Media Dictatorship Cedrick Ngalande, 2022-07-18 Media Dictatorship How Schools and Educators Can Defend Freedom of Speech outlines how the American media amasses enormous power and uses it to control every aspect of the people's lives including schools elections science and freedom of thought Even religious institutions supposedly answerable to God only are now being influenced and controlled by media This book discusses the devastating consequences of such control on democracy and our civilization and then offers suggestions on what can be done to identify media propaganda and defend freedom of speech The school system has always been the first line of defense for patriotism and democracy It is important for teachers to understand the consequences of a powerful media that does not tolerate diversity of thought This book will encourage teachers to cultivate independence of thought among students School administrators too have a responsibility to ensure that school campuses are sanctuaries of freedom of thought where leaders of tomorrow are taught to be tolerant of opposing views In the larger public outside the school campus Media Dictatorship will spur a robust debate about the kind of media that can help nurture our democracy and civilization

President Barack Obama John K. Wilson, 2019-11-11 Barack Obama's improbable quest has become a fact of American life and a benchmark in American history Striving now toward a more perfect union Obama and the nation confront obstacles unforeseen at the outset of the 2008 electoral campaign John K

Wilson tracks the sweep of this progress from the beginning of Obama's political career through his move into the White House. With his critical journalistic eye and his sympathetic native son perspective, Wilson shows us a side of Obama we haven't seen as well as a view of the media we need to understand even more now as the Obama administration begins to govern. The paperback edition of this popular book includes a new introduction, updates throughout, and two new chapters on the electoral victory and the transition from campaigning into governing. New photos and new insights include a focus on the continued importance of race in American politics. **The 2012 Presidential Campaign** Robert E. Denton Jr., 2013-07-29

Presidential campaigns are our national conversations; the widespread and complex communication of issues, images, social reality, and personas. Political communication specialists break down the 2012 presidential campaign and go beyond the quantitative facts, electoral counts, and poll results of the election to make sense of the political bits of communication that comprise our voting choices. The contributors look at the early campaign period, the nomination process, and conventions; the social and political contexts; the debates; the role of candidate spouses; candidate strategies; political strategies; and the use of the Internet and other technologies. **Cincinnati Magazine**, 2009-01 Cincinnati Magazine taps into the DNA of the city

Botero, 2021-05-27 A decade before Candidate Donald Trump announced his newly acquired obsession with building a wall on the US-Mexico border, investigative journalist Juan B. Botero denounced Colorado Congressman Tom Tancredo to the House Ethics Committee because of his bizarre obsession with building a wall paid for by the Mexican government. In the summer of 2006, he warned members of Congress and Colorado voters that if Tancredo's localization of World War II German-Italian fascism into American politics wasn't derailed, it would trigger a national crisis in a decade. In spite of severe childhood traumas involving Mexicans, the self-appointed Chairman of the Immigration Reform Caucus refused to recuse himself from shaping US immigration policy, and the Ethics Committee did nothing. In June of 2015, Donald Trump announced his Presidential ambitions, channeling Tancredo's anger issues by denigrating Sephardic Jews, Hispanics, Latinos as murderers and rapists in hardline, offensive tones. Tancredo's poisonous mix of vendetta against Mexicans eventually spread from Congress to the Executive Branch through Steve Bannon and Stephen Miller as the moral blueprint for the Trump Administration. **Lethal Injustice** exposes the corrupt, Americanized fascism that hijacked the Party of Lincoln in 2015: atrocities against immigrants by white supremacist vigilantes on the US-Mexico border and the unprecedented friendliness of conservative anti-immigrant influencers towards Russia. After 6 years of studying Trump's astonishing deference towards Vladimir Putin, the shocking conclusion is that he married not one but two honeytraps loyal to Eastern European intelligence: agent of influence Ivana Zelniková, Trump's mistress from Czechoslovakia, and agent of influence Melania Trump from Slovenia. Trump's marriage to Melania Trump was the result of a highly sophisticated kompromat operation set up by Jeffrey Epstein and Ghislaine Maxwell. Upon taking the Oath of Office on January 20th of 2017, Donald Trump committed treason by aiding
