Atlantic and Its Enemies: A Personal History of the Cold War (Volume 2 of 2) (Large Print 16pt) Norman Stone, 2010 Those who survived the Second World War stared out onto a devastated morally ruined world Much of Europe and Asia had been so ravaged that it was unclear whether any form of normal life could ever be established again coups collapsing empires and civil wars some on a vast scale continued to reshape country after country long after the fighting was meant to have ended Everywhere the Atlantic world the USA Britain and a handful of allies was on the defensive and its enemies on the move For every Atlantic success there seemed to be a dozen Communist or Third World successes as the USSR and its proxies crushed dissent and humiliated the United States on both military and cultural grounds For all the astonishing productivity of the American Japanese and mainland western European economies setting aside the fiasco of Britain's implosion most of the world was either under Communist rule or lost in a violent stagnancy that seemed doomed to permanence Even in the late 1970s with the collapse of Iran the oil shock and the Soviet invasion of Afghanistan the initiative seemed to lie with the Communist forces Then suddenly the Atlantic won economically ideologically militarily with astonishing speed and completeness Jacket *Fifty Year Road: A Personal History of India from the Mid-sixties Onward*

Bhaskar Roy, 2024-01-17 An everyman flair makes history most authentic and intensely gripping Nothing captures more gnawingly the acute scarcity in the wake of two successive wars with China in 1962 and Pakistan in 1965 than the lengthening lines outside ration shops Fifty Year Road is Bhaskar Roy's look back moment but more crucially it's the less focused account of India that often gets overlooked by historiographers The Naxalbari uprising in perspective was the first and fiercest far left challenge to the Indian state born out of deep disillusion of the republic's first generation with the robust

dream come crashing Each of the subsequent upheavals has had untold sides too the Bangladesh Liberation War the 1974 rail strike the Emergency Indira assassination Rajiv Gandhi years economic reforms Ayodhya demolition Sonia Gandhi and Manmohan Singh s stewardship of the UPA and Narendra Modi s inexorable ride to power Because it s an ordinary man s memoir the narrative gets intertwined with the Indian chronicle The big and powerful amplify their lives and achievements a journalist captures the tone and tension of his times The book pulsates with the author s emotions and the nation s pain and possibility as well

The Making of Terrorism in Pakistan Eamon Murphy, 2012-12-12 This book explains the origins and nature of terrorism in Pakistan and examines the social political and economic factors that have contributed to the rise of political violence there Since 9 11 the state of Pakistan has come to be regarded as the epicentre of terrorist activity committed in the name of Islam The central argument of this volume suggests that terrorism in Pakistan has in essence been manufactured to suit the interests of mundane political and class interests and effectively debunks the myth of Islamic terrorism A logical consequence of this argument is that the most effective way of combating terrorism in Pakistan lies in addressing the underlying political social and economic problems facing the country After exploring the root causes of terrorism in Pakistan the author goes on to relate the historical narrative of the development of the Pakistani state to the theories and questions raised by Critical Terrorism Studies CTS scholars The book will therefore make an important contribution to CTS scholarship as well as presenting an analysis of the many complex factors that have shaped the rise of Pakistani terrorism This book will be of great interest to students of Critical Terrorism Studies Asian history and politics Security Studies and IR in general

Sovereign Attachments Shenila Khoja-Moolji, 2021-06-15 Sovereign Attachments rethinks sovereignty by moving it out of the exclusive domain of geopolitics and legality and into cultural religious and gender studies Through a close reading of a stunning array of cultural texts produced by the Pakistani state and the Pakistan based Taliban Shenila Khoja Moolji theorizes sovereignty as an ongoing attachment that is negotiated in public culture Both the state and the Taliban recruit publics into relationships of trust protection and fraternity by summoning models of Islamic masculinity mobilizing kinship metaphors and marshalling affect In particular masculinity and Muslimness emerge as salient performances through which sovereign attachments are harnessed The book shifts the discussion of sovereignty away from questions about absolute dominance to ones about shared repertoires entanglements and co constitution

Historical Dictionary of Pakistan Shahid Javed Burki, 2015-03-19 Pakistan is unlike most other countries in the emerging world It is one of the two nations the other being the state of Israel founded on the basis of religion Although it was created to provide a homeland for the Muslim community of British India in its original form it was able to accommodate only about half of the people of Islamic faith who lived in the subcontinent Pakistan s birth in 1947 resulted in one of the largest movements of people in human history when some 14 million people left their homes with 8 million Muslims leaving India for what is now Pakistan and 6 million Hindus and Sikhs moving in the opposite direction This was the first large scale incidence of ethnic

cleansing the world was to witness This fourth edition of Historical Dictionary of Pakistan covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Pakistan ***Violent Neighbourhood***

Turbulence in Pakistan and Afghanistan Sankar Sen,2014-01-01 The book contains a number of articles on the turbulent situation in Afghanistan and Pakistan following the American war against the Taliban regime in Afghanistan after the cataclysmic events of 9 11 They throw revealing lights on different dimensions and particularly lack of success of the American war against terror in Afghanistan and the diabolical role of Pakistan in providing covert support to the Taliban while keeping up the pretence of alliance with America Pakistan s unconcealed support to the Jihadi terrorists to settle scores with India besides posing threats to India s security has spawned uncontrollable chaos and lawlessness inside Pakistan and made it dysfunctional America s decision regarding withdrawal of its troops from Afghanistan after 2014 has compounded the situation and the future of that benighted country hangs in the balance The publication will help clear assessment of the evolving complex situation in Pakistan and Afghanistan and their impact on Indian s security ***Poles Apart*** Aditya Sondhi,2024-07-24 Is there a predominant reason why India is not Pakistan Many would likely point to the omnipresence of the military in the polity of the latter While the interventionist attitude of the army in Pakistan easily explains the democratic shortfall in its history the mirror opposite in India is rarely studied or credited Poles Apart is a unique and original investigation of the comparative roles of the military to study their influences on the growth of democracy in the two nations The book highlights the divisive outcomes of military coups on Pakistan s democratic trajectory while also closely analysing potential scenarios in India when the army could have gone astray but chose to stay apolitical Disgrace at the hands of China in 1962 the Emergency and Operation Blue Star among others make for fascinating case studies of how the army was treated shabbily but still remained politically disinclined On the other hand the overarching presence of Field Marshal Ayub Khan General Yahya Khan General Zia ul Haq and General Pervez Musharraf in the Pakistani political space represent a very different set of choices and interventions A crisp chapter on Bangladesh and its experiments with democracy and martial rule rounds off the deeply researched study ***Postsecular Feminisms*** Nandini

Deo,2018-07-26 Postsecular Feminisms explores the contested relationship between feminism and secularism through a series of case studies featuring perspectives from the global North and South It offers insights beyond those of the Abrahamic traditions and includes multiple examples from South Asia By decentering the European experience Postsecular Feminisms shows how secularism and feminism have been constituted in North America South Asia and Anglophone West Africa The book asks can postsecular feminism offer a way to think about religion and gender so as to support women in all the variety of their lived experiences The contributors show that postsecular feminism is a variety of feminism that is not

necessarily either secularist or anti secular Rather it is feminism informed by a history of secularist bias within liberal feminism Postsecular Feminisms explores both the potentials and pitfalls of postsecular feminisms with some authors arguing that a contextually grounded praxis is possible while others make a strong case against postsecular feminism as theory and practice

A Daughter's Heart Bushra Zulfiqar, 2011-12 *A Daughter's Heart* is a tale of love and evolution in a father daughter relationship It is a daughter's story of courage and endurance after being torn apart by a very painful and untimely death of her father The book brings to life the spirit of resilience that holds human beings together and gradually transforms grief into hope for the future It is a promising account of a brave young woman's journey coming from a country widely misunderstood in the contemporary world This book dispels some of the smoky myths that have come to surround the international conceptions about Pakistan an immensely rich country Moving and beautiful the power of a daughter comes across as a real force throughout the narrative

Sleepwalking to Surrender Khaled Ahmed, 2016-08-18 Pakistan is still on the brink of becoming a failed state as a consequence of its decades old practice of using proxy warriors in the region Because of the weakening of the writ of the state neither governance nor the economy can function normally in fact some say the two strong entities in today's Pakistan are the Taliban and the army Non state actors and the extremist terror outfits they control pursue extortion kidnapping and murder to fund their activities and receive ideological financial and logistical support from the deep state The army continues to use them in its India centric agenda Civilian institutions are intimidated and individuals who speak out against the terror outfits become targets of their retribution Violence not law increasingly commands human conduct and the state's willingness to enter into peace talks with the Taliban is viewed as a form of surrender to extremism Khaled Ahmed is Pakistan's most respected columnist and his formidable expertise on the ideologies of extremism is internationally acknowledged In *Sleepwalking to Surrender* he analyses the terrible toll terrorism has taken on Pakistan and appraises the portents for the future

Precision Strike Warfare and International Intervention Mike Aaronson, Wali Aslam, Tom Dyson, Regina Rauxloh, 2014-09-15 This book explores whether the new capabilities made possible by precision strike technologies are reshaping approaches to international intervention Since the end of the Cold War US technological superiority has led to a more proactive and some would argue high risk approach to international military intervention New technologies including the capacity to mount precision military strikes from high level bombing campaigns and more recently the selective targeting of individuals from unmanned aerial vehicles UAVs have facilitated air campaigns supported by Special Forces without the commitment of large numbers of troops on the ground Such campaigns include for example NATO's high level aerial bombardment of Milosevic's forces in Kosovo in 1999 and of Gaddafi's in Libya in 2011 and the US operation involving Special Forces against Osama Bin Laden The development of UAVs and electronic data intercept technologies has further expanded the potential scope of interventions for example against Islamic militants in the tribal areas of Pakistan This volume examines three key and interrelated dimensions of these new precision strike capabilities 1 the

strategic and foreign policy drivers and consequences 2 the legal and moral implications of the new capabilities and 3 the implications for decision making at the strategic operational and tactical levels This book will be of much interest to students of war and technology air power international intervention security studies and IR Contemporary Populists in Power Alain Dieckhoff, Christophe Jaffrelot, Elise Massicard, 2022-02-28 Populism is on the rise and so are academic studies on populism The study of populism has long focused on the way its spokespersons have behaved as an oppositional force in Western countries in particular While discourses and practices of populists exercising a protest function still merit attention this volume trains the focus on populists in government The real novelty of the past decade is that many populists are now or have been in power in Europe as well as in other parts of the world and this book intends to play a pioneering role from a geographical and analytical standpoint Besides Europe and Latin America where populism is well established populists are today or have been recently in office in the Middle East Turkey Israel Asia India Thailand the Philippines Pakistan Sri Lanka and the United States In most of the cases their rule has resulted in forms of authoritarianism giving birth to a new kind of regime that combines elections which populists need to nurture their legitimacy and attacks against institutions in charge of checks and balances including the judiciary While most of the populist rulers have consolidated their power democratic resilience has prevailed in some rare cases National Election Eradication Movement Dr K Chaudhry, The book aims at 1 Elimination of Corrupt Electoral Governance Until Elections are eliminated Instant Election System is proposed where Nationwide Election can be completed and results announced in a day even in an hour 2 Government take over of Entire Telecom Sector eliminating 2G to 100G Scams 3 Optimal Honest exploitation of Natural Resources to make India a Tax free Nation 4 Community run Bhojan Bhandaar in Every Community where residents and others can take Free Food together and discuss matters pertaining to Development of Nation 5 Emergence of New Prosperous BharatVarsh with India Pakistan Bangladesh Srilanka and more under label United Republic *Current Affairs September 2018 eBook* Jagran Josh, 2018-09-03 Current Affairs September 2018 eBook is created by keeping the demands of recent pattern of various competitive exams in major view It is brought to you by Jagran Josh com The topics for cover story and entire news section are selected on the basis of an analysis of general knowledge sections in all important exams including IAS PCS BANK SSC Insurance and others And the time duration of topics covered in magazine includes all exam oriented current affairs of August 2018 It presents the comprehensive coverage of the events of current affairs which are chosen on the basis of the requirements of all important exams It covers all exam oriented current affairs of August 2018 with all required facts and analysis The analysis of all the events related to National International Economy Science Technology Environment Ecology is done in a way that fulfills the demand of all the important exams including IAS The language used in the magazine is lucid and easy to understand language The major topics included in the magazine for cover story are BRICS Summit 2018 Pakistan Elections Results 2018 NRC Assam Article 35A of the Indian Constitution among others The eBook is expected to be handy

Let There Be Justice B. J. Sadiq, 2017-09-09 Pakistan has been labelled as one of the most controversial countries in the world A country tainted with military dictatorships tormented by religious extremists and fleeced by years of corrupt democratic rule It is a place where an endemic culture of nepotism blooms with impunity The biggest casualty of this political and social homicide are the ordinary citizens who are left to struggle with appalling economic conditions and a system sorely in need of repair In a climate as unsettling as that one noise exploded onto the scene with an unyielding aggression Imran Khan former cricket celebrity philanthropist and turned politician seems to have changed the decorum of Pakistan's botched up political landscape An irreverent iconoclast Khan established his Movement for Justice party back in 1996 and has doggedly moved up the ranks Brazenly accusing his opponents with unprecedented levels of corruption Imran's party has gone from being a novice presence to one of the most defiant voices in the parliament's opposition benches *Let There Be Justice The Political Journey of Imran Khan* is an intriguing story of Imran Khan's populist politics his verve and unfettered commitment which may eventually swing him into power at the next general elections in 2018 *Populist Discourse in Pakistani Politics* Fizza Batool, 2025-09-28 This book presents a new theoretical model for mapping how populist leaders construct the people using simultaneous processes of inclusion and exclusion Applying this model to Pakistan's distinctive political landscape the work analyzes the populist discourse of Zulfikar Ali Bhutto and Imran Khan highlighting the key similarities and differences in their construct The comparative analysis underlines how Pakistan's political history including the role of religion the military and dynastic politics shapes populist politics in the country By centering a non Western case this book challenges dominant frameworks and offers an accessible comparative lens on populist discourse It will be of interest to scholars and students of populism Pakistani politics and discourse analysis as well as to those interested in the broader dynamics of democratization in hybrid political systems **Hizbut Tahrir Indonesia and Political Islam**

Mohamed Nawab Mohamed Osman, 2018-05-15 This book offers a timely examination of Hizbut Tahrir Indonesia HTI a chapter of the transnational movement Hizb ut Tahrir HT whose key aim is the revival of the caliphate It cautions against an overly simplistic read of a group like HTI and political Islam in Indonesia While there is much to laud particularly with regard to how leaders in Indonesia have attempted to counteract Islamist extremism insofar as the trajectory of non violent Islamism in Indonesia is concerned there are clear reasons for apprehension Groups like the HTI have been adept at using the democratic space in Indonesia to propound their illiberal objectives including encouraging the curtailment of Indonesian art forms deemed un Islamic and more importantly pushing for certain Islamic sects such as the Ahmadiyahs to be banned Yet despite its extreme posturing HTI is accepted as a mainstream Muslim organization As such the Indonesian chapter of Hizb ut Tahrir represents a unique case unlike other chapters which are deemed extreme and fringe HTI though radical still exists within the space provided by the Indonesian religio political landscape This book offers new insights into HTI's history

organizational structure and ideology adding considerable new details about HTI and correcting errors in existing literature while directing its primary focus on explaining HTI's rapid growth in Indonesia. The central argument is that the key to understanding HTI's growth lies in the role collective identity plays in attracting new members and retaining its existing members within the party. Factors such as institutional and non-institutional opportunities within the Indonesian political system, HTI's resource mobilization strategies and the anti-systemic ideology of HTI serve as political, organizational and religious incentives for individuals to join the party and launch collective action. This goes on to emphasize and show that collective identity remains the most crucial factor in the party's growth. Analysing this process of collective identity formation and its impact on recruitment and membership retention is central to this book. This book will be of much interest to students of Southeast Asian politics, regional security, political Islam and International Relations in general.

A Leap Forward: Capacity Building, Education and India-Afghanistan Cooperation, 2013-10-15

Since 2001, Afghanistan has provided New Delhi an opportunity to underline its role as a regional power. In the rapidly evolving geo-strategic scenario, India was forced to reconstitute and reassess its policies towards Afghanistan. India-Afghanistan Cooperation took a leap forward after the defeat of the Taliban and the installation of an Interim Authority. India's main focus has been to support the Afghan government and the political process in the country mandated under the Bonn Agreement of 2001. In the past decade, India pursued a policy of high-level engagement with Afghanistan through wide-ranging humanitarian, financial and infrastructural project assistance as well as participation in international efforts aimed at political and economic rebuilding of Afghanistan. India has growing stakes in peace and stability in Afghanistan and the 2011 India-Afghanistan Strategic Partnership Agreement underlines India's commitment to ensure that a positive momentum in the Indo-Afghanistan ties is maintained. One of the foremost aims of India's involvement in Afghanistan has been to assist in building indigenous Afghan capacity and institutions which encompasses all the sectors of development. This book, apart from examining the changing trajectory of India's policy towards Afghanistan, focuses on two particular areas of Indian intervention in Afghanistan, namely Capacity Building and Education. It also evaluates its importance in strengthening the Delhi-Kabul ties. Identification of factors that are aiding or blocking the smooth functioning of these policies have been the purpose of this academic pursuit. Attempts have been made to reach out to the Afghan beneficiaries in both India and Afghanistan in order to understand their perspectives, requirements and disgruntlements. This research underscores that the purpose behind India's involvement in Afghanistan should not be defeated and thereby attempts to put forward certain steps and directions that can be adopted by the Indian Government in order to achieve long-lasting dividends by smooth implementation of India's aid disbursement policy. As US-led North Atlantic Treaty Organization forces prepare to leave Afghanistan in 2014, India stands at a crossroads as it remains keen to preserve its interest in Afghanistan. This book, apart from underlying ever-evolving Indian policy in Afghanistan, provides concrete recommendations that can enhance the effectiveness of ongoing Indo-Afghanistan cooperation.

CURRICULUM REFORM IN PAKISTAN Amna Afreen, 2022-02-25 I have written this book in an effort to explore how the history of Pakistan has resulted in the critical problems weighing down its education system. The book examines the questions: Why and how has a small elite class come to rule Pakistan? And how has their rule worsened the country's problems? The focus will be to critically examine the elements of the Pakistani national curriculum and madrasas and their effects on Pakistani society. The book represents the fusion of my experiences in Pakistan with extensive literature analysis, interviews, and textbook analysis. This research began when I came to the United States in January 2015 through the SAR program. I wanted to know the answers to profoundly unsettling questions: How can a society be so intolerant that a scholar educated solely in Pakistan is disregarded and assassinated while many Western educated scholars with traditional insular thoughts are not only appreciated but flourishing? I wanted to know why Pakistani elites have so much power and freedom while lower classes are profoundly oppressed. Elites who barely pay taxes have been in power for generations while those that pay taxes suffer from sky-high inflation. The influential religious leaders mostly belong to the elite class while their followers are mostly lower class. Ruling families and social classes mostly control appointed positions. Do those in power not have a responsibility to speak on issues of social justice rather than limiting themselves in claiming that theirs is the only true form of Islam? Why don't they work to end the disparity of quality education between classes in Pakistan? Instead, many elites run their own lucrative elite Islamic schools. More importantly, why do the ulama, which literally means those who possess knowledge, particularly of Islam, maintain a tight hierarchical system in the madrasa Islamic seminary community that rarely allows poor intelligent students to attain leadership positions? Why are the ulama silent in the face of ruthless murder and discrimination against Pakistani minorities? Book Review: *Pakistan Educational Reforms* is a major study of education in Pakistan and its national and madrasa curriculum that fosters national and religious sectarian divisions, intolerance, and conflicts. Dr. Amna Afreen documents the political, socio-economic, and religious causes, limited government funding, widespread poverty and illiteracy, and the poor training and performance of teachers that have produced a failed educational system at urban and rural government and religious schools, madrasa, and offers a series of potential solutions and reforms. John L. Esposito, University Professor and Founding Director of The Alwaleed Center for Muslim-Christian Understanding, Georgetown University.
