

The illustration depicts a young girl with brown hair, wearing a blue headband with white polka dots, a blue vest over a white shirt, blue pants, and white sneakers. She is swinging joyfully on a thick yellow rope. The background features a white picket fence and a large, textured brown tree trunk on the right. The ground is green grass with some fallen orange leaves. The overall style is a soft, painterly illustration.

Mommy, I Feel Funny!

A Child's Experience with Epilepsy

Mommy I Feel Funny A Childs Experience With Epilepsy

Richard F. Davis

Mommy I Feel Funny A Childs Experience With Epilepsy:

Mommy, I Feel Funny! Danielle M. Rocheford, 2009 This is the story about a little girl named Nel who is diagnosed with epilepsy The story takes the reader through the days following Nel s first seizure *Epilepsy in Children* Erin Conway, Orrin Devinsky, Courtney Schnabel Glick, 2015-12-02 For the parent of a child with epilepsy an easy to read guide to understanding and managing the disorder while helping your child achieve and maintain a high quality of life From a leading neurologist experienced nurse practitioner and registered dietician comes the complete guide to managing your child s life with epilepsy Epilepsy in Children offers the practical advice and information you need to manage your child s seizures safely and effectively understand the latest treatment options and find hope for a seizure free future Key Features Get the right diagnosis for your child and the correct treatment to reduce the frequency of seizures faster Learn the benefits and risks of pharmaceutical surgical and alternative therapies including the ketogenic diet Help your child maintain a normal life at school with friends and in sports and other activities Navigate the transitions from infancy and childhood to puberty to becoming a young adult **Can I Tell You about Epilepsy?** Kate Lambert, 2012 Discusses epilepsy explaining how those suffering from the disorder experience seizures and offers suggestions for how parents and educators can help those afflicted

Shut Up About Your Perfect Kid Gina Gallagher, Patricia Konjoian, 2010-08-03 **AUTHORS DISCLAIMER** We are not in any way experts on parenting children with disabilities Our goal is simply to share strategies that have worked for each of us in the event it may help those in a similar situation If you re different from us i e you are bright or of the perfect persuasion we advise you not to try the following at home On a perfection preoccupied planet sisters Gina and Patty dare to speak up about the frustrations sadness and stigmas they face as parents of children with disabilities one with Asperger s syndrome the other with bipolar disorder This refreshingly frank book which will alternately make you want to tear your hair out and laugh your head off should be required reading for parents of disabled children Shut Up About Your Perfect Kid provides wise and funny advice about how to Find a support group either online or in your community Ensure that your child gets the right in school support Deal with people be they friends family members or strangers who say or do insensitive things to you or your child Find fun safe and inclusive extracurricular activities for your child Battle your own grief and seek professional help if you need it Keep the rest of the family intact in moments of crisis **Psychotherapy for Families after Brain Injury** Pamela S. Klonoff, 2014-04-18 Whether caused by illness accident or incident brain injury requires multi tiered resources for the patient and considerable external care and support When recovery is sidelined by depression anger grief or turmoil family members and the support network have critical roles to play and need their own guidance and compassionate therapeutic interventions Psychotherapy for Families after Brain Injury offers theoretical frameworks and eclectic techniques for working effectively with adult patients and their families at the initial active and post treatment phases of rehabilitation This practical reference clarifies roles and relationships of the support network in interfacing with the loved one and

addresses the understandably devastating and sometimes derailing emotions and psychosocial adversities The content promotes psychoeducation and guided exercises delineates helpful hints and coping tools and proffers multimedia resources to overcome hurdles Constructs of awareness acceptance and realism for all parties are woven throughout along with ideas to enhance the support network s commitment adjustment positivity hope and longevity Case excerpts instructive quotes from caregivers and nuggets of clinical advice assist in analyzing these and other topics in salient detail The impact of brain injury on different family members Treatment themes in early family sessions Family therapy for moderate to severe brain injury concussion and postconcussion syndrome Family therapy after organic brain injury stroke anoxia tumor seizure disorders Family group treatment during active rehabilitation End of life and existential considerations and positive aspects of care giving Aftercare group therapy for long term needs The hands on approach demonstrated in Psychotherapy for Families after Brain Injury will enhance the demanding work of a range of professionals including neuropsychologists clinical psychologists rehabilitation psychologists family therapists marriage and family counselors psychiatrists behavioral mental health counselors clinical social workers rehabilitation specialists such as speech language pathologists physical and occupational therapists and graduate students in the helping professions Photosensitive Epilepsy Graham F. A. Harding, Peter M. Jeavons, 1994-01-10 The most comprehensive review of current knowledge on photosensitive epilepsy in humans A Mac Keith Press Publication Epilepsy on Our Terms Steven C. Schachter, Georgia D. Montouris, John M. Pellock, 2008 Nearly three million people in the United States live with epilepsy every day and another 180 000 Americans develop epilepsy every year Around the world more than 60 million people have epilepsy Epilepsy impacts everyone in different ways as well as their families friends and professional caregivers This enlightening book presents the firsthand personal accounts of children with seizure disorders and their parents In their own words these children and parents vividly describe the experiences of handling the crisis of the initial seizure adjusting to the diagnosis of epilepsy coping with seizures managing medications and side effects and dealing with health care providers teachers schoolmates siblings and friends Their stories reveal the terror uncertainty and frustration felt by children and parents after an initial seizure or a diagnosis of epilepsy and document the ongoing trials tribulations and triumphs of coping with seizures medication schedules and side effects health care providers and hospitals schoolmates siblings relatives and friends These accounts provide realistic insights into the myriad issues encountered in living with childhood epilepsy The book also includes a straightforward medical discussion of childhood seizures written in layperson s terms a glossary of medical terms and a guide for schoolteachers and parents *The New Children and Near-Death Experiences* P. M. H. Atwater, 2003-11-06 Presents an in depth look at children who have experienced the near death phenomenon and the heightened abilities that these children exhibit Provides compelling evidence for the existence of a generation of children who represent the spiritual evolution of the human race Includes firsthand testimonies of children who have returned from near death *The New Children and Near Death*

Experiences is the first book to provide from the view of the child an in depth study of children who have experienced the near death phenomenon and its aftereffects Atwater notes that the child who returns from a near death experience is not the same child as before but is a remodeled rewired reconfigured refined version of the original Presenting data to support her contention that these children have experienced structural chemical and functional changes in the brain she also shows how their greater empathic abilities as well as dramatically higher intelligence are qualities that are also present in children born since 1982 enhanced abilities that cannot be tied to simple genetics Atwater shows that understanding the near death experiences of children can help us prepare for a quantum leap in the evolution of humanity **A Textbook of Epilepsy**

John Laidlaw, Alan Richens, 1976 *Pediatric Nursing* Catherine Gannon Tagher, Lisa Marie Knapp, 2023-08-25 *Pediatric Nursing A Case Based Approach 2nd Edition* helps students master pediatric nursing concepts and develop the critical thinking and clinical judgment essential to safe pediatric care and health promotion for children of all ages This extensively updated 2nd Edition details the latest pediatric approaches to COVID 19 child abuse mental health and more accompanied by new learning features that train students to think like nurses and prepare for the Next Generation NCLEX Realistic clinical scenarios challenge students to apply their understanding reinforcing key content while honing the clinical reasoning patient advocacy and patient education skills critical to effective outcomes in any setting **Photosensitive Epilepsy** Peter M.

Jeavons, Graham F. A. Harding, 1975 **Seized Again** Richard F. Davis, 2011-07-19 none As I was working on the cover looking at the photos of what our brain neurons look like I began to think it looked like one of my favorite games Asteroids when your goal was to destroy the asteroids before they destroyed your spaceship That was 30 years ago I thought how funny it would be to paint into the cover picture a space ship like that to see if anyone would notice it but the more I thought about it the more it made me laugh So I designed my own game in my imagination station and drew them out here for you to enjoy Ill call it Seizuroids with the goal to destroy all the meteorites called fear stress anxiety worry depression loneliness and anger before it hits the brain causing a seizure and destroying all the electrical neutrons Laughter truly is the best medicine **Winding Your Way** Jane Salem, 2025-03-26

When faced with the diagnosis of a child s disability a parent s world shrinks to a minute to minute existence They are thrown into an unknown world of medical jargon appointments school concerns grief for what their child will not experience and often feel the loss of their own and their family s identity and joy Not only is your world out of control with hardly room for a breath but you wonder if you ll ever be regular or feel happy as a family again This book helps parents move from minute to minute to a return to a day to day life with a their new normal at the foundation The reader will encounter the touchstones to expect on this winding road how to navigate them with the author as mentor and guide as she shares her family s story The touchpoints equip parents of a child with a disability to create their own normal feel more in control of unknown situations focus on God s presence and call to their lives and experience the hope of joy and peace in their days *Trauma, Turmoil, Testimony and Truth - A Memoir by Diana Floyd*

Diana Floyd, 2021-02-07 A Non Fiction book exposing the unthinkable Diana Floyd's 5 star reviewed autobiography reveals top traumatic events from her childhood death sexual abuse divorce addiction serious illnesses dysfunctional relationships family drama's psychogenic non epileptic seizures and much more 27 Years Later My journey with child abuse a psychotic mother death and suicide child loss and a magnitude of undiagnosed disorders leaving doctors flabbergasted REVIEW by Yvonne van Niekerk Therapist at FAMSA Outeniqua I can not believe that one person can go through so much trauma within 27 years There is very little information available about psychogenic non epileptic seizures In her book Diana explains what PNES is how a seizure can unfold and its typical presentation how such a patient should be treated during an attack and what the triggers are I admire Diana that she was able to write this book while she had literally 5 to 20 attacks a day every day I have known Diana for 7 years and am amazed by her courage boldness and humor during the most difficult circumstances REVIEW by Maritza Gerber Teacher at Heart At Work Incedendo This book is excellent Very well written This is my story Here I have chronicled all the too crazy to believe events that have happened in my life I hope all who go on this journey with me will gasp giggle and go nuts as they eagerly chew the pages with their eyes The material stretches as far back as my childhood in the 90's until today Why currently Because like the ocean the waves of drama never stop in my life I started writing this book in the hope of curing the sudden disorder I have recently developed Psychogenic Non Epileptic Seizures BUT WAIT THERE IS MORE For the past few months I have not only been struggling with PNES but also a panga hanging over my head called cancer So far I have been 450kms away from my family for 8 months and counting due to my medical treatment COVID 19 is also contributing to me being exiled I do get out now and again but that is only to book into hospital and get manhandled At 27 years old you would not believe how much drama has taken up these years This book covers most of the top traumatic events one can think of that I have experienced childhood traumas death sexual abuse divorce addiction serious illnesses and being written off despite innocence A lot of humour has been carried through the devastating events that I have laid bare just to make it that much more exciting Some of the stories sound so unreal that you will literally start laughing in total disbelief I hope you enjoy the book and keep a look out for additional pages as my writing journey as well as my day to day life is a process of progress Happy reading Social Media links for more information Facebook Page <https://www.facebook.com/TraumaTurmoilTestimonyTruthDianaFloyd> YouTube Channel https://www.youtube.com/channel/UCjTsTqQ_4Pz4MByekmrARlw Email dianafloyd@childabuse-molesting-molestation-pedophile-freedomfromabuse-sexualassault-sexualpredator-memoir-pnes-psychogenic-nonpileptic-courtcase-trial-dianafloyd-trauma-turmoil-testimony-truth-memoir-seizures-payhip-bookforsale-bestseller-nonfiction-nonfictionbooks-nonfictionwriting-fibromyalgia-scoliosis-depressionawareness-bipolarawareness-kindermishandeling-molestering-molestasie-pedofiel-vryheidvanmisbruik-seksueleaanranding-seksuele-memoir-pnes-psigogenies-niepilepties-aanvalle-dianafloyd-trauma-onstuimigheid-getuigenis-waarheid-geheue-niefiksieboek-niefiksieskryfwerk-fibromialgie-skoliose-depressiebewustheid-bipol-r

lekkerlees afrikaans leesboeke geskenke presente geskenkwinkel mooidinge hartsgoed liefde vrouwees From Mother to Caregiver Kinga Pozniak, Genevieve Currie, 2025-05-22 Mothers caring for children with complex health and social care needs are socially responsible for preserving and fostering the lives of their children and families sometimes under extreme pressure and expectations This work of caring for children is overwhelmingly the responsibility of mothers The social expectation in most cultures is that mothers should care for their children regardless of the medical social economic or physical circumstances These experiences of mothering and care work structured from women s daily lives have been largely unknown hidden or silenced and not considered as important knowledge This book is an international collection written by mothers about mothering and caregiving The submissions straddle the continuum between personal accounts and research The collection offers insight into how to support and build capacity for mothers profound courage creativity persistence and strengths in meeting these care responsibilities These experiences provide insight into the need for equitable care arrangements and care models that support mothers caring for children with complex care needs **Proceedings of the Royal Society of Medicine** Royal Society of Medicine (Great Britain), 1925 Comprises the proceedings of the various sections of the society each with separate t p and pagination **Sick All the Time** Zachary Chastain, 2014-09-29 Kids just want to be kids They want to spend time with their friends and enjoy life When a kid has a chronic illness though it can be a lot more difficult to do those things Depending on which illness a person has she might feel too tired to play or be in too much pain to be able to have a good time With an illness like epilepsy a person might feel fine most of the time but still have to restrict his life because of the illness Even when their illness gets in the way of the things they want to do though kids with chronic illness are still kids and they will find ways to enjoy life however they can Resources in Education , 1990-04 Case Studies of Mentally and Morally Abnormal Types William Healy, 1912 *Cereal for Dinner* Kristine Breese, 2025-06-25 At the age of thirty five author Kristine Breese was always on the go running after her two young children training for marathons and working as a full time journalist A typical selfless mom Breese ignored the slight heart flutters and light headedness she experienced from time to time However after ignoring symptoms for over 10 years Breese collapsed from heart failure and was rushed to the hospital After surgery for heart disease and a pacemaker installation Breese soon learned that to take great care of her kids she needed to learn how to take fantastic care of herself *Cereal for Dinner* is a hands on guide for mothers who are struggling with illness while also meeting the myriad demands of motherhood The book teaches these women how to balance their lives so that they can care for themselves while still taking care of their families Sections include Taking Care of Yourself First From Shock to Check Up from the Neck Up How Your Illness Affects Your Kids From Honesty to Tools for Talking Maintaining Relationships From Daddies to Girlfriends to Paychecks
