Bearing Witness in Acts and Today Troy M. Troftgruben, 2025-05-16 Many people have mixed reactions to conventional ideas of evangelism And yet in Scripture Jesus invites his followers to engage in faithful witness in the world In a society as complicated as ours where people have had many positive and negative experiences with Christianity what does constructive and faithful witness look like This book reengages the call of Jesus in Acts to bear witness faithfully The book explores how witness takes shape in Acts why that

matters and what that might mean for today Each chapter focuses on Scripture passages from Acts examples of the early church engaged in witness and reflections on faithful witness today Nearly all Scripture passages appear in the Revised Common Lectionary for worship making them more familiar Each chapter concludes with discussion questions resources and suggestions These resources allow readers to engage in Scripture and reflection as individuals and as communities about faithful witness today Bearing Witness in Acts and Today invites readers into deeper engagement with the story of Acts the faithful witness of early church communities and the call of Jesus for today

The Jesus We Missed Father Patrick Reardon, 2012-02-13 Who was Jesus and what was His mission The Gospels present us with an obvious but profound and compelling thought that the eternal Word of God became a real man of particular weight and height with a specific temperament and particular traits of character He was a Jew part of a small village community He became hungry and tired He felt anger and was moved to compassion He had a mother and friends His name was Jesus How are we to understand this mystery of Jesus being fully God and also fully man How do we correctly speak of the real Jesus without falling prey to the skepticism that marks the so called quest for a historical Jesus In *The Jesus We Missed* pastor and scholar Patrick Henry Reardon travels through the Gospel narratives to discover the real Jesus to see him through the eyes of those who knew him best the apostles his community believers who vividly portrayed him in stories filtered through their own faith Through these living breathing accounts we contemplate who God s Son really was and is and we understand how he came to redeem and sanctify every aspect of every human life In an age that has too often turned Jesus into a symbol or an abstract doctrine we are long overdue for a reminder that the Lord of history came to us as a humble carpenter from Nazareth

BRYAN LITFIN
Professor of Theology Moody Bible Institute In his inimitable style Patrick Henry Reardon surprises us with insights into the humanity of Jesus drawn from the Gospels and made lively by careful attention to historical and literary detail Here is a piece

that joins together critical awareness theological fidelity refreshing wit and manifest devotion EDITH M HUMPHREY William F Orr Professor of New Testament Pittsburgh Theological Seminary *Modern Indian Responses to Religious Pluralism* Harold G. Coward, 1987-11-15 The study of modern Indian responses to the challenge of pluralism reveals the outcome of 2500 years of experience in this living laboratory of religious encounter and offers wisdom to the modern West in its relatively recent encounter with this challenge A remarkable team of scholars joins forces in this book to examine how religious pluralism actually functions in India It focuses on both the responses from within Hinduism and of other religions in India with chapters on Parsis Indian Islam Indian Christianity Sikhism and Tibetan Buddhism **The Miracle** Ernest Temple Thurston, 1922 **Loveworks** Brian Sheehan, 2013-05-28 In 2004 Kevin Roberts wrote *Lovemarks* the future beyond brands It was admired by many as a breakthrough in marketing thinking but was also controversial because of its surprisingly obvious thesis that emotional connections are at the heart of sustained relationships between producers retailers and consumers While many companies were using the language of war in their marketing target penetrate ambush Roberts was using the language of love mystery sensuality intimacy He explained in simple terms what people are often loath to admit we make decisions with our emotions over our reason *Lovemarks* described the journey by which brands could move from consumer respect based on intellect to consumer love based on emotion and in return gain loyalty beyond reason In 2010 Advertising Age magazine named *Lovemarks* one of their ideas of the decade while noting that the roadmap for brands to achieve Lovemark status was still not entirely clear *Loveworks* How the world's top marketers make emotional connections to win in the marketplace adds to the original *Lovemarks* by showcasing real world business examples and outlining the roadmaps followed by several world renowned brands to achieve Lovemark status Procter Gamble Toyota Visa General Mills Miller T Mobile and Lenovo are just a few examples of businesses winning in the marketplace through the application of the *Lovemarks* theory maintaining laser like focus on making and sustaining emotional connections with consumers *Loveworks* features 20 case stories from clients and markets worldwide in widely varying categories My book shows that *Lovemarks* thinking works anywhere anytime All it takes is having the brains to implement it the guts to see it through and an abiding faith in emotion as your compass says Brian Sheehan *The Politics of Knowledge* Saw Swee-Hock, Danny Quah, 2009 The publication of this book comprising chapters written by distinguished scholars is a timely recognition that these days we are bombarded by suggestions that knowledge is power that we are operating in a knowledge economy and that the greatest driver for financial growth and national development is the knowledge industry There are more sources of knowledge available to a wider range of the world's population than ever before The Internet has made the dissemination of knowledge possible in ways not contemplated fifty years ago National boundaries are crossed with consummate ease Knowledge is not like other assets It can be accessed rapidly and used by thousands often millions of people This makes knowledge as an asset that generated much of the wealth in the early development of most nations And

different countries and regions need different strategies to support and promote the growth of their knowledge economies These call for nationally and regionally based approaches and they entail new dynamics and challenges in wealth creation legal regulation national and social organization and the protection of environmental and natural resources Issued jointly by the Institute of Southeast Asian Studies ISEAS and the London School of Economics and Political Science LSE

Responses to One Hundred and One Questions on God and Evolution John F. Haught, 2001 A succinct overview of questions that still divide scientific materialists and religious believers [Disability and Sanctity in the Middle Ages](#) Stephanie Grace-Petinos, Leah Parker, Alicia Spencer-Hall, 2025-10-01 This volume significantly expands current understandings of both disability and sanctity in the Middle Ages Across the collection heterogeneous constructions and experiences of disability and holiness are excavated Analyses span the sixth to the fifteenth century with discussion of holy men and holy women Western Christian and Buddhist traditions hagiographic texts images and artefacts Each chapter underscores that disability and sanctity co exist with a vast array of connotations not just fully positive or fully negative but also every inflection in between The collection is a powerful rebuttal to the notion of the integral relationship of disability medieval and otherwise with sin stigma and shame So doing it recentres medieval disability history as a lived history that merits exploration and celebration In this way the volume serves to reclaim sanctity in disability histories as a means to affirm the possibility of radical disability futures

Dynamics of Interregional Exchange in East Asian Buddhist Art, 5th-13th Century Dorothy C. Wong, 2022-10-10 This volume examines the various patterns of trans regional exchanges in Buddhist art within East Asia China Korea and Japan in the medieval period from the fifth to the thirteenth centuries A traditional approach to the study of East Asian Buddhist art revolves around the notion of an artistic relay India was regarded as the source of inspiration for China and China in turn influenced artistic production in the Korean peninsula and Japan While this narrative holds some truth it has the implicit baggage of assuming that art in the host country is only derivative and obscures a deep understanding of the complexity of transnational exchanges The essays in this volume aim to go beyond the conventional query of tracing origins and mapping exchanges in order to investigate the agency of the receivers with contextual case studies that can expand our understanding of artistic dialogues across cultures The volume is divided into three sections In Section I Transmission and Local Interpretations the three chapters by Jinchao Zhao Li kuei Chien and Hong Wu all address topics of transnational transmission of Buddhist imagery their figural styles and subsequent alterations or adaptations based on local preferences and interpretations Buddhism had important impacts on East Asian countries in the political dimension especially when the religion and certain Buddhist sutras and deities were believed to have state protecting properties The chapters by Dorothy C Wong Imann Lai and Clara Ma in Section II Buddhism and the State attend to the political aspect of Buddhism in visual representation Section III Iconography and Traditions includes chapters by Sakiko Takahashi Suijun Ra and Tamami Hamada that closely study the cross border transmission of and subtle variations in

iconography and style of specific Buddhist deities notably deities of esoteric strands that include the Thousand Armed Avalokite vara Bodhisattva of Compassion **Myōe the Dreamkeeper** George J. Tanabe, Jr.,2020-05-11 In the Kamakura period Myoe Shonin 1173 1232 was a leader of Nara Buddhists who sought to revitalize traditional Buddhism in Japan In his teaching Myoe specially emphasized the value of the visions that could be achieved through meditation and in his practice he kept and occasionally illustrated a diary of his own visions and significant night dreams The autograph copy of this remarkable document still exists although some pages have been scattered among collectors George J Tanabe Jr here presents in English the most comprehensive compilation of the diary in any language Moreover his study of Myoe s life and teachings provides both a context within which the diary can be understood and a view of the often doctrinally contentious world of Kamakura Buddhism *Rheumatology E-Book* Marc C.
