Mex/L.A. Selene Preciado, Museum of Latin American Art, Rubén Ortiz Torres, 2011 The years from 1945 to 1985 are often identified as the moment in which Los Angeles established itself as a leading cultural center in America However this conception of its history entirely excludes the very controversial presence of the Mexican muralists as well as the work of other artists who were influenced by them and responded to their ideas It is likewise often thought that Los Angeles Mexican culture arrived full formed from outside it when in fact that culture originated within the city it was in Los Angeles and Southern California that Jos Vasconcelos Ricardo Flores Mag n Octavio Paz and other intellectuals developed the iconography of modern Mexico while Anglos and Chicanos were developing their own David Alfaro Siqueiros Clemente Orozco Alfredo Ramos Mart nez and Jean Charlot made some of their earliest murals in Los Angeles influencing the Mexican Mexican American and Chicano artists of the 1970s and 80s MEX LA Mexican Modernism s in Los Angeles 1930 1985 focuses on the construction of different notions of Mexicanidad within modernist and contemporary art created in Los Angeles From the Olvera Street mural by Siqueiros to the Golden Age of Mexican cinema and the Disney silver screen productions to the revitalization of the street mural up to the performance art of Guillermo G mez Pe a MEX LA explores the bi national and hybrid forms of artistic practices popular culture and mass media arts that have so uniquely shaped Los Angeles cultural panorama **Paint the Revolution** Matthew Affron, Mark A. Castro, Dafne Cruz Porchini, Renato González Mello, 2016

**Viva la Vida** Lara Strongman, Gregory O'Brien, 2000 *Mexican Modern Art, 1900-1950* Luis-Martín Lozano, Mayo Graham, National Gallery of Canada, 1999 **Mexico and American Modernism** Ellen G. Landau, 2013 In the years between the two world wars the enormous vogue of things Mexican reached its peak Along with the popular appeal of its folkloric and pictorialist traditions Mexican culture played a significant role in the formation of modernism in the United States Mexico and American Modernism analyzes the complex social intellectual and artistic ramifications of interactions between avant garde American artists and Mexico during this critical period In this insightful book Ellen G Landau looks beyond the well known European influences on modernism Instead she probes the lesser known yet powerful connections to Mexico and Mexican art that can be seen in the work of four acclaimed mid century American artists Philip Guston 1913 1980 Robert Motherwell 1915 1991 Isamu Noguchi 1904 1988 and Jackson Pollock 1912 1956 Landau details how these artists relationships with the Mexican muralists expatriate Surrealists and leftist political activists of the 1930s and 1940s affected the direction of their art Her analysis of this aesthetic cross fertilization provides an important new framework for understanding the emergence of Abstract Expressionism and the New York School as a whole Publisher s description

**Mexican Modern** David Craven, Luis-Martín Lozano, 2006 Photographs of girls and boys from fifty ranching families representing diverse cultural backgrounds *The Covarrubias Circle* Peter Mears, 2004 New York in the 1920s and 1930s was a modernist mecca that drew artists writers and other creators of culture from around the globe Two such expatriates

were Mexican artist and Renaissance man Miguel Covarrubias and Hungarian photographer Nickolas Muray Their lifelong friendship gave Muray an entrance into Covarrubias's circle of fellow Mexican artists Frida Kahlo Rufino Tamayo Juan Soriano Fernando Castillo Guillermo Meza Roberto Montenegro and Rafael Navarro whose works Muray collected This outstanding body of Mexican modernist art now owned by the Harry Ransom Humanities Research Center HRC at the University of Texas at Austin forms the subject of this beautifully illustrated volume Produced in conjunction with the Ransom Center's exhibition Miguel Covarrubias A Certain Clairvoyance this volume contains color plates of virtually all the items in Nickolas Muray's collection of twentieth century Mexican art The majority of the works are by Covarrubias while the excellent works by the other artists reflect the range of aesthetic shifts and modernist influences of the period in Mexico Accompanying the plates are five original essays that establish Covarrubias's importance as a modernist impresario as influential in his sphere as Ezra Pound T S Eliot and Jean Cocteau were in theirs Likewise the essays reestablish the significance of Nickolas Muray whose success as a master of color photography portraiture advertising imagery and commercial illustration has made him difficult to place within the history of photography as a fine art As a whole this publication of the Nickolas Muray Collection vividly illustrates the transgression of generic boundaries and the cross fertilization among artists working in different media from painting and photography to dance and ethnography that gave modernism its freshness and energy It also demonstrates that American modernism was thoroughly infused with a fervor for all things Mexican of which Covarrubias was a principal proponent and that Mexican modernists no less than their American and European counterparts answered Pound's call to make it new
