Missing When the Son Sets The Jaryd Atadero Story is the personal account of a father's painful search to discover the truth. *Tracks of Hope* Don Bendell, **Missing** ESTHER HERVY, 2023-02-15. Eleven true stories of people who simply went missing and what could have happened to them. Lest we forget. This book is dedicated to the search for truth. I would like to sincerely thank my community of loyal readers who are always present each time a new book is published. If you liked this book, please leave a comment on the site where you purchased it. Your comments are always very important for me and increase the visibility of my books. Without you, they wouldn't exist. *The Cold Vanish* Jon Billman, 2020-07-07. Perfect for readers of Jon Krakauer and Douglas Preston, this authentic and encyclopedic book examines real-life cases of those who vanish in the wilderness without a trace. Roman Dial and those eccentric determined characters who try to find them. These are the stories that defy conventional logic. The proverbial vanished without a trace incidences which happen a lot more and a lot closer to your backyard than almost anyone thinks. These are the missing whose situations are the hardest on loved ones left behind. The cases that are an embarrassment for park superintendents, rangers, and law enforcement charged with Search Rescue. The ones that baffle the volunteers who comb the mountains, woods, and badlands. The stories that should give you pause every time you venture outdoors. Through Jacob Gray's disappearance in Olympic National Park and his father Randy Gray who left his life to search for him, we will learn about what happens when someone goes missing. Braided around the core will be the stories of the characters who fill the vacuum created by a vanished human being. We'll meet eccentric bloodhound handler Duff and R.C., his flagship purebred who began trailing with the family dog after his brother vanished in the San Gabriel Mountains. And there's Michael Neiger, North America's foremost backcountry Search Rescue expert and self-described bushman obsessed with missing persons. And top researcher of persons missing on public wildlands. Ex-San Jose, California detective David Paulides who is also one of the world's foremost Bigfoot researchers. It's a tricky thing to write about missing persons because the story is the absence of someone. A void. The person at the heart of the story is thinner than a smoke ring, invisible as someone else's memory. The bones you dig up are most often metaphorical. While much of the book will embrace memory and faulty memory history, *The Cold Vanish* is at its core a story of now and tomorrow. Someone will vanish in the wild tomorrow. These are the people who will go looking. **Congressional Record** United States. Congress, 2000. The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States*.
