Miracle Voodoo Mountain Remarkable Darkness:

A Critical Anthropology of Childhood in Haiti Diane M. Hoffman, 2024-01-11 This book offers a critical anthropological perspective on contemporary childhood in Haiti It is based on longitudinal ethnographic fieldwork carried out over a period of 13 years with vulnerable children in Haiti Diane M Hoffman raises important questions about how interventions by well meaning foreigners and white saviors often misrepresent Haitian culture and society as deficient while privileging their own emotions alongside supposedly universal ideas about children that reinforce their own power to define and intervene in Haitian lives She argues for a new approach to Haitian childhood that centers children s informal learning and self education alongside indigenous spirituality and constructions of personhood that can resist the hegemony of neo colonial and neo liberal forces Instead of representing the country and its children as a place of problems to be solved the book shows the importance prioritizing aspects of Haitian world views in order to develop a more culturally informed understanding of childhood in Haiti that can support genuine social change Miracle on Voodoo Mountain Megan Boudreaux, 2015 Miracle on Voodoo Mountain is the inspirational memoir of an accomplished and driven 24 year old who quit her job sold everything and moved to Haiti by herself all without a clear plan of action **Wallace's Farm and Dairy** ,1927
