Mexicos Democratic Challenges Politics Government And Society:

Mexico's Democratic Challenges Andrew D. Selee, Jacqueline Peschard, 2010 This book broadens our understanding of democracy in Mexico beyond the electoral arena and identifies some of the main challenges for defending and expanding democratic rights Neil Harvey New Mexico State University *The Oxford Handbook of Mexican Politics* Roderic Ai Camp, 2012-02-16 A comprehensive view of the remarkable transformation of Mexico's political system to a democratic model The contributors to this volume assess the most influential institutions actors policies and issues in the country's current evolution toward democratic consolidation NAFTA and Democracy in Mexico Pablo Calderón Martínez, 2018-09-05 After describing NAFTA as the worst trade deal maybe ever signed anywhere Donald Trump's election seemed to represent the final nail in the coffin for North American economic integration Following a decade of stagnation however Trump's victory presents a timely opportunity to reconsider North American integration and evaluate NAFTA's democratic track record in Mexico In this book Pablo Calderón Martínez presents a detailed analysis of NAFTA's influence as a political tool for democracy in Mexico Extending beyond a mere economic or social exploration of the consequences of NAFTA Calderón Martínez uses a three tiered analysis based on causality mechanisms to explain how the interactions between internationalisation and democratisation unfolded in Mexico Calderón Martínez's analysis demonstrates that Mexico's internationalisation project under the framework of NAFTA gave shape to if not made Mexico's democratisation process An original and timely resource for scholars and students interested in understanding how in cases like Mexico where transitions to democracy are characterised by a finely poised balance of power small influences from abroad can make significant long lasting differences domestically **Contemporary Mexican Politics** Emily Edmonds-Poli, David A. Shirk, 2020-03-10 This comprehensive and engaging text explores contemporary Mexico's political economic and social development and examines the most important policy issues facing the country today Readers will find this widely praised book continues to be the most current and accessible work available on Mexico's politics and policy **Cases in Comparative Government and Politics** John McCormick, 2019-09-20 Using twelve pivotal cases this book brings comparative politics to life by highlighting the key differences in political systems around the world Written by renowned textbook author John McCormick the book opens with two context setting chapters on the field of comparative politics and the varying nature of political systems The cases that follow thereafter have been carefully chosen to illustrate a variety of political types different levels of political development and to ensure geographical and cultural diversity The textbook is ideal for both undergraduate and postgraduate students who are taking introductory courses in comparative politics introduction to politics and political science **Introduction to Mexico** Gilad James, PhD, Mexico is a North American country situated between the United States to the north and Belize and Guatemala to the south The country stretches over an area of 1 969 908 square kilometers making it the 13th largest country globally by area Mexico is also the 3rd most populous country in the Americas and the 11th most populous country

globally Mexico's population is estimated to be over 128 million people and it is composed of various ethnic groups with different cultures and languages. The country has both rural and urban regions with large cities such as Mexico City, Guadalajara, and Monterrey. Mexico's history dates back thousands of years with different indigenous groups occupying land long before the arrival of the Spanish in 1521. After gaining independence from Spain in 1821, Mexico has experienced political instability and economic challenges. Despite these challenges, Mexico has a robust economy driven by tourism, petroleum manufacturing, and agriculture. The country also has beautiful landscapes including beaches, mountains, and deserts, making it a popular tourist destination. Mexico is known for its rich culture, including art, music, food, and festivals, which celebrate the diverse cultures within the country.

Emigrants Get Political Michael S. Danielson, 2018. Migrants have become an important social and political constituency throughout the world. In addition to sending remittances to their home countries, many migrants maintain political ties with their nations of origin through the expansion of dual citizenship and voting rights. But to what extent do migrants influence their home communities and governments? Michael S. Danielson develops a theory of and methodological model for studying migrant impact on the communities and countries they leave behind, examining a largely underexplored area of research in the migration literature.

Labor Politics in Latin America Paul W. Posner, Viviana Patroni, Jean François Mayer, 2018-08-14. Labor Politics in Latin America assesses the capacity of working class organizations to represent and advance working people's demands in an era in which capital has reasserted its power on a global scale. The book's premise is that the longer term sustainability of development strategies for the region is largely connected to the capacity of working class organizations to secure a fairer distribution of the gains from growth.

Electoral Rules and Democracy in Latin America Cynthia McClintock, 2018. During Latin America's third democratic wave, a majority of countries adopted a runoff rule for the election of the president, effectively dampening plurality voting, opening the political arena to new parties, and assuring the public that the president will never have anything less than majority support. In a region in which undemocratic political parties were common and have often been dominated by caudillos, cautious naysayers have voiced concerns about the runoff process, arguing that a proliferation of new political parties vying for power is a sign of inferior democracy. This book is the first rigorous assessment of the implications of runoff versus plurality rules throughout Latin America and demonstrates that, in contrast to early scholarly skepticism about runoff, it has been positive for democracy in the region. Primarily through qualitative analysis, for each country the author argues that indeed an important advantage of runoff is the greater openness of the political arena to new parties at the same time that measures can be taken to inhibit party proliferation. In this context, it is also the first volume to address whether or not a runoff rule with a reduced threshold, for example 40% with a 10-point lead, is a felicitous compromise between majority runoff and plurality. The book considers the potential for the superiority of runoff to travel beyond Latin America, in particular, and rather provocatively to the United States.

The Way That Leads Among the Lost Angela Garcia, 2024-04-30. Based on over a

decade of research a powerful moving work of narrative nonfiction that illuminates the little known world of the anexos of Mexico City the informal addiction treatment centers where mothers send their children to escape the violence of the drug war *The Way That Leads Among the Lost* reveals a hidden place where care and violence are impossible to separate the anexos of Mexico City The prizewinning anthropologist Angela Garcia takes us deep into the world of these small rooms informal treatment centers for alcoholism addiction and mental illness spread across Mexico City s tenements and reaching into the United States Run and inhabited by Mexico s most marginalized populations they are controversial for their illegality and their use of coercion Yet for many Mexican families desperate to keep their loved ones safe these rooms offer something of a refuge from what lies beyond them the intensifying violence surrounding the drug war This is the first book ever written on the anexos Garcia who spent a decade conducting anthropological fieldwork in Mexico City draws readers into their many dimensions casting light on the mothers and their children who are entangled in this hidden world Following the stories of its denizens she asks what these places are why they exist and what they reflect about Mexico and the wider world With extraordinary empathy and a sharp eye for detail Garcia attends to the lives that the anexos both sustain and erode wrestling with the question of why mothers turn to them as a site of refuge even as they reproduce violence Woven into these portraits is Garcia s own powerful story of family childhood homelessness and drugs a blend of ethnography and memoir converging on a set of fundamental questions about the many forms and meanings that violence love care family and hope may take Infused with profound ethnographic richness and moral urgency *The Way That Leads Among the Lost* is a stunning work of narrative nonfiction a book that will leave a deep mark on readers

Decentralization, Democratization, and Informal Power in Mexico Andrew Selee, 2015-10-20 In the last two decades of the twentieth century many countries in Latin America freed themselves from the burden of their authoritarian pasts and developed democratic political systems At the same time they began a process of shifting many governmental responsibilities from the national to the state and local levels Much has been written about how decentralization has fostered democratization but informal power relationships inherited from the past have complicated the ways in which citizens voice their concerns and have undermined the accountability of elected officials In this book Andrew Selee seeks to illuminate the complex linkages between informal and formal power by comparing how they worked in three Mexican cities The process of decentralization is shown to have been intermediated by existing spheres of political influence which in turn helped determine how much the institution of multiparty democracy in the country could succeed in bringing democracy closer to home

Modern Mexico James D. Huck Jr., 2017-12-01 This single volume reference resource offers students scholars and general readers alike an in depth background on Mexico from the complexity of its pre Columbian civilizations to its social and political development in the context of Western civilization How did modern Mexico become a nation of multicultural diversity and rich indigenous traditions What key roles do Mexico s non Western pre Columbian indigenous heritage and subsequent development as a major center in the Spanish colonial empire play the

country's identity today How is Mexico today both Western and non Western part Native American and part European simultaneously traditional and modern Modern Mexico is a thematic encyclopedia that broadly covers the nation's history both ancient and modern its government politics and economics as well as its culture religion traditions philosophy arts and social structures Additional topics include industry labor social classes and ethnicity women education language food leisure and sport and popular culture Sidebars images and a Day in the Life feature round out the coverage in this accessible engaging volume Readers will come to understand how Mexico and the Mexican people today are the result of the processes of transculturation globalization and civilizational contact The Promise and Perils of Populism Carlos de la

Torre, 2015-01-13 From the protesters in Cairo's Tahrir Square to the Tea Party in the United States to the campaign to elect indigenous leader Evo Morales in Bolivia modern populist movements command international attention and compel political and social change When citizens demand power to the people they evoke corrupt politicians imperialists or oligarchies that have appropriated power from its legitimate owners These stereotypical narratives belie the vague and often contradictory definitions of the concept of the people and the many motives of those who use populism as a political tool In The Promise and Perils of Populism Carlos de la Torre assembles a group of international scholars to explore the ambiguous meanings and profound implications of grassroots movements across the globe These trenchant essays explore how fragile political institutions allow populists to achieve power while strong institutions confine them to the margins of political systems Their comparative case studies illuminate how Latin American African and Thai populists have sought to empower marginalized groups of people while similar groups in Australia Europe and the United States often exclude people whom they consider to possess different cultural values While analyzing insurrections in Latin America advocacy groups in the United States Europe and Australia and populist parties in Asia and Africa the contributors also pose questions and agendas for further research This volume on contemporary populism from a comparative perspective could not be more timely and scholars from a variety of disciplines will find it an invaluable contribution to the literature **The Constitution of Mexico** José María Serna de la

Garza, 2013-05-31 This book provides an overview of Mexico's political evolution since it became independent from Spain in 1821 and its current constitutional arrangements principles and structures The aim is to explain this evolution as the result of struggles between the interests and ideologies of different groups within Mexican society each with a different political vision of how the State should be organised Chapter 1 reviews Mexico's constitutional trajectory and explains why democracy republicanism federalism separation of state and church protection of fundamental rights and the Nation's ownership of mineral resources first became constitutional principles Chapters 2 3 4 and 5 deal respectively with democracy and the electoral system and the legislative executive and judicial branches of federal government Chapter 6 introduces the institutional structure of Mexico's federal system while Chapter 7 discusses the rules principles and institutions for the protection of human rights Chapter 8 examines the constitutional regime of Mexico's economy The conclusion explains how a

series of factors has combined to produce a gap between the formal Constitution and what can be seen as the living Constitution bridging that gap presents Mexican politics and society with one of its great contemporary challenges

Mexico's Politics and Society in Transition Joseph S. Tulchin, Andrew D. Selee, 2003 An exploration of the interrelated trends of Mexico's transitional politics and society Offering perspectives on the problems on the Mexican agenda the authors discuss the politics of change the challenges of social development and how to build a mutually beneficial US Mexico relationship

Democracy and Security in Latin America Gabriel Marcella, Orlando J. Pérez, Brian Fonseca, 2021-11-04 The COVID 19 pandemic has highlighted the need for governments to generate the necessary capacity to address important security and institutional challenges this volume deepens our understanding of the nature and extent of state governance in Latin America State capacity is multidimensional with all elements interacting to produce stable governance and security As such a collection of scholars and practitioners use an explicit interdisciplinary approach drawing on the contributions of history political science economics public policy military studies and other fields to gain a rounded understanding of the link between security and democracy Democracy and Security in Latin America is divided in two sections Part 1 focuses on the challenges to governance and key institutions such as police courts armed forces and the prison system Part 2 features country case studies that illustrate particularly important security challenges and various means by which the state has confronted them Democracy and Security in Latin America should appeal not only to those seeking to learn more about the capacity of the democratic state in Latin America to effectively provide public security in times of stress but to all those curious about the reality that a democracy must have security to function

The State and Security in Mexico Brian J. Bow, Arturo Santa Cruz, 2013 At the turn of the millennium Mexico seemed to have finally found its path to political and economic modernization a state which had been deeply embedded in society was being pulled out with new political leaders allowing market forces to play a greater role in guiding the nation's economic development and allowing old patron client networks to crumble At the same time many hoped that political and legal reforms would increase the state's capacity to provide prosperity security and equity for its citizens In the midst of this historic transformation however Mexico was confronted with an urgent new policy challenge Internationally recognized experts from the academic and think tank communities in the United States Mexico and Canada consider the origins of the current crisis in Mexico and the nature and effectiveness of the Calderón government's response Simply not another book on North American regional security this volume uses Joel Migdal's concept of the state in society to provide a refreshingly clear and accessible exploration of political change in the developing world The engagement with the US and Canada gives the reader a chance to observe the dynamics of persuasion across the developmental divide Four key questions structure the study What does the ongoing security crisis in Mexico tell us about the changing role of the state in society there What does the changing role of the state tell us about the nature and intractability of the crisis How has the transition to democracy affected the links between the state and

organized crime in Mexico and the state's capacity to contain non state challengers What kinds of political and legal reforms are called for and what effects can we expect them to have on the extent and intensity of violence in Mexico No other study comprehensively uncovers new conceptual and theoretical insights in each of these areas whilst offering some practical guidance for policy makers and publics seeking to understand these urgent and complex challenges

Reforming Civil-Military Relations in New Democracies Aurel Croissant, David Kuehn, 2017-03-20 This book addresses the challenge of reforming defense and military policy making in newly democratized nations By tracing the development of civil military relations in various new democracies from a comparative perspective it links two bodies of scholarship that thus far have remained largely separate the study of emerging or failed civilian control over armed forces on the one hand and work on the roots and causes of military effectiveness to guarantee the protection and security of citizens on the other The empirical and theoretical findings presented here will appeal to scholars of civil military relations democratization and security issues as well as to defense policy makers

The Emergence of Indigenous Peoples Rodolfo Stavenhagen, 2012-11-08 This is the second part of a trilogy published in the Springer Briefs on Pioneers in Science and Practice on the occasion of the 80th birthday of Rodolfo Stavenhagen a distinguished Mexican sociologist and professor emeritus of El Colegio de Mexico Rodolfo Stavenhagen wrote this collection of six essays on The Emergence of Indigenous Peoples between 1965 and 2009 These widely discussed classic texts address Classes Colonialism and Acculturation 1965 Indigenous Peoples An Introduction 2009 The Return of the Native The Indigenous Challenge in Latin America 2002 Indigenous Peoples in Comparative Perspective 2004 Mexico's Unfinished Symphony The Zapatista Movement 2000 and Struggle and Resistance Mexico's Indians in Transition 2006 This volume discusses the emergence of indigenous peoples as new social and political actors at the national and international level These texts deal with human rights especially during the years he the author served as United Nations special rapporteur on the rights of indigenous peoples
