Middle East James L. Gelvin, 2017-10-03 In the aftermath of the collapse of the USSR the American invasion of Iraq and the Arab uprisings of 2010-11 a new Middle East has emerged The Syrian civil war has displaced half the country's population and ISIS and other jihadi groups thrive in the political vacuum there and in Iraq setting a new standard for political violence Meanwhile regimes in Egypt and Bahrain have become even more repressive after the uprisings there and Libya and Yemen have virtually ceased to exist as states The hallmarks of this new Middle East are rebellion and repression proxy wars sectarian strife the rise of the Islamic State and intraregional polarization International and regional actors stoke the flames with the United States and Russia seeking to reposition themselves in the region and Saudi Arabia and Iran vying for supremacy In the long term perils including climate change food and water insecurity and population growth along with bad governance and stagnant economies will determine the destiny of the region In *The New Middle East What Everyone Needs to Know* renowned Middle East scholar James L. Gelvin explains all these developments and more in a concise question and answer format Outlining the social political and economic contours of the New Middle East he illuminates the current crisis in the region and explores how the region will continue to change in the decades to come **The New Middle East** James

L. Gelvin, 2023 In the second edition of *The New Middle East What Everyone Needs to Know* renowned Middle East scholar James L. Gelvin explains how in the aftermath of the collapse of the USSR the American invasion of Iraq and the Arab uprisings of 2010-11 a new Middle East has emerged Syria Libya and Yemen have become crisis states where warlords vie against governments and each other The economies of Iran Turkey and Lebanon weakened by corruption sanctions and neoliberal economic policies have imploded Some states have doubled down on repression while others intervene in the

internal affairs of their neighbors with impunity The revised and expanded edition explores these hallmarks of the New Middle East along with the end of American hegemony in the region the expansion of conflict zones the continued centrality of the Saudi Iranian competition and the ramifications of the breakdown of the Israel Palestine peace process It also highlights the crisis of human security brought on by the COVID 19 pandemic bad governance stagnant economies poor healthcare and educational delivery systems climate change food and water insecurity population growth and imbalance and the unprecedented displacement of populations In a concise question and answer format Gelvin outlines the social political and economic contours of the New Middle East illuminating the current crisis in the region and exploring how it is likely to evolve in the decades to come

The Arab Uprisings James L. Gelvin, 2012-03-01 Beginning in December 2010 popular revolt swept through the Middle East shocking the world and ushering in a period of unprecedented unrest Protestors took to the streets to demand greater freedom democracy human rights social justice and regime change What caused these uprisings What is their significance And what are their likely consequences In an engaging question and answer format *The Arab Uprisings What Everyone Needs to Know* explores all aspects of the revolutionary protests that have rocked the Middle East Historian James Gelvin begins with an overview What sparked the Arab uprisings Where did the demands for democracy and human rights come from How appropriate is the phrase Arab Spring before turning to specific countries around the region He looks at such topics as the role of youth labor and religious groups in Tunisia and Egypt and discusses why the military turned against rulers in both countries Exploring the uprisings in Libya and Yemen Gelvin explains why these two states are considered weak why that status is important for understanding the upheavals there and why outside powers intervened in Libya but not in Yemen Next Gelvin compares two cases that defied expectations Algeria which experts assumed would experience a major upheaval after Egypt's and Syria which experts failed to foresee He then looks at the monarchies of Morocco Jordan and the Gulf exploring the commonalities and differences of protest movements in each The final chapter discusses the implications of the uprisings What do they mean for the United States For Iran Has al Qaeda been strengthened or weakened What effects have the uprisings had on the Israel Palestine conflict What conclusions might we draw from the uprisings so far For anyone wishing to understand the dramatic events in the Middle East *The Arab Uprisings* is the place to turn *What Everyone Needs to Know* is a registered trademark of Oxford University Press

Gelvin, 2021-03-11 Now in its fourth edition James L Gelvin's award winning account of the conflict between Israel and Palestine offers a compelling accessible and current introduction for students and general readers The book traces the struggle from the emergence of nationalism among the Jews of Europe and the Arab inhabitants of Ottoman Palestine through to the present exploring the external pressures and internal logic that have propelled it Placing events in Palestine within the framework of global history *The Israel Palestine Conflict A History* skilfully interweaves biographical sketches eyewitness accounts poetry fiction and official documentation into its narrative This updated edition
