Legacy ,2011-01-31 John Romita Sr is as synonymous with Marvel as is Stan Lee Stan was the definitive writer and visionary of the Marvel Universe but Jazzy John was the ultimate catcher to all of Stan s pitches Arguably the most important contributor to Marvel canon with Jack Kirby and arguably the definitive Spider Man artist John Romita has left his mark creating defining and or designing some of Marvel s most well marvelous characters From being in our humble opinion the definitive Spider Man artist to helping design many of Marvel s major characters from Wolverine and the Punisher to Spider Woman The Kingpin and so many more And though it was Stan Lee and Steve Ditko who co created Spider Man and Peter Parker and helped us love the boy with the problems we all grew up with it was Jazzy John who allowed Peter to grow up and have the same problems many had growing up and glamorized Peter Parker and rounded out his stable of characters from Gwen Stacy and Harry Osborne and who also gave us the unbelievable entrance by Mary Jane Watson showing us just how Peter had hit the jackpot And John Romita Jr has also created a rich body of work that few can follow in his footsteps Having outgrown the shadow of his father early in his career John Romita Jr has shown the world why he is Mr Marvel From his early days working with Bob Layton on the Iron Man issues featuring the controversial issues of Tony Stark s alcoholism to his jump to stardom in the early 90 s on the Uncanny X Men almost a decade after his first stint on the Uncanny X Men with Chris Claremont to his unbelievable work on Daredevil Man Without Fear with Frank Miller and Al Williamson John proved that he was one of only a few artists who can shine working with a master such as Frank Miller Moving in to the new millennium John s work on Thor was nothing short of amazing as well as working on Daredevil with Ann Nocenti and Al Williamson But nothing has been more tailor made for John Jr s art than Marvel s flagship title Spider Man His return on Peter Parker Spider Man proved that he was Marvel s best choice for a Spider Man artist and when Joe Michael Straczynski took hold of Marvel s flagship title it was John Jr s art that made the great stories shine as well as they did One thing that s kept John s art fresh is his ability to move from character to character It definitely is bitter sweet to see John leave Spider Man and run around the Marvel Universe on characters such as The Eternals with Neil Gaiman proving that once again John Jr is the artists artist who can tackle such great projects and even on his run on the World War Hulk yes Hulk does indeed Smash one is mesmerized by his incredible artwork What s amazing is that as of this writing John Romita Jr will be returning to Amazing Spider Man 568 and this fan Nick Barrucci President of Dynamic Forces feels the excitement and energy to his return These are the things that we live for in comics it s rare to know when a series is going to be great because a great artist is working on it We are fortunate to be on the ground floor again but the anticipation is something that will only be quenched with the first read of a series that will be great The Romit s are one of the few royal families in comics If you haven t had a chance to fully appreciate their work here s your chance it s a fun ride I hope you enjoy it as much as we have in putting this book together With an introduction by Alex Ross and an afterword by Stan The Man Lee this hard cover book is perfect for every Spider Man fan young and old

Paul Zehr, 2011-10-01 Tony Stark has been battling bad guys and protecting innocent civilians since he first donned his mechanized armor in the 1963 debut of Iron Man in Marvel Comics Over the years Stark's suit has allowed him to smash through walls fly through the air like a human jet control a bewildering array of weaponry by thought alone and perform an uncountable number of other fantastic feats The man who showed us all what it would take to become Batman probes whether science and humankind is up to the task of inventing a real life Iron Man E Paul Zehr physically deconstructs Iron Man to find out how we could use modern day technology to create a suit of armor similar to the one Stark made Applying scientific principles and an incredibly creative mind to the question Zehr looks at how Iron Man's suit allows Stark to become a superhero He discusses the mind boggling and body straining feats Iron Man performed to defeat villains like Crimson Dynamo Iron Monger and Whiplash and how such acts would play out in the real world Zehr finds that science is nearing the point where a suit like Iron Man's could be made But superherodom is not just about technology Zehr also discusses our own physical limitations and asks whether an extremely well conditioned person could use Iron Man's armor and do what he does A scientifically sound look at brain machine interfaces and the outer limits where neuroscience and neural plasticity meet Inventing Iron Man is a fun comparison between comic book science fiction and modern science If you've ever wondered whether you have what it takes to be the ultimate human machine hero then this book is for you *Avengers* Roy Thomas, Dann Thomas, Dave Ross, Jim Novak, 2016-01-27 Avengers West Coast 92 100 102 Spider Woman 1993 1 4 material from Marvel Comics Presents 1988 143 144 **1999 Comic Book Checklist and Price Guide** Maggio Thompson, 1998-10 Listing more than 80 000 comics in three grades of condition and more than 240 000 current prices this volume details independent releases and hard to find editions plus all the regular releases and more Over 300 photos **Captain America and the American Journey,**

1940-2022 Richard A. Hall, 2024-02-16 Captain America made his debut in 1940 just two years behind the first comic book superheroes and five years before the United States emergence as the world's primary superpower at the end of World War II. His journey has been intertwined with America's progress throughout the decades. Known as the Sentinel of Liberty, he has frequently provided socio-political commentary on current events as well as inspiration and warnings concerning the future. This work explores the interconnected histories of the United States and Captain America decade by decade from the character's origins to Chris Evans' portrayal of him in the Marvel Cinematic Universe. It examines how Captain America's story provides a guide through America's tenure as a global superpower, holds a mirror up to American society, and acts as a constant reminder of what America can and should be.

The Marvel Art Of George Perez Jess Harrold, 2021-06-09 Celebrating the artistic legacy of a true Marvel Comics legend, George Perez first wowed fans in the 1970s building a phenomenal reputation as a super team illustrator without peer on AVENGERS, INHUMANS, and FANTASTIC FOUR. His talents graced the super hero action of MARVEL TWO IN ONE, the martial arts mayhem of DEADLY HANDS OF KUNG FU, and the monster madness of Man-Wolf in CREATURES ON THE LOOSE. Years later, Perez demonstrated his cosmic grandeur by wiping out half the Marvel Universe along with Thanos in INFINITY GAUNTLET. And as the Avengers made a heroic return in 1998, so too did Perez, joining writer Kurt Busiek to usher Earth's Mightiest into a new era of greatness. Nobody can draw an army of heroes in a single image better than George Perez can.
