Advertising Vincent Terrace, 2025-01-05 Winston tastes good like a cigarette should and You'll wonder where the yellow went when you brush your teeth with Pepsodent are only two of the many slogans associated with advertising on television in the 1950s There were celebrities like Marilyn Monroe Barbara Eden and Peter Lorre who performed in commercials there were shows built around a single product e.g. The Texaco Star Theater and The Colgate Comedy Hour there were numerous premiums offered to children e.g. The Sky King Detecto Microscope The Mickey Mouse Club Magazine and gimmicks used by sponsors to attract viewers to their shows e.g. Win a Wagon Train Pony and The Howdy Doody Smile Contest This is the first and only book of its kind it is a nostalgic trivia filled history presented through the actual programs and commercials of the 1950s In addition to two extensively detailed sections which have never been released online or in any other book Sponsor and Program and Program and Sponsor rare television theme songs with their original sponsor tags products mentioned in the theme songs are also presented It all began on July 1 1941 when WNBT the NBC affiliate in New York City televised the first commercial a ten second spot for Bulova Watches How We Love, Expanded Edition Milan Yerkovich, Kay Yerkovich, 2017-07-11 Did you know the last fight you had with your spouse began long before you even met Are you tired of falling into frustrating relational patterns in your marriage Do you and your spouse fight about the same things again and again Relationship experts Milan and Kay Yerkovich explain why the ways you and your spouse relate to each other go back to before you even met Drawing on the powerful tool of attachment theory Milan and Kay explore how your childhood created an intimacy imprint that affects your marriage today Their stories and practical ideas help you identify your personal love style understand how your early life impacts you and your spouse break free from painful patterns that keep you stuck find healing for the source of conflict not just the symptoms create the close nourishing relationship you dream about Revised throughout with all new material and additional visual diagrams this expanded edition of *How We Love* will bring vibrant life to your marriage Are you ready for a new journey of love Note The revised and expanded *How We Love Workbook* is available separately *Why Not Capitalism?* Jason Brennan, 2024-05-13 Most people believe capitalism is a compromise with selfish human nature As Adam Smith put it It is not from the benevolence of the butcher the brewer or the baker that we expect our dinner but from their regard to their own interest Capitalism works better than socialism according to this thinking only because we are not kind and generous enough to make socialism work If we were saints we would be socialists In *Why Not Capitalism* Jason Brennan attacks this widely held belief arguing that capitalism would remain the best system even if we were morally perfect Even then private property and free markets would be the best way to realize mutual cooperation social justice harmony and prosperity Socialists seek to capture the moral high ground by showing that ideal socialism is morally superior to realistic capitalism But Brennan responds ideal capitalism is superior to ideal socialism and so capitalism beats socialism at every level Clearly engagingly and at times provocatively written *Why Not Capitalism* will cause readers of all political persuasions to re-evaluate where they stand vis-à-vis economic priorities and systems as they exist

now and as they might be improved in the future In this expanded second edition Brennan responds to his critics throughout the book and provides two new final chapters One argues against egalitarianism in a capitalist utopia because egalitarianism frequently misdiagnoses the problems for example the problem with poverty isn't that poor people have less but that they don't have enough The other new chapter shows that we don't need to be angels in an anarchic utopia but merely decent people who are willing to adhere to four undemanding moral principles *American Television Abroad* Kerry

Segrave,2013-04-26 Once the major Hollywood studios got over their loathing of television as an entertainment medium they moved quickly to try to dominate both domestic and international programming In the United States the eight major studios controlled an overwhelming majority of all television programming by the early 1950s Their efforts in foreign markets were not quite so successful but by the 1990s U S distributors controlled about 75 percent of the international television trade Hollywood's efforts in television were often thwarted by governments that recognized the airwaves as a public resource and intervened in varying degrees to keep the studios programming off the air in their countries Still the U S industry found various ways to provide American fare to foreign viewers Even into the 1980s for example some Hollywood shows could be bought by foreign broadcasters for fees as low as 25 per segment Despite these efforts the American studios have never been able to completely dominate foreign airwaves Viewers usually prefer their own domestic fare to that offered by Hollywood This history fully documents the U S television industry's efforts in foreign markets and how it continues to look for new markets **The Encyclopedia of Sixties Cool** Chris Strodder,2007-03-01 The Encyclopedia of Sixties Cool profiles over
