Lovers and Liars Josephine Cox,2013-02-05 Their love was as young and hopeful as the new century Emily Ramsden knows that her feelings for John Hanley go far beyond teenage infatuation It is love pure strong and as glorious as the surrounding English countryside and John shares her passion with all his heart But soon the young man Emmie adores is violently driven from her leaving her to struggle beneath the thumb of a brutal domineering father and at the mercy of a man with dark ambitions Yet through years of heartbreak and pain through the crushing trials of a life left in tatters the memory of a promise will never fade from Emmie s mind And when all hope seems withered and dead one word reignites a long smoldering ember sending a determined woman off on a remarkable search for a once in a lifetime love lost but never forgotten

Times Magazine ,1906 *Dying Embers and Shooting Stars* Maggi Sale,2013-04 A chance remark by a sensitive daughter to her depressed mother sparks off this fulsome story Unresolved issues that have been haunting Margo for most of her adult life are vividly recalled as she is catapulted into an intense psychological journey over a period of five days Her re awakening mind becomes increasingly aware that it has been set on automatic pilot for some years and little further purpose is served by her accrued defences In the process of review she begins to recognize the psychic supports that have been with her all along and is somewhat surprised as was the writer at their identity Internal landscapes range from a childhood in Scotland to adulthood in Central Africa from a stable village home to a precarious city flat from the wild West Coast of Scotland where gulls fly to the wild streets of Glasgow where gangs rule The personal issues are explored with candour and pathos but there is just as much genuine humour shared in the unfolding of these very human and universally recognized life situations With its graphic imagery and flesh and blood characters the story draws the reader into mystic worlds The Author shines a light on the inner life and perpetual interconnectedness of all things and all beings Ultimately it is a tale of resilience and growth insight and healing
