

OECD Labour Force Statistics

2004-2013

Oecd Labour Force Statistics 2014

**Aart De Geus, Eric Thode, Christiane
Weidenfeld**

Oecd Labour Force Statistics 2014:

OECD Labour Force Statistics 2014 OECD,2015-03-16 This annual edition of Labour Force Statistics provides detailed statistics on population labour force employment and unemployment broken down by gender as well as unemployment duration employment status employment by sector of activity and part time employment *OECD Labour Force Statistics 2014* OECD. OCDE,2015 [OECD Employment Outlook 2014](#) OECD,2014-09-03 The OECD Employment Outlook 2014 includes chapters on recent labour market developments with a special section on earnings job quality youth employment and forms of employment and employment protection **The Transformation of the Social Right to Healthcare** Katharina Böhm,2016-06-17 This pathbreaking book investigates welfare state change in the area of health care a field widely neglected by comparative welfare state research While some work on health care expenditure exists health care rights have not been systematically studied since social rights have exclusively focused on entitlement to cash benefits Addressing this research gap Böhm analyses in what way the social right to health care has been modified in the course of general welfare state transformation since the late 1970s Taking England and Germany as examples she assesses how health care reforms conducted under the conditions of constrained budgets demographic ageing and rapid medical progress have altered access to and generosity of public health care systems over the past 35 years The book's findings significantly increase our understanding of social rights and reveals fundamental differences of approach while Germany provides absolute and enforceable rights to health care for each entitled individual English social health care rights are directed towards the population as a whole and contingent upon the availability of resources i.e. they are not absolute and not enforceable This distinction between individual and collective social rights will be an important contribution to the theory of social rights given its applicability to other types of social rights and its usefulness in tracing changes in social rights over time [OECD Employment Outlook 2017](#) OECD,2017-06-13 The 2017 edition of the OECD Employment Outlook reviews recent labour market trends and short term prospects in OECD countries [Handbook of Research on Unemployment and Labor Market Sustainability in the Era of Globalization](#) Füsün Yenilmez,Esin Kızılcı,2016-12-28 The effective utilization of available resources is a pivotal factor for production levels in modern business environments However when resources are limited or in excess this affects organizational success as well as the labor market The Handbook of Research on Unemployment and Labor Market Sustainability in the Era of Globalization is a comprehensive reference source for the latest scholarly research on the socio economic dynamics of unemployment and the development of new policies to assist in regulating the global labor market Highlighting innovative approaches and relevant perspectives such as outsourcing trade openness and employment protection this publication is ideally designed for policy makers professionals practitioners graduate students and academics interested in emerging trends for labor market development *Handbook of Research on Comparative Human Resource Management* Chris Brewster,Wolfgang Mayrhofer,Elaine Farndale,2018-04-27 This second updated and extended edition of

the Handbook of Research on Comparative Human Resource Management draws on the work of many of the world's leading researchers in the field to present the state of the art to scholars students and practitioners The Handbook provides a detailed focus on the theoretical underpinnings of Comparative HRM on comparative studies of specific areas of HRM practice and on the unique features of HRM in all the main regions of the world **Handbook on In-Work Poverty** Henning Lohmann,Ive Marx,2018-01-26 There has been a rapid global expansion of academic and policy attention focusing on in work poverty acknowledging that across the world a large number of the poor are working poor Taking a global and multi disciplinary perspective this Handbook provides a comprehensive overview of current research at the intersection between work and poverty **OECD Economic Surveys: Turkey 2016** OECD,2016-07-15 This 2016 OECD Economic Survey of Turkey examines recent economic developments policies and prospects The special chapters cover Strengthening manufacturing and Participating in global value chains **Europe Reforms Labour Markets** Aart De Geus,Eric Thode,Christiane Weidenfeld,2016-03-07 Focusing on the perspectives of policy makers the book's purpose is to closely examine the factors that make for successful unsuccessful labor market related policy reforms The aim is to reveal the political aspects namely the chances challenges and impediments to designing labor market reforms and to establish the conditions under which successful labor market reforms can be advocated adopted and implemented process The work includes exclusive interviews with twelve former European prime ministers about the labour market reforms they initiated in their respective countries Wolfgang Schüssel Anders Fogh Rasmussen Andrzej Lech Jan Olszowy-Fillard Gerhard Schröder Georgios Papandreu Mario Monti Jan Peter Balkenende Jerzy Buzek Iveta Radicová Luis Rodríguez Zapatero Tony Blair

The Oxford Handbook of the Welfare State Daniel Béland,Kimberly J. Morgan,Herbert Obinger,Christopher Pierson,2021-10-27 This is the comprehensively revised second edition of a volume that was welcomed at its first appearance as the most authoritative survey and critique of the welfare state yet published Its fifty one chapters have been written by acknowledged experts in the field from across Europe Australia and North America Some chapters are brand new all have been systematically revised and they are right up to date The first seven sections of the book cover the themes of Ethics History Approaches Inputs and Actors Policies Policy Outcomes and Worlds of Welfare A final chapter is devoted to the future of welfare and well being under the imperatives of climate change Every chapter is written in a way that is both comprehensive and succinct introducing the novice reader to the essentials of what is going on while providing new insights for the more experienced researcher Wherever appropriate the handbook brings the very latest empirical evidence to bear It is a book that is thoroughly comparative in every way The Oxford Handbook of the Welfare State second edition is a comprehensible and comprehensive survey of everything that it is important to know about the welfare state in these troubled times It is an indispensable source for everyone who wants to know what is really going on now and what is likely to happen next **One World Mania** Graham Dunkley,2016-10-15 In this much needed book Graham Dunkley challenges the

oft repeated notion that free trade and global integration are the best means of development for all nations at all times an idea that has proved even more misguided in the wake of the global financial crisis By contrast Dunkley reveals through a wide range of statistical analysis and case studies that at best the evidence is mixed Looking systematically at issues such as trade led growth supply chains and financialization One World Mania reveals the many problems that over globalization has caused often at great human cost An indispensable guide for anyone wishing to understand the shortcomings of current global economic policies **Women's Economic Empowerment in Turkey** Onur Burak Celik,Meltem Ince

Yenilmez,2019-05-29 Turkey has experienced growth in both the population and the workforce However female participation in the workforce in Turkey is extremely low largely due to financial dependency and lack of higher education The authors argue that greater research is needed to improve the economic position of women throughout the country and this remains a challenge that must be fixed both culturally and socioeconomically The book explores the significant gap between policy advancements actual practices and the impact of regional variety in the cultural structure The authors suggest that this in turn has affected Turkey s ability to implement changes and reform Reform must allow women to pursue changes that will give them greater financial flexibility and freedom within the country The authors demonstrate the concept and framework for women s empowerment and explore the need for this This book seeks to discuss the approaches and strategies for empowering women by outlining the strategies policies and tools that women are using for their empowerment focusing on Turkey while comparing with other countries worldwide It also brings several issues to the forefront such as equality treatment political participation social issues the gender pay gap the glass ceiling and gender in equality the migration effect and education Offering a multi disciplinary exploration of the relationship and connection between employment national policies migration economies entrepreneurialism and gender in present Turkey this book is an invaluable contribution to the existing literature surrounding Turkish gender studies and will be of interest to both scholars and experts in the field

Neoliberalism Matthew Eagleton-Pierce,2016-05-20 Neoliberalism The Key Concepts provides a critical guide to a vocabulary that has become globally dominant over the past forty years The language of neoliberalism both constructs and expresses a particular vision of economics politics and everyday life Some find this vision to be appealing but many others find the contents and implications of neoliberalism to be alarming Despite the popularity of these concepts they often remain confusing the product of contested histories meanings and practices In an accessible way this interdisciplinary resource explores and dissects key terms such as Capitalism Choice Competition Entrepreneurship Finance Flexibility Freedom Governance Market Reform Stakeholder State Complete with an introductory essay cross referencing and an extensive bibliography this book provides a unique and insightful introduction to the study of neoliberalism in all its forms and disguises **The Political Power of Global Corporations** John Mikler,2018-02-12 We have long been told that corporations rule the world their interests seemingly taking precedence over states and their citizens Yet while states civil

society and international organizations are well drawn in terms of their institutions ideologies and functions the world s global corporations are often more simply sketched as mechanisms of profit maximization In this book John Mikler re casts global corporations as political actors with complex identities and strategies Debunking the idea of global corporations as exclusively profit driven entities he shows how they seek not only to drive or modify the agendas of states but to govern in their own right He also explains why we need to re territorialize global corporations as political actors that reflect and project the political power of the states and regions from which they hail We know the global corporations names we know where they are headquartered and we know where they invest and operate Economic processes are increasingly produced by the control they possess the relationships they have the leverage they employ the strategic decisions they make and the discourses they create to enhance acceptance of their interests This book represents a call to study how they do so rather than making assumptions based on theoretical abstractions

Young People, Welfare and Crime Ross

Fergusson,2016-02-24 Mass youth unemployment is now endemic and almost ubiquitous in the global north and south alike This book offers an original and challenging interpretation of the ways in which young people s unemployment and general non participation is becoming marginalised and criminalised It re examines the causes and consequences of non participation from an unusually wide range of disciplines using an innovative theorisation of the fast changing relationships between extended studentship welfare provision labour market restructuring and crime This approach offers an important contribution for understanding what it means for young people to be socially re positioned and economically excluded in increasingly unequal societies in and beyond the UK

International and Comparative Employment Relations Greg J

Bamber,Russell D Lansbury,2020-07-25 The most comprehensive and authoritative comparative analysis of employment relations Thomas Kochan Massachusetts Institute of Technology United States breaks new ground as an integrated account of the forces shaping employment relations William Brown University of Cambridge United Kingdom Established as the standard reference for a worldwide readership of students scholars and practitioners in international agencies governments companies and unions this text offers a systematic overview of international employment relations Chapters cover the United Kingdom United States Canada Australia Italy France Germany Denmark Japan South Korea China and India Experts examine the context of employment relations in each country economic historical legal social and political They consider the roles of the major players employers unions and governments They outline the processes of employment relations collective bargaining and arbitration consultation and employee involvement Topical issues are discussed non unionised workplaces novel forms of human resource management labour law reform multinational enterprises networked organisations differences between Asian and Western companies small and medium sized enterprises migrant workers technological change labour market flexibility and pay determination This sixth edition is fully revised with an emphasis on globalisation and comparative theories including concepts of convergence It offers a new framework for varieties of capitalism in the

Introduction and concludes with an insightful account of the forces shaping employment relations in the world economy

OECD Development Pathways Multi-dimensional Review of Thailand (Volume 1) Initial Assessment OECD, 2018-04-09 The Initial Assessment of this Multi Dimensional Review endeavors to identify the challenges and key constraints that must be overcome for Thailand to succeed **Liberalism in Illiberal States** Mark I. Vail, 2018 After the end of the Cold War

liberalism emerged as the world's dominant political economic ideology and economic liberalism seemed to have achieved global hegemony In **Liberalism in Illiberal States** Mark Vail acknowledges the dominance of economic liberalism but argues that its implementation in specific countries is always unique and dependent upon powerful historical factors He focuses on France Germany and Italy countries that many scholars do not view as liberal at all and contends they have in fact developed distinct forms of national liberalism of which their postwar models of capitalism were merely one manifestation Vail argues that these states political economies have been shaped by centuries old liberal traditions which have continued to inform national alternatives to transnational neoliberalism in the contemporary era He presents case studies that show how nationally specific interpretations of liberalism are flexible and responsive to local realities especially in times of economic uncertainty By demonstrating how variegated the practice of economic liberalism actually is **Liberalism in Illiberal States** will reshape our understanding of liberal political economy in the contemporary world **The Precarious Generation** Judith

Bessant, Rys Farthing, Rob Watts, 2017-05-08 This book draws on a wealth of evidence including young people's own stories to document how they are now faring in increasingly unequal societies like America Britain Australia France and Spain It points to systematic generational inequality as those born since 1980 become the first generation to have a lower standard of living than previous generations While governments and experts typically explain this by referring to globalization new technologies or young people's deficits the authors of this book offer a new political economy of generations which identifies the central role played by governments promoting neoliberal policies that exacerbate existing social inequalities based on age ethnicity gender and class The book is a must read for social science students human service workers and policy makers and indeed for anyone interested in understanding the impact of government policy over the last 40 years on young people

This is likewise one of the factors by obtaining the soft documents of this **Oecd Labour Force Statistics 2014** by online. You might not require more times to spend to go to the ebook commencement as competently as search for them. In some cases, you likewise pull off not discover the statement Oecd Labour Force Statistics 2014 that you are looking for. It will completely squander the time.

However below, considering you visit this web page, it will be hence unconditionally simple to get as skillfully as download guide Oecd Labour Force Statistics 2014
