Lighthouse at the End of the World Jules Verne, 2007-12-01 In 1859 three sailors arrive on an isolated island to man a new lighthouse at the wreck prone tippy tip of South America They soon discover a band of egregious criminals led by dangerous evildoer Kongre who have been tricking ships into running aground killing the survivors and taking the loot When two lighthouse men go to assist a ship and are killed serious trouble ensues **Jules Verne on Film** Thomas C.

Renzi, 2004-03-24 Jules Verne Voila a name that resonates with visions of fantastic adventures and images of exotic exploits In his voyages extraordinaires the noted French author fuses his encyclopedic knowledge of science and geography with his ability to tell fascinating tales taking his readers on unprecedented journeys across the globe into the earth and out into space This revered writer who with his boundless imagination had hoped to contribute substantially to the world of letters has surpassed that expectation to become coincidentally a significant influence on film Jules Verne on Film is both a penetrating analytical overview of Verne s epic novels and a comprehensive filmography of the numerous films inspired by his stories and characters There are the obvious adaptations that come directly from the pages of Verne s writings films such as In Search of the Castaways and Mysterious Island However looking closely at the plots characters and themes of many other films science fiction and otherwise one discovers that the incomparable Verne has had a far wider influence on filmmakers than one might have thought For instance most of us are familiar with Disney s 20 000 Leagues Under the Sea 1954 and some of us may have even seen the two 1997 television productions But Verne s classic undersea adventure also provides the underpinnings for such entertaining movies as Fantastic Voyage 1966 and Innerspace 1987 Structurally Jules Verne on Film begins with a biographical sketch and contains 23 chapters arranged alphabetically according to book title starting with The Adventures of Captain Hatteras and ending with Voyage Across the Impossible Each chapter includes a summary and analysis of Verne s story followed by a chronological treatment of the cinematic adaptations compared to their respective written work Production credits appear in the film entries along with plot synopses and thorough critical commentaries **Mirifiques aventures de Maître Antifer** Verne, Jules, 2014-02-18 Nouvelle dition de Mirifiques
