Methods in World History is the first international volume that systematically addresses a number of methodological problems specific to the field of world history Prompted by a lack of applicable works the authors advocate a considerable sharpening of the tools used within the field of study Theories constructed on poor foundations run an obvious risk of reinforcing flawed assumptions and of propping up other more ideological constructions The dedicated critical approach outlined in this volume helps to mitigate such risks Each author addresses a particular issue of method for source criticism archaeological evidence or estimates of economies for example discussing the problems giving practical examples and offering solutions and ways of overcoming the difficulties involved The perspectives are varied the criticism focussed and a common theme of coalescence is maintained throughout This unique anthology will be of great use to advanced scholars of

world history and to students entering the field for the first time *The Global History Manifesto* Martin Lund,2024-07-23

This book in a sentence claims that an ahistorical and ill informed doom and gloom atmosphere in Western public debate threatens to turn into a selffulfilling prophecy that a new Global Optimism Literature represented by e g Hans Rosling and Steven Pinker based on vast historical sources and social scientific data fortunately intends to correct this misperception that the also newly emerged sub discipline of Global History in spite of severe birth diseases could contribute substantially to this mission and when it all comes down to it do we have a choice anyway **Inquiry-Based Lessons in World History** Jana

Kirchner,Andrew McMichael,2021-09-03 Spanning the time period from 15 000 BCE to 1500 CE Inquiry Based Lessons in World History Vol 1 focuses on creating global connections between people and places using primary sources in standards based lessons With sections on early humans the ancient world classical antiquity and the world in transition this book provides teachers with inquiry based ready to use lessons that can be adapted to any classroom and that encourage students to take part in the learning process by reading and thinking like historians Each section contains chapters that correspond to the scope and sequence of most world history textbooks Each inquiry lesson begins with an essential question and connections to content and literacy standards followed by primary source excerpts or links to those sources Lessons include step by step directions incorporate a variety of literacy strategies and require students to make a hypothesis using evidence from the texts they have read Grades 7 10 Global Perspectives on Global History Dominic Sachsenmaier,2011-08-04 In

recent years historians across the world have become increasingly interested in transnational and global approaches to the past However the debates surrounding this new border crossing movement have remained limited in scope as theoretical exchanges on the tasks responsibilities and potentials of global history have been largely confined to national or regional academic communities In this groundbreaking book Dominic Sachsenmaier sets out to redress this imbalance by offering a series of new perspectives on the global and local flows sociologies of knowledge and hierarchies that are an intrinsic part of historical practice Taking the United States Germany and China as his main case studies he reflects upon the character of different approaches to global history as well as their social political and cultural contexts He argues that this new global trend in historiography needs to be supported by a corresponding increase in transnational dialogue cooperation and exchange

Towards a Global History of Domestic and Caregiving Workers, 2015-05-26 Domestic and caregiving work has been at the core of human existence throughout history Poorly paid or even unpaid this work has been assigned to women in most societies and occasionally to men often as enslaved indentured adopted workers While some use domestic service as training for their own future independent households others are confined to it for life and try to avoid damage to their identities Part One Employment conditions are even worse in colonizer colonized dichotomies in which the subalternized have to run the households of administrators who believe they are running an empire Part Two Societies and states set the discriminatory rules those employed develop strategies of resistance or self protection Part Three A team of international scholars addresses these issues globally with a deep historical background Contributors are Ally Shireen Eileen Boris Dana Cooper Jennifer Fish David R Goodman Mary Gene De Guzman Jaira Harrington Victoria Haskins Dirk Hoerder Elizabeth Hordge Freeman Majda Hrenjak Elizabeth Hutchison Dimitris Kalantzopoulos Bela Kashyap Marta Kindler Anna Kordasiewicz Ms Lokesh Sabrina Marchetti Robyn Pariser Jessica Richter Magaly Rodriguez Garcia Raffaella Sarti Adla Souralov Yukari Takai and Andrew Urban

Girlhood Jennifer Helgren, Colleen Vasconcellos, 2010-03-30 Girlhood interdisciplinary and global in source scope and methodology examines the centrality of girlhood in shaping women's lives Scholars study how age and gender along with a multitude of other identities work together to influence the historical experience Spanning a broad time frame from 1750 to the present essays illuminate the various continuities and differences in girls' lives across culture and region girls on all continents except Antarctica are represented Case studies and essays are arranged thematically to encourage comparisons between girls' experiences in diverse locales and to assess how girls were affected by historical developments such as colonialism political repression war modernization shifts in labor markets migrations and the rise of consumer culture

Anti-Colonialism and the Crises of Interwar Fascism Michael Ortiz, 2023-01-12 What is fascism Is it an anomaly in the history of modern Europe Or its culmination In *Anti-Colonialism and the Crises of Interwar Fascism* Michael Ortiz makes the case that fascism should be understood in part as an imperial phenomenon He contends that the Age of Appeasement 1935-1939 was not a titanic clash between rival socio-political systems fascism and democracy but rather an imperial contest between satisfied and unsatisfied empires Historians have long debated the extent to which Western imperialism served as ideological and intellectual precursors to European fascisms To date this scholarship has largely employed an inside-out methodology that examines the imperial discourses that pushed fascist regimes outward into Africa Asia and the Americas While effective such approaches tend to ignore the ways in which these places and their inhabitants understood European fascisms Addressing this imbalance

Anti Colonialism adopts an outside in approach that analyses fascist expansion from the perspective of Indian anti colonialists such as Jawaharlal Nehru Subhas Bose and Mohandas Gandhi Seen from India the crises of Interwar fascism the Second Italo Ethiopian War Spanish Civil War Second Sino Japanese War Munich Agreement and the outbreak of the Second World War were yet another eruption of imperial expansion analogous although not identical to the Scramble for Africa and the Treaty of Versailles Whether fascist democratic or imperialist Europe s great powers collectively negotiated the fate of smaller nations
