George W.E. Nickelsburg in Perspective, vol. 2 Jacob Neusner, Alan Avery-Peck, 2022-11-07 Here we reread George W. E. Nickelsburg's more important articles and encounter afresh some of his books to criticize them and to attend to his response to the criticism This set of Auseinandersetzungen thus carries forward the life of learning and debate that yields a rich harvest of scholarship It pays tribute to a scholar through acts of engaged critical scholarship in which specialists reread articles reproduced in these pages and respond to them with Nickelsburg then joining issue a protracted engagement spanning an entire intellectual career and many of its more important moments Nickelsburg's work not only deserves such rigorous analysis it also sustains it On any list of scholars who over the past forty years have defined and cultivated the field of Second Temple Judaism and early Christianity George Nickelsburg is included at or near the top Here we present the natural outcome of such a life in the academy scholars in contention over truth The print edition is available as a set of two volumes 9789004129870 **Emerging Scriptures: Torah, Gospel and Qur'an in Christian perspective** Schofield,

Rodney, 2014-08-22 Rodney Schofield traces the beginnings of Biblical and Qur'anic literature and attempts a reconstruction of their original settings He reassesses some of the classical theories and shows that the scriptures of the Abrahamic faiths Torah Gospel and Qur'an possess many shared perspectives reflecting their common heritage A better appreciation of this shared legacy he contends could promote greater mutual understanding and foster respectful co-existence among believers

The Bible as Revelatory Word Robert Ignatius Letellier, 2016-08-17 Whether one approaches the Bible from a perspective of faith culture or literature the power of the writing the human situations language and genres that make up the Scriptures speak potently across the ages From whatever angle the texts have a revelatory power that shines a light on the human condition our sense of purpose place in the world and even our destiny Born out of the common reflection on the history of single nation with a sense of divine election the Bible has spoken and continues to speak to all people in various circumstances in words of such power that seem divinely inspired This volume provides an opportunity for studying those special areas of Scripture known as the Prophets and the Wisdom Books Isaiah Jeremiah Ezekiel and Daniel spoke to Ancient Israel from the situation of their national story shaped by the Covenant with God especially before during and after the

sorrow of their Exile in Babylon 587 38 BC The Wisdom Books of the Bible reflect on the ontology of the human condition under any circumstance how to live wisely and sensibly by looking at the world of nature and the human heart to discern the purpose of life The approach adopted here building on a fundamental understanding of the Old Testament searches for deeper understanding of both approaches and genres This study enables a thematic overview of the subject a way into some of the critical issues endemic to grasping both traditions and by implication some of the fundamental approaches used in biblical scholarship This study encourages reading the texts themselves developing a sharper perception of language imagery genre and style The book thus provides an overall picture of the literary types employed locates the sacred books in a chronological and thematic context exploring the texts through the specific passages provided always looking to find the theological keys critical to understanding these particular books and their enduring message across the ages A particularly interesting aspect of this study is its collection of iconography offering a cross section of artistic responses to the power of the biblical discourse through the centuries While Gustave Doré's famous etchings form the axis of the centrefolds many other painters are included from different periods

Perspectives on the Formation of the Book of the Twelve Rainer Albertz, James D. Nogalski, Jakob Wöhrle, 2012-07-04 The formation of the Book of the Twelve is one of the most vigorously debated subjects in Old Testament studies today This volume assembles twenty four essays by the world's leading experts providing an overview of the present state of scholarship in the field The book's contributors focus on questions of method history as well as redactional and textual history

The Gift of the Land and the Fate of the Canaanites in Jewish Thought Katell Berthelot, Joseph E. David, Marc Hirshman, 2014-04 A compelling analysis of Jewish thought from

ancient times to the present on the issue of the gift of the land of Israel and the fate of the Canaanites In Defense of the New Perspective on Paul Don Garlington, 2005-01-25 The following book is comprised of a series of essays and reviews that have been produced over the past several years all related in one way or the other to the New Perspective on Paul NPP This defense of the NPP takes the form of a combination of exegesis and extended book reviews In endeavoring to defend the NPP the eight chapters of this book contain a common thread namely that the movement generically bearing this moniker is not inimical to most historical traditional systems of soteriology Yet because of the rather volatile reaction of many the volume seeks to redress the balance in favor of a more tempered approach to a highly controversial topic **Religious**

Perspectives on Bioethics and Human Rights Joseph Tham, Kai Man Kwan, Alberto Garcia, 2017-09-06 This book deals with the thorny issue of human rights in different cultures and religions especially in the light of bioethical issues In this book experts from Christianity Judaism Islam Buddhism Daoism Hinduism and Confucianism discuss the tension between their religious traditions and the claim of universality of human rights The East West contrast is particularly evident with regards to human rights Some writers find the human rights language too individualistic and it is foreign to major religions where the self does not exist in isolation but is normally immersed in a web of relations and duties towards family friends religion community and society Is the human rights discourse a predominantly Western liberal ideal which in bioethics is translated to mean autonomy and free choice In today's democratic societies laws have been drafted to protect individuals and communities against slavery discrimination torture or genocide Yet it appears unclear at what moment universal rights supersede respect for cultural diversity and pluralism This collection of articles demonstrates a rich spectrum of positions among different religions as they confront the ever more pressing issues of bioethics and human rights in the modern world This book is intended for those interested in the contemporary debates on religious ethics human rights bioethics cultural diversity and multiculturalism *Studies in the New Perspective on Paul* Don Garlington, 2008-06-15 This collection of essays follows upon its predecessor originally entitled *In Defense of the New Perspective on Paul* Essays and Reviews Wipf and Stock 2005 This second edition differs from the first in that five new chapters have been added and one review article has been deleted The change of the main title to *Studies in the New Perspective on Paul* is due to the conviction that the New Perspective on Paul actually represents a return to the original context in which Paul proclaimed the gospel of Christ Therefore it is not something to be defended but propounded in the most positive terms possible **The Letter to the Hebrews in Social-Scientific Perspective** David A. deSilva, 2012-06-20 A lot of mystery surrounds the book of Hebrews especially regarding its authorship date and audience But by asking the right kind of questions one can move beyond the impasses typical of historical investigation In this volume David deSilva explores Hebrews through a social scientific lens asking one of the most important questions when interpreting letters and sermons What was going on in the community to occasion such a response DeSilva looks for clues concerning the anonymous author his education level the influence of the

Greek environment and his perception of his own authority In addition by forming a social profile of the audience that includes location ethnicity and class status deSilva brings to light the author s aims of helping protect Christian converts from persecution and social shame This book not only helps the sermon to the Hebrews take on flesh and blood for contemporary readers it also expands the readers tools for asking fresh questions and exploring new dimensions in biblical texts

The Theology of the Cross in Historical Perspective Anna M. Madsen,2007-01-01 The theology of the cross is indisputably a trendy concept today Numerous seminars books and dissertations tackle the topic But The Theology of the Cross in Historical Perspective demonstrates that theology of the cross is no passing fancy Theologies of the cross appear at the beginnings of the church in the sixteenth century reformations of the church and in the more contemporary modernization of the church Without theologies of the cross what the church is called to be and to preach becomes unclear So then what is the theology of the cross Anna Madsen surveys the theology of the cross in the thinking of Paul and Luther She also outlines several important twentieth century contributions to the subject On the basis of her analysis Madsen suggests that the theology of the cross reveals God to be found even in death In death after all boundaries disappear The theology of the cross assures Christians that God is present in the death of sin and in the realities of suffering and uncertainty Given that it announces God s presence the theology of the cross is ultimately a theology of grace freedom and trust

Religion in Sociological Perspective David Yamane,Keith A. Roberts,Jonas M. Hart,2025-09-16 Religion in Sociological Perspective Eighth Edition introduces the systems of meaning structure and belonging that make up the complex social phenomena we know as religion The author team uses an active learning approach to illustrate the central theories and methods of research in the sociology of religion and show students how to apply these analytical tools to new groups they encounter

Atonement and the New Perspective Stephen Burnhope,2018-08-10 Atonement has been described as the central doctrine of Christianity and yet surprisingly the church has never insisted on a particular understanding of how redemption in Christ was achieved Instead a miscellany of metaphors has been employed each picturing something of Christ s work Recent debate within Reformed Evangelicalism has been characterized by claims for hegemony to be granted to penal substitution versus counter arguments for a kaleidoscopic multi model understanding Notably absent in these discussions however are two considerations One is any common nexus to draw atonement thought together The other is any positive theological contribution deriving from God s preexisting relationship with Israel the presumed role of which has rather been to provide a negative contrast of law versus grace and works versus faith as the dark background against which the light of Christ may shine more brightly Recent scholarship however particularly the new perspective on Paul has comprehensively dismantled the old stereotypes concerning first century Judaism This book asks how differently we might think about the atonement once it is brought into conversation with the new scholarship It concludes by proposing a new perspective on atonement in which Christ is central Israel and Torah are affirmed and the traditional

metaphors continue to find their place *George W.E. Nickelsburg in Perspective* George W. E. Nickelsburg, Jacob Neusner, Alan Alan Jeffery Avery-Peck, 2003 Selection of articles and excerpts by George Nickelsburg with critical responses and Nickelsburg's rejoinders *George W.E. Nickelsburg in Perspective, vol. 1* Jacob Neusner, Alan Avery-Peck, 2022-11-07 Here we reread George W E Nickelsburg's more important articles and encounter afresh some of his books to criticize them and to attend to his response to the criticism This set of Auseinandersetzungen thus carries forward the life of learning and debate that yields a rich harvest of scholarship It pays tribute to a scholar through acts of engaged critical scholarship in which specialists reread articles reproduced in these pages and respond to them with Nickelsburg then joining issue a protracted engagement spanning an entire intellectual career and many of its more important moments Nickelsburg's work not only deserves such rigorous analysis it also sustains it On any list of scholars who over the past forty years have defined and cultivated the field of Second Temple Judaism and early Christianity George Nickelsburg is included at or near the top Here we present the natural outcome of such a life in the academy scholars in contention over truth The print edition is available as a set of two volumes 9789004129870 **Illuminating Scripture: A Jewish Perspective on God's Word**

Mission from the Perspective of the Other Tim Noble, 2018-08-30 Christian mission involves God the missionary and the other the recipient of mission This book argues for the centrality of this other in the practice of mission The other as child of God is presented not as an empty vessel waiting to be filled but as the one who draws near to the missionary Both are sent by God and together they enter into the journey towards God Drawing on Scripture contemporary missiology and phenomenology the book argues for the importance of this often neglected other and demonstrates through historical case studies involving Saint Ignatius of Loyola William Carey and Saint Innocent of Alaska that the recognition of the gift of the other has always been present in Christian mission and can continue to inspire
