protection and nightclub doors from some of Britain's most notorious figures. Read how Charlie Bronson helped his friends out on the doors of his local in the early 70s before being banged up for well over 30 years, how Dave Courtney misses the violent world of the doors, how ex-football hooligan Mickey Francis ran most of Manchester's doors back in the 80s, and how an ex-Foreign Legion bodyguard spent over a week cooped up in a bleak warehouse guarding Iraqi votes in central Baghdad. By turns funny, sad, and shocking, these candid accounts were written exclusively for this publication by individuals who have spent much of their working lives in what is a volatile, violent, and frequently unpredictable industry. Compiled by former bodyguard, ex-mercenary, and well-known nightclub bouncer Robin Barratt, *Bouncers and Bodyguards* is an exposé of an infamous twilight world about which rumours have often circulated but the truth has never really been uncovered until now.

[Industry & Trade Summary](#) Laura Polly, 2002. [Radical Gratitude](#) PETER MAIDEN, 2020-07-16. As Christians we should be the most grateful people alive. After all, doesn't the Bible encourage thankfulness and condemn grumbling? Peter Maiden traces the theme of thanksgiving in Scripture and shows how we can genuinely live counter-cultural lives even in an age of rampant entitlement. With a pastoral heart, he explains how gratitude is the key to joyful, consistent Christian living, discipleship, and mission involvement. He focuses on how we can develop the habit of thanksgiving, the benefits of gratitude, how we can be grateful even in hard times. Each chapter unpacks biblical truth and grounds it with practical application and personal illustrations. A series of short Bible study questions and reflections, mostly on the Psalms, conclude the chapters. As he was writing this book poignantly and to his great shock, the author learned that he was suffering from incurable cancer. Far from derailing his message, this unwelcome news energised his efforts as he poured out his vision on the page with his now limited resources. This is authenticity at its best. This book will be the author's last. [How to Live a Low-Carbon Life](#) Chris Goodall, 2010-08-12. Drastic reduction of carbon emissions is vital if we are to avoid a catastrophe that devastates large parts of the world. Governments and businesses have been slow to act; individuals need to take the lead now if we are to avoid climate chaos. Each Westerner is responsible for an average 10-20 tonnes of carbon emissions each year, depending on where you live. In *How to Live a Low Carbon Life*, Chris Goodall shows how easy it is to take responsibility, providing a comprehensive one-stop reference guide to calculating your CO2 emissions and reducing them to a more sustainable 2 tonnes a year. This fully revised and expanded new edition takes into account new government targets on emissions reductions and includes up-to-date calculations and extensive graphics, clearly laying out the path to a low-carbon life.
