chapters that comprise the contents of this first volume of Native Languages of the Americas were originally commissioned by the undersigned in his capacity as Editor of the fourteen volume series 1963-1976 Current Trends in Linguistics. All appeared in 1973 under Part Three of the quadripartite Vol 10 subtitled Linguistics in North America. Two additional chapters are being held over for the volume to follow, shortly devoted to Central and South American languages and linguistics where they more appropriately belong. A fourteenth chapter on the Historiography of native North American linguistics was written similarly by invitation for Vol 13 subtitled Historiography of Linguistics published in 1975. Both Volumes 10 and 13 were jointly financed by the United States National Science Foundation and National Endowment for the Humanities with an enhancing contribution to the former by the Canada Council. The generosity of these funding agencies was of course previously acknowledged in my respective Editor's Introductions to the two books mentioned but cannot be repeated too often without their welcome and timely assistance; the global project could scarcely have been realized on so comprehensive a scale. The Current Trends in Linguistics series was a long term venture of Mouton Publishers of The Hague under the imaginative in-house direction of Peter de Ridder. Various spin-offs were foreseen and some of them happily realized.

History of Linguistics, Vol. 2 Hans Aarsleff, Robert Austerlitz, Dell Hymes, Edward Stankiewicz, 2021-03-22. No detailed description available for History of Linguistics Vol 2. **The Bookseller and the Stationery Trades' Journal**, 1922.
