Hazlitt, 2018-03-04 Being a proper and accurate appreciation of the cookery of ancient times Originally published in 1902 Man has been distinguished from other animals in various ways but perhaps there is no particular in which he exhibits so marked a difference from the rest of creation not even in the prehensile faculty resident in his hand as in the objection to raw food meat and vegetables He approximates to his inferior contemporaries only in the matter of fruit salads and oysters not to mention wild duck He entertains no sympathy with the cannibal who judges the flavour of his enemy improved by temporary commitment to a subterranean larder yet to be sure he keeps his grouse and his venison till it approaches the condition of spoon meat So little is to be collected in the shape of direct testimony next to nothing of the domestic life of the Britons that it is only by conjecture that one arrives at the conclusion that the original diet of our countrymen consisted of vegetables wild fruit the honey of wild bees which is still extensively used in this country a coarse sort of bread and milk The latter was evidently treated as a very precious article of consumption and its value was enhanced by the absence of oil and the apparent want of butter Mr Ferguson supposes from some remains of newly born calves that our ancestors sacrificed the young of the cow rather than submit to a loss of the milk but it was on the contrary an early superstition and may be on obvious grounds a fact that the presence of the young increased the yield in the mother and that the removal of the calf was detrimental The Italian invaders augmented and enriched the fare without perhaps materially altering its character and the first decided reformation in the mode of living here was doubtless achieved by the Saxon and Danish settlers for those in the south who had migrated hither from the Low Countries ate little flesh and indeed as to certain animals cherished according to Caesar religious scruples against it It was to the hunting tribes who came to us from regions even bleaker and more exacting than our own that the southern counties owed the taste for venison and a call for some nourishment more sustaining than farinaceous substances green stuff and milk as well as a gradual dissipation of the prejudice against the hare the goose and the hen as articles of food which the Commentaries record It is characteristic of the nature of our nationality however that while the Anglo Saxons and their successors refused to confine themselves to the fare which was more or less adequate to the purposes of archaic pastoral life in this island they by no means renounced their partiality for farm and garden produce but by a fusion of culinary tastes and experiences akin to fusion of race and blood laid the basis of the splendid cuisine of the Plantagenet and Tudor periods Our cookery is like our tongue an amalgam We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been

*Needlework As Art* Marianne Margaret Compton Cust Viscountess Alford,2021-04-25 In *Needlework As Art* Marianne Margaret Compton Cust Viscountess Alford embarks on a profound exploration of needlework not merely as a domestic craft but as a legitimate form of artistic expression Through a meticulous examination of various techniques and historical contexts the book illuminates the shift in perception regarding textile arts from mere functionality to a respected artistic tradition Alford s eloquent prose and vivid illustrations showcase an array of needlework styles inviting readers to appreciate the intricate craftsmanship and cultural significance behind each piece while situating the art within broader societal and feminist movements of her time Viscountess Alford s background as a member of the British nobility and her keen interest in the decorative arts uniquely positioned her to contribute significantly to this underappreciated field Her upbringing likely provided her access to a rich heritage of artistic practices and the privilege to engage with prominent artists and artisans This blend of personal experience and scholarly curiosity is evident throughout the text making her insights particularly resonant for both the general public and art historians This book is a must read for anyone interested in the intersections of craft gender and art history Alford challenges conventional hierarchies of artistic merit while advocating for the recognition of needlework s beauty and complexity Readers will emerge with a deeper understanding of needlework s artistic value enhanced feelings of appreciation for textile arts and a perspective that values the skills and stories woven into

every stitch      **The New Century Standard Letter-Writer** Alfred B. Chambers, 2020-03-16 In *The New Century Standard Letter Writer* Alfred B. Chambers presents an extensive compilation of letters tailored for various occasions from formal correspondences to personal notes. This meticulously structured work reflects the evolving communication trends of the early 20th century, showcasing Chambers' keen understanding of the nuances surrounding etiquette and expression. His literary style is both pragmatic and accessible, employing clear language that resonates well with a broad audience while remaining mindful of the changing societal expectations during this period of transformation and modernization in communication. Alfred B. Chambers, an esteemed figure in the field of correspondence and etiquette, drew upon his extensive experience in professional writing and publishing to craft this guide. His insights into interpersonal communication were shaped by the rapid technological advances of his time, particularly the advent of the typewriter and postal services, which revolutionized how people engaged with one another across distances, thereby insisting upon the necessity for clear, effective writing in both personal and professional realms. This book is highly recommendable for anyone seeking to enhance their writing skills or navigate the complexities of correspondence in a thoughtful manner. Whether just embarking on their writing journey or looking to refine their existing abilities, readers will find this guide invaluable for crafting meaningful connections through the art of letter writing.

**Histology of the Blood, Normal and Pathological** Paul Ehrlich, Adolf Lazarus, 2019-11-27 In *Histology of the Blood, Normal and Pathological*, editors Paul Ehrlich and Adolf Lazarus present a comprehensive exploration into the microscopic study of blood, bridging the gap between normal physiological conditions and pathological deviations. This collection is marked by its diverse inclusion of perspectives, ranging from foundational analyses of blood cell morphology to cutting-edge discussions on disease mechanisms. The anthology stands out for its methodological rigor and the way it synthesizes historical approaches with modern advances, thereby offering a nuanced perspective on hematology. It features seminal pieces that have shaped the field, making it an indispensable resource for both newcomers and seasoned researchers. The backgrounds of Paul Ehrlich and Adolf Lazarus, both pioneering figures in the field, enrich the anthology with a legacy of innovation and scholarly precision. Their contributions, rooted in the late 19th and early 20th centuries, reflect a period of rapid advancement in medical science, embodying the transition from observational histology to more dynamic, chemically based understandings of blood analysis. This era was pivotal for the establishment of hematology as a distinct scientific discipline, and the works of Ehrlich and Lazarus were instrumental in this development, often heralding new pathways in diagnostic and therapeutic practices. *Histology of the Blood* is highly recommended for those keen on delving into the intricacies of blood analysis from a richly historical and progressively scientific viewpoint. The collection offers a unique amalgamation of the foundational texts and innovative research that characterizes the field, providing an unparalleled educational experience. It stands as a testament to the enduring relevance of Ehrlich and Lazarus' work, facilitating a deeper understanding of both the continuity and evolution within hematology.

**Demobilization: our industrial and military**

**demobilization after the armistice, 1918-1920** Benedict Crowell, Robert Forrest Wilson, 2023-07-10 In *Demobilization* our industrial and military demobilization after the armistice 1918-1920 authors Benedict Crowell and Robert Forrest Wilson delve into a critical albeit often overlooked period in modern history. This collection unravels the complex process of demobilizing military and industrial mechanisms post World War I, a task fraught with economic, political, and social challenges. Through a series of meticulously researched essays, the anthology presents a panoramic view of the era, blending journalistic acuity with historical analysis, thereby shedding light on the multifaceted impacts of demobilization across various sectors. The range and diversity of the contributions underscore the anthology's significance within the broader scholarly discourse on post-war transitions. Benedict Crowell and Robert Forrest Wilson, both of whom served in significant capacities during the war, bring not only their historical and journalistic expertise to this compilation but also their firsthand experiences. Their backgrounds enable them to curate a collection that spans the junction of historical fact, personal narrative, and analytical insight, situating the work within the wider historical, cultural, and literary movements of early 20th-century America. Together, they construct a narrative that echoes the tumultuous transition from war to peace, highlighting the collaborative efforts required for such an endeavor. This anthology is essential reading for anyone interested in understanding the intricate process of transitioning from wartime to peacetime economies and societies. It offers a unique opportunity to explore the various dimensions of post-war demobilization through the lens of those who lived, studied, and wrote about it during the period. For scholars, historians, and enthusiasts alike, *Demobilization* provides a rich educational journey into a pivotal moment in history, sparking insightful dialogues between the past and present societal transformations.
