democracy in Ancient Greece until two centuries ago education meant in addition to reading and writing years of learning specific easily taught language techniques for interacting with others Nowadays absent such education the average American speaks 16 000 to 20 000 words every day but 74 percent of us suffer from speech anxiety As he joins Toastmasters and learns step by step to successfully overcome his own speech anxiety Bowe muses upon our record levels of loneliness social isolation and political divisiveness What would it mean for Americans to learn once again the simple art of talking to one another Bowe shows that learning to speak in public means more than giving a decent speech without nervousness or a total meltdown Learning to connect with others bestows upon us an enhanced sense of freedom power and belonging
