*Modern French Literature (Classic Reprint)* L. Raymond De Vericour, 2017-12-19 Excerpt from Modern French Literature The editor of the present treatise was unwilling while at Paris to lose an Opportunity of becoming acquainted with the more valuable portions of recent French literature He was naturally desirous that the results of his conscientious studies might be made known to the public in such a way as would tend to remove prejudices with which the subject is unfortunately considered in this country But convinced that the latter purpose can be effected sooner and perhaps better by less ambitious labors than those of authorship he has by the advice of his Father About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**Modern French Literature in Translation (Classic Reprint)** Jacques Hardre, 2017-07-16 Excerpt from Modern French Literature in Translation During the heyday of Dadaism and Surrealism Of Gide and of Proust a young man in Paris was writing a book about an adolescent love affair which was to create a stir in literary circles *Le diable au corps* by Raymond Radiguet is not a great novel but it is a very remarkable one The story it unfolds is told with great simplicity which links it to the line Of French classical novels Though it deals with a Subject which could easily have been treated salaciously there is not one sensational note in it Radiguet has depicted here a child's vision Of the world with all the vividness and directness of a child and also With a child's ruthless disregard for other people's feelings Although it is the personal story which holds the attention of the reader it is none the less worthwhile to note the author's attempt to give a picture of a particular moment in the history Of France About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

*The Great Modern French Stories* Willard Huntington Wright, 2017-01-07 Excerpt from The Great Modern French Stories A Chronological Anthology Mme De Staël however had much to do with the liberalizing Of French letters On the formal and aesthetic side Of literature her influence was nugatory but she reacted in a salutary manner against the cramping restrictions Of the purely classic viewpoint She brought new and borrowed ideas to the novel she broadened its outlook and she awakened in the younger generation of writers a spirit Of freedom and intrepidity It was the fecundity of her

thought which enriched all the serious fiction writing which followed her. Her Delphine and Corinne though scarcely read today played very much the same part in the development of French fiction that the works of Richter and Goethe played in the development of German fiction. The novel became a medium not for esthetic form but for esthetic ideas. In her the literature of her country donned the garb of cosmopolitanism. **Female Intimacies in Seventeenth-Century French Literature** Marianne Legault, 2016-04-15. Examining literary discourses on female friendship and intimacy in seventeenth century France, this study takes as its premise the view that unlike men, women have been denied for centuries the possibility of same sex friendship. The author explores the effect of this homosocial and homoprivileged heritage on the deployment and constructions of female friendship and homoerotic relationships as thematic narratives in works by male and female writers in seventeenth century France. The book consists of three parts: the first surveys the history of male thinkers' denial of female friendship, concluding with a synopsis of the cultural representations of female same sex practices. The second analyzes female intimacy and homoeroticism as imagined, appropriated and finally repudiated by Honoré d'Urfé's pastoral novel *L'Astrée* and Isaac de Benserade's seemingly lesbian friendly comedy *Iphis et Iante*. The third turns to unprecedented depictions of female intimate and homoerotic bonds in Madeleine de Scudéry's novel *Mathilde* and Charlotte Rose de Caumont de La Force's fairy tale *Plus Belle que Fée*. This study reveals a female literary genealogy of intimacies between women in seventeenth century France and adds to the research in lesbian and queer studies fields in which pre-eighteenth century French literary texts are rare.

**A Century of French Fiction (Classic Reprint)** Benjamin W. Wells, 2015-07-10. Excerpt from A Century of French Fiction. This book is a study of novels, not of novelists. It seeks to show the development of what has come to be the chief genre in the most artistic of

European literatures The limitations that this purpose involves are obvious Biography belongs here only in so far as heredity or environment influence those qualities in an author by which he in turn influences the development of fiction With some novelists such as George Sand these are very significant with others such as Daudet they are hardly significant at all The poems dramas or essays of novelists are usually passed in silence though they may be as with Sainte Beuve the chief title to literary distinction And in regard to the novels themselves this book is less concerned with what is done than with how it is done it seeks not to retell a story but to convey an artistic impression and in the space that it accords to the 115 novelists and 688 novels or short stories that it names it is less influenced by an author's popularity than by the excellence or novelty of his technic his style or his ideas of the functions ethical social philosophical or artistic of the novel Many writers are little read who have been studied by those who are read much About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**Modern French Readings (Classic Reprint)** William Ireland Knapp, 2016-06-24 Excerpt from Modern French Readings HE leading object of this volume is to furnish the student with progressive materials for becoming acquainted with the current language of France under the influences that are giving it a new phase of development To that end the selections have been made with reference to style and vocabulary rather than to the history of the literature so as to enable the reader to acquire experience in the popular social every day terms and idioms that characterize the writings of the French to day Another end in view though somewhat more local in its origin is to facilitate a wider range of reading to our own students than was practicable where a large number of foreign and expensive volumes were required of which only a limited portion of each was available The present excerpts are intended to embrace a year's study beginning with what is easy and gradually advancing to the more difficult styles of Daudet and Victor Hugo It is charitably believed however that what is desirable for our young gentlemen here will be acceptable to other schools of learning and in this confidence the book has been prepared About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
