**Celebrating Poetry Across the K-12 Curriculum** Napoli, Mary, Day, Deanna, Ward, Barbara A., 2025-07-16 Poetry provides opportunities to explore the universal and common experiences that connect us as human beings. When teachers infuse poetry into their classroom, it can foster compassion, develop interdisciplinary connections, and support literacy instruction. However, not all teachers use poetry in their classroom, either because they are not aware of the value of poetry or because they have not had positive experiences with poetry. Given the importance of sharing poetry with today's youth, educators must feel confident in evaluating well-written poetry and how to weave poetry from award-winning poets to support interdisciplinary connections. *Celebrating Poetry Across the K-12 Curriculum* aims to ensure that poetry for children is not neglected as part of the curriculum and to help educators feel more confident in their understanding of children's poetry, its relevance to children's lives, and its importance to supporting pedagogical connections. Featuring interviews with well-known poets, this resource also showcases the latest pedagogical and scholarly research supporting the integration of poetry in the K-12 classroom. Covering topics such as science content, romanticism, and diversity recognition, this book is an excellent resource for educators, classroom teachers, literacy specialists, librarians, professionals, researchers, scholar academicians, and more.

**Mentor Texts** Lynne R. Dorfman, Rose Cappelli, 2017 It's been a decade since Lynne Dorfman and Rose Cappelli wrote the first edition of *Mentor Texts* and helped teachers across the country make the most of high-quality children's literature in their writing instruction. In the second edition of this important book, Lynne and Rose show teachers how to help students become confident, accomplished writers by using literature as their foundation. The second edition includes brand-new Your Turn Lessons built around the gradual release of responsibility model, offering suggestions for demonstrations and shared or guided writing. Reflection is emphasized as a necessary component to understanding why mentor authors chose certain strategies, literary devices, sentence structures, and words. Lynne and Rose offer new children's book titles in each chapter and in a carefully curated and annotated Treasure Chest. At the end of each chapter, a Think About It, Talk About It, Write About It section invites reflection and conversation with colleagues. The book is organized around the characteristics of good writing: focus, content, organization, style, and conventions. Rose and Lynne write in a friendly and conversational style, employing numerous anecdotes to help teachers visualize the process and offer strategies that can be immediately implemented in the classroom. This practical resource demonstrates the power of learning to read like writers.
