 the Queen in 1968 when he was twenty Over the next fifty years he met her many times both at public and at private events

Through his friendship with the Duke of Edinburgh he was given privileged access to Elizabeth II. He kept a record of all those encounters and his conversations with the Queen over the years, his meetings with her family and friends and his observations of her at close quarters are what make this very personal account of her extraordinary life uniquely fascinating. From her childhood in the 1920s to the era of Harry and Meghan in the 2020s, from her war years at Windsor Castle to her death at Balmoral, this is both a record of a tumultuous century of royal history and a truly intimate portrait of a remarkable woman. Enjoy this special edition now featuring an exclusive postscript about King Charles III's Coronation with photographs.

_____ Praise for Gyles Brandreth's bestselling royal writing: Beautifully written book. I have read many other books about Philip, but this is the best. DAILY EXPRESS: Brilliant, totally inspiring. It's a joy to read a book that comes from a perspective of fondness. KIRSTIE ALLSOPP, THE TIMES: As a sparkling celebration of Prince Philip, the book will be hard to beat.

TELEGRAPH: So readable and refreshing, even after the millions of words that have been written about Prince Philip in the past couple of weeks. THE TIMES: Brilliant. There is so much in this book you won't find anywhere else. LORRAINE A Short History of Europe Simon Jenkins, 2018-11-08: Discover the history of Europe from the Dark Ages to present day by the author of the bestselling A Short History of England. Europe is an astonishingly successful place. But it would take volumes to tell its story right. Wrong. From warring peoples to peace, wealth and freedom, Andrew Jenkins distils its evolution into this short, single volume history. From Greece and Rome through the French Revolution to the Second World War and modern times, taking in leaders such as Julius Caesar, Joan of Arc, Wellington and Angela Merkel. Sharing stories of cultural figures like Aristotle, Shakespeare and Picasso, Jenkins brings together the transformative forces and dominant eras into one chronological tale, all with his insight, colour and authority. *A voyage round the world, in the years 1740, 41, 42, 43, 44*

Space Claire Omhové, 2007: This book enlarges the perspective of literary geography, which tends to focus on the correspondence between the objective world the geographer addresses and its subjective rendering in art. Instead, it considers how geography informs fresh aesthetic responses to space in contemporary Canadian literature, with specific

attention to the writings of Alistair MacLeod Jane Urquhart Anne Michaels Aritha van Herk Rudy Wiebe Robert Kroetsch and Thomas Wharton This broadening leads to a series of interrogations what blanks in conventional landscape writing does physical geography fill and how Where does the efficiency of geography lie beyond its scientific accuracy or descriptive relevance Pondering the role of geography in a work of art therefore amounts to considering what makes geography work as art is there such a thing as a poetics of geography Because the place of the writer and the representation of space remain two central concerns in Canadian writing the texts under scrutiny help elucidate the critical role performed by the geographical imagination a phrase used by theoreticians as diverse as Edward Said Edward Soja or Derek Gregory in the fabrication of symbolic ties between Canadians and the land they have come to share **The New Improved Sorceress**
