Translingualism refers to an orientation in scholarship that recognizes the fluidity of language boundaries and endorses a greater tolerance for the plurality of Englishes worldwide However it is possible that translingualism exacerbates the very problems it seeks to redress This book seeks to destabilize underlying attitudes inherent in the narrowly conceptualized view of Englishes by pushing forward current theories of translingualism and integrating cutting edge scholarship from sociolinguistics critical theory and composition studies *The Politics of Translingualism* pays particular attention to the politics of evaluating language including different Englishes at a moment of unprecedented linguistic plurality worldwide The book draws on analyses of a wide range of artifacts from television commercials social media comments contemporary and canonical poetry contemporary and historical English phrasebooks commercial shop signs and the writing of multilingual university students The volume also looks outside the classroom featuring interviews with recruiters in a number of professional fields to examine the ways in which language ideologies about Englishes can impact students entering the workforce This book offers an innovative take on current debates on multilingualism and global Englishes serving as an ideal resource for students and scholars in applied linguistics sociolinguistics composition studies education and cultural studies

Language Teacher Education Beyond Borders Fernando Zolin Vesz, Darío Luis Banegas, Luciana C. de Oliveira, 2024-08-22 This volume looks at the preparation of future critical language teachers in the face of an increasingly multilingual and transcultural contemporary world This is seen through the lens of the collapse of Nation State borders that crumble in the face of migration and the intense flow of languages that comes with it It brings together international research that problematizes theorizes re positions and re conceptualizes myriad structural systemic ideological political and pedagogical issues that intersect with the possibilities and impossibilities of the development of language teachers agency The volume

examines the needs of linguistically diverse student populations and considers the socio cultural and socio political barriers that interfere with the exercise of teacher agency for social justice in language classrooms It offers a theoretical and empirical overview of how language teacher education has addressed multilingualism and transculturalism in critical approaches in many complex countries in their diversity and or postcolonial history including Brazil Qazaqstan Scotland and Thailand

Language and Neoliberal Governmentality Luisa Martín Rojo, Alfonso Del Percio, 2019-06-26 Against a background of the ongoing crisis of global capitalism and the fracturing of the neoliberal project this book provides a detailed account of the ways in which language is profoundly imbricated in the neoliberalising of the fabric of social life With chapters from a cast list of international scholars covering topics such as the commodification of education and language unemployment and the governmentality of the self and discussion chapters from Monica Heller and Jackie Urla bringing the various strands together the book ultimately helps us to understand how language is part of political economy and the everyday making and remaking of society and individuals It provides both a theoretical framework and a significant methodological tool box to critically detect understand and resist the impact of neoliberalism on everyday social spheres particularly in relation to language Presenting richly empirical studies that expand our understanding of how neoliberalism as a regime of truth and as a practice of governance performs within the terrain of language this book is an essential resource for researchers and graduate students in English language sociolinguistics applied linguistics linguistic anthropology and related areas

Language Communities in Japan John C. Maher, 2022-01-21 This book offers a comprehensive sociolinguistic overview of the linguistic situation in Japan Contemporary Japan displays rich linguistic diversity particularly in urban areas but the true extent of this diversity has often been overlooked The contributors to this volume provide a new perspective with detailed accounts of the wide range of languages spoken in different contexts and by different communities across the Japanese archipelago Each chapter focuses on a specific language community and systematically explores the history of the variety in Japanese culture and the current sociolinguistic situation The first part explores the indigenous languages of Japan including the multiple dialects of Japanese itself and the lesser known Ryukyuan and Ainu languages Chapters in Part II look at community languages ranging from the historic minority languages such as Korean and Chinese to the languages spoken by more recent migrant communities such as Nepali Filipino and Persian The final part examines languages of culture politics and modernization from the use of English in international business and education contexts to the ongoing use of Latin and Sanskrit for religious purposes The volume sheds new light on Japan's position as an important multilingual and multicultural society and will be of interest to scholars and students not only of Japanese and sociolinguistics but of Asian studies and migration studies more widely

Responsibility and Language Practices in Place Laura Siragusa, Jenanne K. Ferguson, 2020-08-28 This volume includes chapters by junior and senior scholars hailing from Europe Asia North America and Oceania all of whom sought to understand the social and cultural

implications surrounding how people take responsibility for the ways they speak or write in relation to a place whether it is one they have long resided in recently moved to or left a long time ago The contributors to the volume investigate responsibility in and through language practices as inspired by the roots of the English word itself the ability to respond or mount a response to a situation at hand It is thus a responsive kind of responsibility one that focuses not only on demonstrating responsibility for language but highlighting the various ways we respond to situations discursively and metalinguistically This sort of responsibility is both part of individual and collectively negotiated concerns that shift as people contend with processes related to globalization
