## **Overturing Tables Freeing Missions From The Christian Industrial Complex:**

Overturing Tables Scott A. Bessenecker, 2014-11-03 The history of Protestant mission in the world has unfolded in step with the history of the modern marketplace defining missions success in marketplace terms Scott Bessenecker points toward a view of missions freed of false attachments to material paradigms and tailored toward a kingdom vision **Transcending Mission** Michael W. Stroope, 2017-02-28 Is the language of mission clearly evident across the broad reaches of time Or has the modern missionary enterprise distorted our view of the past Michael Stroope investigates how the modern church has come to understand speak of and engage in the global expansion of Christianity offering a hopeful way forward in this pressing conversation **Beyond Missio Dei** Sarosh Koshy, 2021-11-24 In this book Sarosh Koshy strives to go beyond the mission model of Christianity that emerged alongside and within the colonial enterprise and ethos since the sixteenth century Rather than denounce the inheritance of the mission movement that transformed both the church and world in innumerable ways it is a simultaneous expression of appreciation for this precious heritage and an attempt to do justice by it through a yearning quest for relevant paradigms of Christian engagement Indeed there is an intense tension within this book and in fact a twin tension at that The tension is between those seeking to keep the current mission paradigm alive out of habit or as a self serving device thus corrupting and withering away a bequeathal that essentially set free the voluntary independent spirit of Christian individuals and their intentional collectives from both the ecclesiastical and political authorities On the other side are those who enlist mission both as a subsequent activity and as a basis to pursue innocuous and at times apparently heroic options that would seemingly satisfy a supposed missional mandatory This work enlists postcolonial and poststructuralist resources pedagogically to teach of mission missiology World Christianity and intercultural theology

**The Business of God** Sheryl Johnson, Dannis Matteson, 2025-08-14 The theoretical framework of the Industrial Complex explores how institutions established with a purpose external to themselves can become focused on their own self perpetuation pursuing power growth and profits in ways that may well contradict and undermine that original purpose Much theorizing has engaged issues such as the military healthcare and prison industrial complexes This book explores the framework of the Industrial Complex in relation to churches How do churches intended to in part worship God preach the gospel nurture discipleship and serve those in need become focused on factors such as profit accumulation limitless growth and expansion consolidation of power How do systems like colonialism capitalism white supremacy and patriarchy play a contributing role to these phenomena What are the impacts of the Church Industrial Complex on various facets of church life and parties involved and impacted Finally what can be done to resist these temptations and where are the corners of the church that have and continue to witness to an alternate approach This accessible book is designed for anyone who is concerned about these questions church leaders and members theological students and anyone who is curious about the dynamics at play in contemporary church life **From the Margins to the Centre: The Diaspora Effect** Robert

Cousins, Lisa Pak, Rupen Das, Rev. Dan Sheffield, Chris Pullenayegem, Donna Dong, Dr. Michelle Kwok, Alexander Best, Dr. T.V. Thomas, Rev. Dr. Timothy Tang, James W. Watson, Sam Chaise, Robert Morris, Jonathan Fuller, Gary Nelson, **Christ Among the Classes** Tizon, Al, 2023-05-04 An examination of how Jesus addressed inequality between rich and poor and implications for Christian practice today **Advancing Models of Mission** Kenneth Nehrbass, Aminta Arrington, Narry Santos, 2021-09-14 Weighing Approaches to Finish the Task Christians have been reflecting on best practices for as long as they have been engaging in missions Practitioners have developed diverse strategies to promote the spread of the Gospel such as indigenous church planting disciple making movements community development dynamically equivalent Bible translations and chronological Bible storytelling These models began as creative analyses of the mission endeavor in light of the current cultural context As that context shifts it is also important to critically re examine these models Advancing Models of Mission reflects on the missionaries and models of the past and reconsiders current models all with the aim of looking toward the future of evangelical mission This compendium of thirteen essays tackles such timely and difficult questions as How does globalization challenge the 10 40 window model How does hybridity and diaspora change the way we think about people groups and identity formation How does the colonial history in Africa affect believers connection with globalevangelism Readers can learn about the contexts of the past that shaped our current missiological models while listening to diverse voices describe how those models are experienced considering our changing realities Through honest analysis of the past few centuries of missionary movement Advancing Models of Mission provides hope for the future **The Church as Movement** JR Woodward, Dan White Jr., 2016-07-14 JR Woodward and Dan White Jr have trained church planters all over North America In this interactive field manual they help you and your team gain eight key competencies crucial for church planting so that you can create churches that flourish and launch their own sustainable missional and incarnational congregations *Mission in Motion* Jay Matenga, Malcolm Gold, 2016-08-25 Never before has the phenomenon of mission mobilization been so broadly researched In a vein similar to Too Valuable To Lose and Worth Keeping the World Evangelical Alliance Mission Commission commissioned a research team to investigate what motivates people into mission service from around the globe Mobilization practitioners recorded translated and transcribed hundreds of hours of interview dialogue that explored reasons for mission involvement from Eastern Europe Western Europe North and South America Oceania East Asia South Asia and East Africa The data was subsequently analyzed to draw out common themes and Mission In Motion presents the results of this research This book is the first definitive exploration of the recent history ministries and methods of mission mobilization The evangelical missions community is expending much energy and resource trying to raise up workers for the Lord s harvest but is it helping Are the means models methods and mechanisms being applied to this end effective What does influence people to greater involvement in mission whatever they understand mission to be Furthermore what hinders it In addressing these questions Mission In Motion allows the interviewed respondents to speak for themselves in an open and

frank manner Some results confirm common beliefs but others may surprise you      **The Realities of Money and Missions** Jonathan J. Bonk, Michel G. Distefano, J. Nelson Jennings, Jinbong Kim, Jae Hoon Lee, 2022-03-21 Integrity Viability and Accountability Perhaps there is no greater challenge in missions than money Paul reminds us For we are taking pains to do what is right not only in the eyes of the Lord but also in the eyes of man 2 Cor 8 21 Money sufficient to assure the viability of one's life work carries with it an insidious ethical virus that can easily infect the integrity and accountability of its stewards The Realities of Money Missions provides a unique level of credibility and transparency as it calls for evangelicals to reevaluate their relationship with money both personally and corporately Global case studies workshops and testimonials cover a broad range of topics such as Misalignment between fiscal theology and practice Environmental stewardship community development and business as mission Mobilization fundraising practices and faith financing Short term missions patronage and dependency Power dynamics and structural injustice The Realities of Money Missions was not written by experts in the fields of investment money management or fundraising but by men and women whose calling as missionaries pastors and administrators has brought them face to face with the complex real life issues involving the intersection of money and ministry Read on and be challenged to change      **Apostolic Imagination** J. D. Payne, 2022-02-08 A leading expert in the field of Christian missions encourages the church to recover the apostolic imagination that fueled the multiplication of disciples in the first century J D Payne examines the contemporary practice of Western missions and advocates a more central place for Scripture in defining missionary language identity purpose function and strategy He shows that an apostolic understanding of the church's disciple making commission requires rethinking every aspect of missionary engagement The book includes end of chapter discussion questions and action steps to help pastors and church leaders develop an apostolic imagination      Unlikely Friends David W. Scott, Daryl R. Ireland, Grace Y. May, Casely B. Essamuah, 2021-07-08 Can something as simple as friendship have a transformative impact in a divided world Through a series of richly textured historical portraits and reflections on personal experience this book shows that boundary crossing friendships in Christian mission have shaped theologies built organizations and partnerships facilitated mission work and changed attitudes and ways of thinking This is true in settings as varied as eighteenth century French women's work twentieth century urban Boston colonial India the Jim Crow South and twentieth century rural Congo In all these settings and more friendship has mattered Boundary crossing friendships are however not easy Despite their power such friendships are complicated by race gender ability class nationality and other elements of identity as this book also demonstrates Friendships are not immune from the divisions in the world nor a simple cure all for them Still friendship stands as a powerful testimony to the gospel Therefore the book calls for more attention to friendship in the study of mission history and more living out of friendship as a practice of mission In this way this book pays honor to Dr Dana L Robert as a pre eminent mission scholar and exemplary friend and mentor to others in the fields of missiology and world Christianity      A Faithful Public-Prophetic Witness Barry K.

Morris,2020-03-20 This book hails from decades of challenging trial and error work abundant reading and an enduring obligation to ministers activists and unsung lay heroes whose legacies matter As there is little that actually addresses the elusive meanings if not the dangers inherent in pursuing alleged spoils of success it is kairos time Seemingly scarce resources and competition to make and maintain ministries in the city challenge those of us in the field or on the sidelines to speak write and communicate clearly and convincingly not only for ourselves and our people past and present but for those who come along soon to receive the baton or wear the mantle Concretely narrated with unique case studies a cast of dozens contribute their earthy earnest testimonies and are at long last energetically affirmed Specifically this work proffers constructive attention to the critical cautions concerning subtle temptations to succeed including commodification cooptation communalism clientelism and cowardice and not bailing on fierce charity justice tensions with benevolence protectively dominant Narrative analysis and biography as theology social ethics biblical theology and recent church history give apt attention to how a compelling case is possible for success if justice is practiced given a hopeful realism and perspective of prophetic eschatology

*For the Love of God* Jerry M. Ireland,2017-03-23 Compassionate missions constitutes a growing focus among evangelical denominations and agencies Because of this there exists a growing need to be guided by sound principles and best practices This edited volume sets forth both the biblical foundations and preferred methods for churches wanting to engage in compassion as part of their missionary efforts The aim throughout is that compassionate missions would be guided by indigenous principles that help establish autonomous local churches capable of being salt and light in their communities The contributors to this volume have over 200 years of missions experience Through their first hand knowledge of the challenges and pitfalls faced by missionaries engaging in compassion these authors set forth foundational principles and practical guidelines related to some of the most pressing issues confronting missionaries today These include HIV AIDS UPGs human trafficking orphans and vulnerable children gender issues and many more Pastors missionaries missions boards and educators will find this a valuable resource as the church in the twenty first century continues to engage in the Great Commission

**The Godless Delusion** Jim Harries,2017-07-07 What if the whole God delusion approach is a neo colonial imposition at the linguistic and philosophical level Could it lead to unmitigated disasters in intercultural communication and development work This paradigm challenging book points to the necessity in light of contemporary impasse in intercultural understanding of God s involvement in the encounter between the West and the majority world especially Africa Failure to account for God the cradle of imagination operative in human hearts and minds has resulted in a black hole that deeply troubles intercultural engagement between the West and others While drawing on his personal long term field experience in Africa the author cites contemporary scholarly Western literature on philosophy anthropology religion and beyond Ironically the West which values dualism instead of seeking to share it with majority world people wrongly presupposes its universality A proactive compliance to the countering of racism and to the demotion of impacts of

human imagination on understanding contribute to this Effective education must be from known to unknown this text emphasizes Enabling African people to build understanding on their own epistemological foundations might be more important than exporting of pre packaged languages and educational systems from the West      **Subterranean** Dan White Jr.,2015-08-24 The landscape of Christian spirituality in the West is no longer lush with green grass and wild flowers blooming Instead across the country we find dry terrain where churches no longer can expect interested seekers yet most of our solutions for addressing this predicament link to anxiety around our performance and personality Rather than going back to the boardroom to cook up new techniques for a trendier church let s ask more meaningfully rooted questions Do we know how to be present in our neighborhoods Do we know how to be present in community Do we know how to be present to the in breaking kingdom of God There is a growing groundswell discovering that we have become uprooted and detached from each other in the way we express being the church We need a subterranean movement that plunges below the surface into a way of being the people of God that carries an unwavering incarnational creed Dan White Jr uses crisp criticism narrative theology and tangible practices to uncover a hopeful pathway for being radically rooted in God s world      *What on Earth?* Barney Wiget,2022-04-28 In his most famous Sermon Jesus announces a Kingdom so counterintuitive that it appears upside down in contrast to conventional wisdom By prescribing both a revolutionary personal piety and a radical social possibility he teaches us how to become better people who in turn make the world better His vision for a countercultural Kingdom challenges our engagement with contemporary culture morally socially and even politically The impact of this Kingdom on the earth as it is in heaven with a view to partnering with Jesus in his venture to nudge the world toward its intended design is the focus of this compelling treatment of the Sermon By a lifestyle of holy nonconformity shaped by the Blessed Attitudes Beatitudes Jesus commissions his prophetic community to embody a social alternative that the world cannot imagine on its own and to foment a humble and loving cultural shift where the privileged and powerless flourish together in peace and justice As previews of the coming attractions when Christ will return and reign as King over a new heaven and earth Kingdom citizens work toward initiating such a world on earth as it is in heaven today      **The Jihad of Jesus** Dave Andrews,2015-05-29 We are caught up in the cycle of so called holy wars In The Jihad of Jesus Dave Andrews argues that while this inter communal conflict is endemic it is not inevitable Depending on our understanding our religions can be either a source of escalating conflict or a resource for overcoming inter communal conflict and for our religions to be a resource for overcoming conflict we need to understand the heart of all true religion as open hearted compassionate spirituality In the light of an open hearted compassionate spirituality we can reclaim the word jihad from extremists who have mis appropriated it as a call to holy war and reframe it in truly Qur anic terms as a sacred nonviolent struggle for justice and we can reconsider Jesus as he is in the Gospels not as a poster boy for Christians fighting crusades against Muslims but as a strong but gentle Messianic figure who can bring Christians and Muslims together As this book shows many Christians and Muslims

have found Isa Jesus and the Bismillah celebrating the mercy grace and compassion of God as common ground upon which they can stand and work for the common good The Jihad of Jesus is a handbook for reconciliation and action a do it yourself guide for all Christians and Muslims who want to move beyond the clash of civilizations join the jihad of Jesus and struggle for justice and peace nonviolently side by side

**Hopeful Realism in Urban Ministry** Barry K. Morris, 2016-05-20 What pray tell does a faithful urban ministry require if not a triadic relationship of prayer justice and hope Could such a theologically conjunctive relationship of prayer justice and hope fortify urban ministry and challenge students and practitioners to ponder and practice beyond the box Frequently justice is collapsed to charity hope into wishful thinking or temporarily arrested despair and prayer a grasp at quick fix interventions An urban ministry's steadfast public and prophetic witness longs for the depth and width of this triad Via three countries decades of endeavors one chapter brainstorms urban ministry practices while another's literature survey signals crucial convictions Amid many seminal theologians are summoned to ground urban ministry intimations and implications Niebuhr on justice Moltmann on hope and Merton on contemplative prayer Evident is passion that fuels compassion in the service of justice hope that engages despair and prayer that draws from the contemplative center of it all thankful resources for long haul ministry The triad presses to illumine a concrete ministry's engagement of relentless forced option issues yet with significant networks resourcing Contrast awareness animates endurance The summary exegetes the original grace based serenity prayer Hence hope vitally balances realism's temptation to cynicism Realism saves hope from irrelevancy

**Fight Like Jesus** Jason Porterfield, 2022-02-01 WINNER of the 2022 American Book Fest's Best Book award Religion Christianity Throughout Holy Week two competing approaches to peacemaking collide What if we've embraced the wrong one At the start of Holy Week tears streamed down Jesus' face as he cried out If only you knew the things that make for peace From that moment until a week later when he triumphantly declared Peace be with you Jesus spent each day confronting injustice calling out oppressors and contending for peace But what if despite all our familiarity with the events of Holy Week we still don't know how Jesus makes peace And what if despite clinging to the cross of Christ for our salvation we've actually embraced a different approach to peacemaking One that justifies killing enemies One whose methods include nailing criminals to crosses We desperately need to recover the radical vision of peacemaking that Jesus embodied throughout Holy Week And we urgently need to be trained in his way of making peace So come Let's journey together day by day through Jesus' final week and discover anew why he is called the Prince of Peace
