

A photograph of a waterfall cascading over dark, mossy rocks into a pool of water. The water is white and frothy as it falls, creating a misty spray at the base. The surrounding rocks are dark and textured, with some green moss and small plants growing on them. The overall scene is serene and natural.

Simon James Dawson, 1859 **The Canadian Encyclopedia** James H. Marsh, 1999 This edition of The Canadian Encyclopedia is the largest most comprehensive book ever published in Canada for the general reader It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume It has been EXPANDED since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words It has been UPDATED the researchers and contributors worked hard to make the information as current as possible Other words apply to this extraordinary work of scholarship AUTHORITATIVE RELIABLE and READABLE Every entry is compiled by an expert Equally important every entry is written for a Canadian reader from the Canadian point of view The finished work many years in the making and the equivalent of forty average sized books is an extraordinary storehouse of information about our country This book deserves pride of place on the bookshelf in every Canadian Home It is no accident that the cover of this book is based on the Canadian flag For the proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they describe and the

scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers But above all the book is encyclopedic which the Canadian Oxford Dictionary describes as embracing all branches of learning This means that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry A mari usque ad mare from sea to sea which is Canada s motto and a good description of this volume s range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada s finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada

The Rise of the Dutch Republic John Lothrop Motley, 1883 **Northwest Journal of Education**, 1890 Arctic Migrants/Arctic Villagers David Damas, 2002 Damas shows that while there were cases of government directed relocation to centres centralization was largely voluntary as the Inuit accepted the advantages of village living In examining archives anthropological writings and the results of field research from an anthropological perspective Damas provides fresh insights into the policies and developments that led to the centralization of Inuit settlement during the 1950s and 1960s BOOK JACKET **Messenger and Visitor**, 1913

Desperate Passage Ethan Rarick, 2008-02-04 In late October 1846 the last wagon train of that year s westward migration stopped overnight before resuming its arduous climb over the Sierra Nevada Mountains unaware that a fearsome storm was gathering force After months of grueling travel the 81 men women and children would be trapped for a brutal winter with little food and only primitive shelter The conclusion is known by spring of the next year the Donner Party was synonymous with the most harrowing extremes of human survival But until now the full story of what happened what it tells us about human nature and about America s westward expansion remained shrouded in myth Drawing on fresh archaeological evidence recent research on topics ranging from survival rates to snowfall totals and heartbreaking letters and diaries made public by descendants a century and a half after the tragedy Ethan Rarick offers an intimate portrait of the Donner party and their unimaginable ordeal a mother who must divide her family a little girl who shines with courage a devoted wife who refuses to abandon her husband a man who risks his life merely to keep his word But Rarick resists both the gruesomely sensationalist accounts of the Donner party as well as later attempts to turn the survivors into archetypal

pioneer heroes The Donner Party Rarick writes is a story of hard decisions that were neither heroic nor villainous Often the emigrants displayed a more realistic and typically human mixture of generosity and selfishness an alloy born of necessity A fast paced heart wrenching clear eyed narrative history A Desperate Hope casts new light on one of America s most horrific encounters between the dream of a better life and the harsh realities such dreams so often must confront Cultural Change among the Algonquin in the Nineteenth Century Leila Inksetter,2024-09-03 The nineteenth century was a time of upheaval for the Algonquin people As they came into more sustained contact with fur traders missionaries settlers and other outside agents their ways of life were disrupted and forever changed Yet the Algonquin were not entirely without control over the cultural change that confronted them in this period Where the opportunity arose they adapted by making decisions and choices according to their own interests Cultural Change among the Algonquin in the Nineteenth Century traces the history of settler Indigenous encounter in two areas around the modern Ontario Quebec border in the period after colonial incursion but before the full effects of the Indian Act of 1876 were felt While Lake Timiskaming was the site of commercial logging operations beginning in the 1830s the Lake Abitibi region had much less contact with outsiders until the early twentieth century These different timelines permit comparison of social and cultural change among Indigenous peoples of these two regions Drawing on nineteenth century archival sources and twentieth century ethnographic accounts Leila Inksetter sheds new light on band formation and governance the introduction of elected chiefs food provisioning environmental changes and the interaction between Indigenous spirituality and Catholicism Cultural change among the nineteenth century Algonquin was experienced not only as an uninvited imposition from outside but as a dynamic response to new circumstances by Indigenous people themselves Inksetter makes a case for greater recognition of Algonquin agency and decision making in this period before the implementation of the Indian Act *Michigan in Summer* Grand Rapids and Indiana Railroad Company,1904 NHLI's Blood Resource Studies: a Comparative Analysis of Regional Blood Supply Systems National Heart and Lung Institute,1975 Statistical Abstract of Utah ,1993
