Missing Without A Trace 8 Days Of Horror:

Missing Without a Trace Tanya Rider, Tracy Ertl, 2011 Seattle area resident Tanya Rider crashed her blue SUV in 2007 and disappeared without a trace Her husband Tom reported her missing and found himself at the center of a police investigation Eight days after the crash Tanya's rescue against all odds was covered by every major national media outlet She had survived for more than a week in a wrecked car that had become her potential tomb This is the story of her survival and her husband's fight for justice Missing Persons =4= Leonard Lowe, 2024-08-11 Exciting and frightening Just like the previous three books I couldn't put it down I certainly hope for a further continuation of the series Captivating and frightening In the 4th part as well cases are described that simply leave one stunned The author's evaluations and theories probably come very close to the truth Mega exciting A very exciting and also somewhat eerie book Good structuring of the individual fates One can hardly believe how many people simply vanish into thin air Highly recommended These people simply disappear Very profoundly and very decisively So much so that even tracking dogs can no longer follow the trail they must have left behind The question here is Are the dogs unwilling to follow the trail because they are afraid or is there simply no trail perhaps because the trail has vanished with the victim from our timeline from our causality Or is there no trail because the victim has disappeared into a parallel reality leaving their trail there in this parallel reality They are simply gone as if they were never there some reappear under highly mysterious circumstances these are their stories In numerous cases search teams report having seen the victim who supposedly ran away from them or they find traces of the victim that are so scattered that it is questionable whether the traces belong to the victim and if so how the victim could have been in these various widely separated locations Conversely the victims if they are found alive and can make a statement report that they were pursued by strange people that they were chased through the forest A woman says that they seemed not to see her the people were right in front of her yet they appeared to see through her Are we talking about the same event here Do the victims see their rescuers who are searching for them but due to a strange confusion of their minds they do not recognize them and perceive them as a threat as strange people chasing them through the forest And do the rescuers not see the victim Even though the victim is right in front of them like a ghost **Pirates & Patriots, Tales of the Delaware Coast** Michael Morgan, 2005 Libraries archives and museums reveal clues to the colorful characters lining the history of Delaware from its earliest colonial days to the invention of the beach resort and the founding of the nation's Summer Capital to World War II and the present Author Michael Morgan brings together this kaleidoscopic view of the men of the sea and the beachfront tycoons who shaped Delaware and its role in the development of America in war politics and business from the Europeans arrival at Cape Henlopen until modern times While the intrepid patriot Henry Fisher and the infamous serial killer Patty Cannon are not known beyond the boundaries of southern Delaware others such as William Penn Captain Kidd and the DuPonts enjoy more widespread reputations Here tales of shipwrecks and rumrunners combine with the politics of slavery

and suffrage to illuminate the history of one corner of the United States a microcosm that synthesizes light on various facets of the development of the United States in a broader context Michael Morgan pens a weekly column Delaware Diary in the Delaware Coast Press and has authored many stories for The Baltimore Sun Maryland Magazine Civil War Times Illustrated America s Civil War and other periodicals for the past 15 years He is a frequent guest speaker at historical societies in Lewes Georgetown and other towns along the Delaware coast
