amidst the stars a clash of ideologies and advanced weaponry Theron unleashes the full force of the Corsair fleet while Rachel's true allegiances are revealed adding another layer of treachery to the chaotic battle Jack torn between his past and his loyalty to Lyra and Elias makes a pivotal choice Lyra's piloting skill and Elias's knowledge are pushed to the absolute limit Their love becomes a radiant star illuminating their path through the all consuming darkness
