express the disorientation paradox and trauma of transnational lives This book is essential for anyone seeking to understand the enduring creative power of magical realism *Magical American Jew* Aaron Tillman, 2017-11-15 Efforts to describe contemporary Jewish American identities often reveal more questions than concrete articulations more statements about what Jewish Americans are not than what they are Highlighting the paradoxical phrasings that surface in contemporary writings about Jewish American literature and culture language that speaks to the elusive difference felt by many Jewish Americans Aaron Tillman asks how we portray identities and differences that seem to resist concrete definition Over the course of *Magical American Jew* Tillman examines this enigma the indefinite yet undeniable difference that informs contemporary Jewish American identity demonstrating how certain writers and filmmakers have deployed magical realist techniques to illustrate the enigmatic difference that Jewish Americans have felt and continue to feel Similar to the indeterminate nature of Jewish American identity magical realism is marked by paradox and does not fit easily into any singular category Often characterized as a mode of literary expression rather than a genre within literature magical realism has been the subject of debates about definition origin and application After elucidating the features of the mode Tillman illustrates how it enables uniquely cogent portrayals of enigmatic elements of difference Concentrating on a diverse selection of Jewish American short fiction and film including works by Woody Allen Sarah Silverman Cynthia Ozick Nathan Englander Steve Stern and Melvin Jules Bukiet *Magical American Jew* covers a range of subjects from archiving Holocaust testimony to satirical Jewish American humor Shedding light on aspects of media marginalization excess and many other facets of contemporary American society the study concludes by addressing the ways that the magical realist mode has been and can be used to examine U S ethnic literatures more broadly **Realism: Aesthetics, Experiments, Politics** Jens

Elze, 2022-04-07 Realism seems to be everywhere both as a trending critical term and as a revitalized aesthetic practice This volume brings together for the first time three aspects that are pertinent for a proper understanding of realism its 19th century aesthetics committed to making reality into an object of serious art the experiments with and against realism by 20th century modernist postmodernist or magical realist writing and the politics of realism especially its ambitions to map the complex realities produced by global capitalism and climate catastrophe This juxtaposition of aesthetics experiments and politics unsettles the entrenched opposition between realism and experimental literature that tends to ignore the fact that realism by virtue of its commitment to a changing material and social world cannot be but continuously experimenting The innovative chapters of this book address some of the pressing questions of literary and cultural studies today like the complex relation between historical materialism and new materialisms between science and art or the different aesthetic and political affordances of making systemic analyses against depicting the specificity of the local Some of the chapters deal with classically realist authors such as George Eliot mile Zola and Joseph Conrad to gauge the aesthetic radicalism of their diverse realist projects Others investigate the experimental engagements with realism by authors such as B S Johnson J M Coetzee or

Rachel Cusk Yet others analyze the politics of realism found in contemporary anglophone novels by writers like Chimamanda Ngozi Adichie David Mitchell or Rohinton Mistry The readings assembled here are a testament to the diversity of literary realism s from the 19th 20th and 21st centuries and to the ongoing controversies surrounding definitions and deployments of realism

Diasporic Marvellous Realism María Alonso Alonso,2015-07-14 Diasporic Marvellous Realism highlights the interesting switch in perspective found in contemporary literary production where the supernatural is regarded from a diasporic perspective as marvellous rather than magical The titular term is applied to the influence of transterritorialization on the works of first and second generation immigrant writers when approaching and exploring the myths and legends of their culture of origin The texts included in this analysis show that the employment of this literary philosophy and narrative technique in contemporary literature involves a fruitful refocusing of the rhetorical gaze regarding the importance of cultural heritage as vindictory resistance to the lacunae of history and as celebratory re enfranchisement of diasporic communities in host countries such as Canada and the UK

Empathy and the Phantasmic in Ethnic American Trauma Narratives Stella Setka, 2020-05-19 *Empathy and the Phantasmic in Ethnic American Trauma Narratives* examines a burgeoning genre of ethnic American literature called phantasmic trauma narratives which use culturally specific modes of the supernatural to connect readers to historical traumas such as slavery and genocide Drawing on trauma theory and using an ethnic studies methodology this book shows how phantasmic novels and films present historical trauma in ways that seek to invite reader/viewer empathy about the cultural groups represented In so doing the author argues that these texts also provide models of interracial alliances to encourage contemporary cross cultural engagement as a restorative response to historical traumas Further the author examines how these narratives function as sites of cultural memory that provide a critical purchase on the enormity of enslavement genocide and dispossession

American Literature Benjamin Railton, 2016-11-10 Throughout history creative writers have often tackled topical subjects as a means to engage and influence public discourse American authors those born in the States and those who became naturalized citizens have consistently found ways to be critical of the more painful pieces of the country s past yet have done so with the patriotic purpose of strengthening the nation s community and future In History and Hope in American Literature Models of Critical Patriotism Ben Railton argues that it is only through an in depth engagement with history especially its darkest and most agonizing elements that one can come to a genuine form of patriotism that employs constructive criticism as a tool for civic engagement The author argues that it is through such critical patriotism that one can imagine and move toward a hopeful shared future for all Americans Railton highlights twelve works of American literature that focus on troubling periods in American history including John Steinbeck s The Grapes of Wrath David Bradley s The Chaneysville Incident Louise Erdrich s Love Medicine Tony Kushner s Angels in America Junot Diaz s The Brief Wondrous Life of Oscar Wao and Dave Eggers s What Is the What From African and Native American histories to the Depression and the AIDS epidemic Caribbean and Rwandan refugees and immigrants to global climate change these works help readers confront understand and transcend the most sorrowful histories and issues In so doing the authors of these books offer hard won hope that can help point people in the direction of a more perfect union History and Hope in American Literature will be of interest to students and practitioners of American literature and history **Diasporic Tastes** Paula Torreiro Pazo, 2016

Diasporic Tastes seeks to explore the culinary metaphors present in a selection of Asian American narratives written by a variety of contemporary authors The intricate web of culinary motifs featured in these texts offers a fertile ground for the study of the real and imaginary hi stories of the Asian American community an ethnic minority that has been persistently racialized through its eating habits Thus this book examines those literary contexts in which the presence of food images becomes especially meaningful as an indicator of the nostalgia of the immigrant the sense of community of the diasporic family the clash between generations and the shocks of arrival and return The reading of Asian American edible metaphors from these perspectives will prove particularly revealing in relation to the notions of home identity and belonging all of them
