

Metro A Story Of Cairo

Guillaume Favre

Metro A Story Of Cairo:

Metro: A Story of Cairo Magdy El Shafee, 2012-06-05 Depicting the financial and social insecurity afflicting young people in modern Cairo Metro was the first adult graphic novel published and subsequently banned in Egypt just three years before the Arab Spring In art as pulsing and immediate as Cairo itself Magdy El Shafee delivers a prescient portrait of a crumbling society and Egypt's coming eruption A powerful story of young men with nothing left to lose Metro sounds the cry for a better freer future When Shehab a young software designer runs afoul of a loan shark all avenues of escape in Mubarak's corrupt chaotic Egypt seem to be closed to him Getting help from the bank is impossible without connections and Shehab's uncle abroad wants nothing to do with his troubles A powerful businessman offers assistance but the next day Shehab sees him being stabbed in an alley and the man's dying words suggest a conspiracy extending to the upper reaches of the regime Angry and broke Shehab enlists his friend Mustafa in a bank heist and falls into a vortex of financial and political corruption On the run with a case full of money and evidence of murder the two careen through Cairo's metro system evading the police and the thugs who are out in force to crush antigovernment protests The only allies who can help get them out of this mess the friends realize are a blind shoe shine man and a muckraking journalist *Laugh like an Egyptian* Cristina

Dozio, 2021-09-20 Egyptians are known among the Arabs as *awl d al nukta* Sons of the Jokes for their ability to laugh in face of adversity This creative weapon has been directed against socio political targets both in times of oppression and popular upheaval such as the 2011 Tahrir Revolution This book looks at the literary expression of Egyptian humour in the novels of Mu ammad Mustaj b Khayr Shalab and amd Ab Julayyil three writers who revive the comic tradition to innovate the language of contemporary fiction Their modern tricksters wise fools and antiheroes play with the stereotypical traits attached to the ordinary Egyptians while laughing at the universal contradictions of life This ability to combine local and global culture literary traditions and popular references makes them a stimulating read in an intercultural perspective Combining humour studies and literary criticism this book examines language play and narrative creativity to understand which strategies craft Egyptian literary humour In doing so it sheds light on the contribution of humour to literary innovations of Egyptian fiction since the late Seventies while adding new writers to those who are considered the masters of humour in the Arab novel

The Routledge Companion to Literary Urban Studies Lieven Ameel, 2022-08-10 Over the past decades the growing interest in the study of literature of the city has led to the development of literary urban studies as a discipline in its own right The Routledge Companion to Literary Urban Studies provides a methodical overview of the fundamentals of this developing discipline and a detailed outline of new directions in the field It consists of 33 newly commissioned chapters that provide an outline of contemporary literary urban studies The Companion covers all of the main theoretical approaches as well as key literary genres with case studies covering a range of different geographical cultural and historical settings The final chapters provide a window into new debates in the field The three focal issues are key concepts and genres of literary

urban studies a reassessment and critique of classical urban studies theories and the canon of literary capitals and methods for the analysis of cities in literature The Routledge Companion to Literary Urban Studies provides the reader with practical insights into the methods and approaches that can be applied to the city in literature and serves as an important reference work for upper level students and researchers working on city literature Chapter 15 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com>

Urban Comics Dominic Davies, 2019-02-21 Urban Comics Infrastructure and the Global City in Contemporary Graphic Narratives makes an important and timely contribution both to comics studies and urban studies offering a decolonisation and reconfiguration of both of these already interdisciplinary fields With chapter length discussions of comics from cities such as Cairo Cape Town New Orleans Delhi and Beirut this book shows how artistic collectives and urban social movements working across the global South are producing some of the most exciting and formally innovative graphic narratives of the contemporary moment Throughout the author reads an expansive range of graphic narratives through the vocabulary of urban studies to argue that these formal innovations should be thought of as a kind of infrastructure This infrastructural form allows urban comics to reveal that the built environments of our cities are not static banal or depoliticised but rather highly charged material spaces that allow some forms of social life to exist while also prohibiting others Built from a formal infrastructure of grids gutters and panels and capable of volumetric multi scalar perspectives this book shows how urban comics are able to represent repair and even rebuild contemporary global cities toward more socially just and sustainable ends Operating at the intersection of comics studies and urban studies and offering large global surveys alongside close textual and visual analyses this book explores and opens up the fascinating relationship between comics and graphic narratives on the one hand and cities and urban spaces on the other

Focus on Egypt Ernest Emenyonu, 2017 As well as a rare examination of Egyptian literature this volume includes a non themed section of Featured Articles and a Literary Supplement

Edinburgh Companion to the Postcolonial Middle East Ball Anna Ball, 2018-11-14 This Edinburgh Companion seeks to develop a postcolonial framework for addressing the Middle East The first collection of essays on this subject it assembles some of the world's foremost postcolonialists to explore the critical theoretical and disciplinary possibilities that inquiry into this region opens for postcolonial studies Throughout its twenty four chapters its focus is on literary and cultural critique It draws on texts and contexts from the late nineteenth to the early twenty first centuries as case studies and deploys the concept of post colonial modernity to reveal the enduring impact of colonial and imperial power on the shaping of the region And it covers a wide and significant range of political social and cultural issues in the Middle East during that period including the heritage of Orientalism in the region the roots and contemporary branches of the Israel Palestine conflict colonial history state formation and cultures of resistance in Egypt Turkey the Maghreb and the wider Arab world the clash of tradition and modernity in regional and transnational expressions of Islam

the politics of gender and sexuality in the Arab world the ongoing crises in Libya Iraq Iran and Syria the Arab Spring and the Middle Eastern refugee crisis in Europe

Historical Dictionary of the Arab Uprisings Aomar Boum, Mohamed Daadaoui, 2020-03-10 The Arab uprisings that swept the Middle East and North Africa in the period from 2011 2012 left an indelible mark on the socio political landscape of the region But that mark was not consistent across the region while some countries underwent dramatic popular social and political changes others teetered on the brink or were left with the status quo intact Street revolutions toppled despotic regimes in Tunisia Libya and momentarily in Egypt while mounting serious challenges to authoritarian regimes in Syria and Yemen Algeria's entrenched bureaucratic cum military authoritarian system proved resilient until the recent events of early 2019 which forced the resignation of President Abdelaziz Bouteflika before the end of his term on 28 April 2019 As in Algeria protestors in Sudan succeeded after months of demonstrations in overthrowing the government of Omar al Bashir Several Arab monarchies still appear stable and have managed to weather the tempest of the Arab revolutions albeit not without fissures showing in the edifice of their states accompanied by some minor constitutional changes Where Tunisians Egyptians Yemenis Syrians and Libyans demanded regime changes in their political systems protesters in the Arab monarchies have called on the kings and emirs to reform their political system from the top down indicating the sizeable monarchical advantage Historical Dictionary of the Arab Uprisings contains a chronology an introduction and an extensive bibliography The dictionary section has over 500 cross referenced entries on the terms persons and events that shaped the Arab Spring uprisings This book is an excellent resource for students researchers and anyone wanting to know more about the Arab Uprisings

Animals in Our Days Mohamed Makhzangi, 2022-06-17 Each story in Mohamed Makhzangi's unique collection *Animals in Our Days* features a different animal species and its fraught relationship with humans water buffalo in a rural village gone mad from electric lights brass grasshoppers purchased in a crowded Bangkok market or ghostly rabbits that haunt the site of a long ago brutal military crackdown Other stories tell of bear trainers in India and of the American invasion of Iraq as experienced by a foal deer and puppies Originally published in 2006 Makhzangi's stories are part of a long tradition of writings on animals in Arabic literature In this collection animals offer a mute testament to the brutality and callousness of humanity particularly when modernity sunders humans from the natural environment Makhzangi is one of Egypt's most perceptive and nuanced authors merging a writer's empathy with a scientist's curiosity about the world Like Barbara Kingsolver's *Flight Behavior* Haruki Murakami's *The Elephant Vanishes* or J M Coetzee's *Lives of Animals* Makhzangi's stories trace the numinous almost supernatural connections between our species and others In these resonant haunting tales *Animals in Our Days* foregrounds our urgent need to reacquire the sense of awe humility and respect that once characterized our relationship with animals

Shared Margins Samuli Schielke, Mukhtar Saad Shehata, 2021-07-05 *Shared Margins* tells of writers writing and literary milieus in Alexandria Egypt's second city It de-centres cosmopolitan avant gardes and secular revolutionary aesthetics that have been intensively documented and studied

since 2011 Instead it offers a fieldwork based account of various milieus and styles and their common grounds and lines of division Structured in two parts Shared Margins gives an account of literature as a social practice embedded in milieus that at once enable and limit literary imagination and of a life worldly experience of plurality in absence of pluralism that marks literary engagements with the intimate and social realities of Alexandria after 2011 Literary writing this book argues has marginality as an at once enabling and limiting condition It provides shared spaces of imaginary excess that may go beyond the taken for granted of a societal milieu and yet are never unlimited Literary imagination is part and parcel of such social conflicts and transformations its role being neither one of resistance against power nor of guidance towards norms but rather one of open ended complicity The Cambridge History of the Graphic Novel Jan Baetens,Hugo Frey,Stephen E.

Tabachnick,2018-07-19 The Cambridge History of the Graphic Novel provides the complete history of the graphic novel from its origins in the nineteenth century to its rise and startling success in the twentieth and twenty first century It includes original discussion on the current state of the graphic novel and analyzes how American European Middle Eastern and Japanese renditions have shaped the field Thirty five leading scholars and historians unpack both forgotten trajectories as well as the famous key episodes and explain how comics transitioned from being marketed as children s entertainment Essays address the masters of the form including Art Spiegelman Alan Moore and Marjane Satrapi and reflect on their publishing history as well as their social and political effects This ambitious history offers an extensive detailed and expansive scholarly account of the graphic novel and will be a key resource for scholars and students **After the**

American Century Brian T. Edwards,2015-12-01 When Henry Luce announced in 1941 that we were living in the American century he believed that the international popularity of American culture made the world favorable to U S interests Now in the digital twenty first century the American century has been superseded as American movies music and video games are received understood and transformed How do we make sense of this shift Building on a decade of fieldwork in Cairo Casablanca and Tehran Brian T Edwards maps new routes of cultural exchange that are innovative accelerated and full of diversions Shaped by the digital revolution these paths are entwined with the growing fragility of American soft power They indicate an era after the American century in which popular American products and phenomena such as comic books teen romances social networking sites and ways of expressing sexuality are stripped of their associations with the United States and recast in very different forms Arguing against those who talk about a world in which American culture is merely replicated or appropriated Edwards focuses on creative moments of uptake in which Arabs and Iranians make something unexpected He argues that these products do more than extend the reach of the original They reflect a world in which culture endlessly circulates and gathers new meanings **Informatics and Digitalization for Sustainable Development**

and Well-Being Asma Salman,Muhammad Nawaz Tunio,Muthanna G. Abdul Razzaq,2025-05-10 This book provides a comprehensive exploration of the technological advancements and digital transformations reshaping modern society It

examines the far reaching impacts of emerging innovations from cryptocurrencies and data analytics to smart cities and remote work on the way we live work and interact Through an in depth analysis of key trends the book aims to equip readers with the knowledge and insights necessary to navigate an increasingly digital world and contribute to sustainable development and individual well being Topics covered include the effects of Covid 19 on the cryptocurrency landscape the role of creative computing in data management and the societal implications of urban digitalization and social media Through the exploration of the potential and challenges of these technological advancements the book provides a comprehensive understanding of the complex interplay between informatics digitalization and their impact on the future of society **EIB**

Global Report: The Story European Investment Bank,2022-07-14 The world is beset by crises that are reshaping societies economies healthcare systems transport and workplaces Many parts of our lives are changing The greatest challenges such as COVID 19 climate change poverty and equality will require larger investments and more partnerships as this decade progresses No single institution can meet the world s needs for innovation and cooperation EIB Global Report The Story illustrates why we created a new development branch by telling more than a dozen stories that discuss how we can meet challenges in areas such as gender equality innovation vaccines and green energy **Refractions of the National, the**

Popular and the Global in African Cities Simon Bekker,Slyvia Croese,2021-02-26 Case studies of metropolitan cities in nine African countries from Egypt in the north to three in West and Central Africa two in East Africa and three in Southern Africa make up the empirical foundation of this publication The interrelated themes addressed in these chapters the national influence on urban development the popular dynamics that shape urban development and the global currents on urban development make up its framework All authors and editors are African as is the publisher The only exception is Gran Therborn whose recent book Cities of Power served as motivation for this volume Accordingly the issue common to all case studies is the often conflictual powers that are exercised by national global and popular forces in the development of these African cities Rather than locating the case studies in an exclusively African historical context the focus is on the trajectories of the postcolonial city with the important exception of Addis Ababa with a non colonial history that has granted it a special place in African consciousness These trajectories enable comparisons with those of postcolonial cities on other continents This in turn highlights the fact that Africa today the least urbanised continent on an increasingly urbanised globe is in the thick of processes of large scale urban transformation illustrated in diverse ways by the case studies that make up the foundation of this publication Short Description **Egypt** Andrew Humphreys,2009 Describes the sights and attractions of each region of Egypt offers background information on history and culture suggests walking and driving tours and includes tips on hotels restaurants and shopping My Life in Progressive Politics Joseph D. Tydings,John W. Frece,2018-04-09 Gun control voting rights family planning and environmental protection these are all hot button issues today but they were also the same difficult and intractable issues that Senator Joseph D Tydings of Maryland faced during his tenure in the Senate in

the 1960s In this timely memoir Tydings looks back on a life of public service from the Maryland General Assembly to chief federal prosecutor in Maryland and ultimately to the United States Senate As an early Kennedy Man Tydings s political stock soared but it just as quickly crashed because of his willingness to go against the grain on perhaps one progressive issue too many As the adopted son of a US senator grandson of an adviser to three US presidents and step grandson of perhaps the wealthiest woman of her age Tydings nevertheless made his own way rising from horse platoon corporal in war ravaged Germany to legislative reformer He prosecuted fellow Democrats for fraud stood up to presidents over Supreme Court nominees and the war in Vietnam and faced down segregationists over voting rights His family planning initiatives are still in effect He battled the National Rifle Association over gun control and suffered the consequences After a decade of political assassinations from the Kennedy brothers to Martin Luther King Jr and a turn to the right with the election of Richard Nixon America s political climate soured for progressive politics and Tydings narrowly lost reelection *My Life in Progressive Politics* provides an important insider account of a landmark era in American politics *Afropolis* Kerstin Pinther, Larissa Förster, Christian Hanussek, 2012 Metropolises often evoke images of flashy high rise buildings permanent background noise backed up cars and people moving quickly in all directions in their masses New York Tokyo London Sao Paulo But what about Cairo **History of Construction Cultures Volume 1** João Mascarenhas-Mateus, Ana Paula Pires, 2021-08-01 History of Construction Cultures Volume 1 contains papers presented at the 7ICCH Seventh International Congress on Construction History held at the Lisbon School of Architecture Portugal from 12 to 16 July 2021 The conference has been organized by the Lisbon School of Architecture FAUL NOVA School of Social Sciences and Humanities the Portuguese Society for Construction History Studies and the University of the Azores The contributions cover the wide interdisciplinary spectrum of Construction History and consist on the most recent advances in theory and practical case studies analysis following themes such as epistemological issues building actors building materials building machines tools and equipment construction processes building services and techniques structural theory and analysis political social and economic aspects knowledge transfer and cultural translation of construction cultures Furthermore papers presented at thematic sessions aim at covering important problematics historical periods and different regions of the globe opening new directions for Construction History research We are what we build and how we build thus the study of Construction History is now more than ever at the centre of current debates as to the shape of a sustainable future for humankind Therefore History of Construction Cultures is a critical and indispensable work to expand our understanding of the ways in which everyday building activities have been perceived and experienced in different cultures from ancient times to our century and all over the world *The Jeanette MacDonald Story* James Robert Parish, 1976 It was almost nine and the stagehands director and actors on the set of *Naughty Marietta* were awaiting the arrival of the leading lady The night before she had walked out to go see a movie and shooting had had to stop early everyone was getting edgy Soon six stagehands dragged a large white doghouse onto the set A small white hand came

out from within holding an apple for the director One Shot Woody Van Dyke Jeanette MacDonald stuck out her head and asked May I come out now please Billed as The girl with the red gold hair and sea green eyes on Broadway known as the Iron Butterfly in Hollywood Jeanette MacDonald is revealed here as a warm irrepressible person with a surprisingly whimsical sense of humor Her stage life had begun early she appeared in vaudeville as one of Al White s Six Sunny Song Birds and left high school in order to appear in the Demi tasse Review Dust jacket Tunnels and Underground Structures: Proceedings
Tunnels & Underground Structures, Singapore 2000 KrishnanR.,2017-10-02 This text describes topics discussed at the conference including tunnelling and construction in soft ground and rocks geological investigations tunnelling machines planning for underground infrastructure safety issues and environmental and social aspects of underground development
