## **Peter Lombard Peter Lombard:**

**Peter Lombard. 1** Marcia L. Colish,1994 The first general study of Peter Lombard c 1100 1160 in a century this book places Peter s thought in the context of the intellectual debates of his time in the effort to understand the substance of Lombardian theology and the reasons why his principal work the Sentences immediately became a classic of early scholastic theology with a durable influence doing more to shape the education of university theologians and philosophers than any other work of systematic theology for the next four centuries Attention is paid to the sentence collection as a genre of theological literature the problem of theological language with which Peter and his contemporaries wrestled and his contribution to early scholastic biblical exegesis as well as to the development of his systematic theology in the Sentences

*Peter Lombard* Philipp W. Rosemann,2004-04 Philipp W Rosemann begins by demonstrating how the Book of Sentences grew out of a long tradition of Christian reflection rooted in Scripture which by the 12th century had become ready to transform itself into a theological system Turning to the Sentences Rosemann then offers a brief exposition of the Lombard s life and work *The Books of Opinions of Peter Lombard* Peter Lombard (Bishop of Paris),19?? **The Sentences** Peter Lombard (Bishop of Paris),2007 This volume makes available for the first time in English full translations of Book 2 of the Sentences It consists of forty four Distinctions and contains an introduction to Book 2 a list of the major chapter headings and a bibliography

**Peter Lombard and the Sacramental System** Elizabeth Frances Rogers,1917 **Peter Lombard** Philipp W. Rosemann,2004 Philipp W Rosemann begins by demonstrating how the Book of Sentences grew out of a long tradition of Christian reflection rooted in Scripture which by the 12th century had become ready to transform itself into a theological system Turning to the Sentences Rosemann then offers a brief exposition of the Lombard s life and work

*Peter Lombard.1-2* Marcia L. Colish,1994 *Peter Lombard and His Students* Matthew Doyle,2016 Peter Lombard is best known for his groundbreaking theological work the Sentences But the exclusive focus on this work has tended to divert attention away from other aspects of his life and work This book therefore takes a broadly biographical approach to Peter Lombard examining him in relation to his environment and milieu The book is divided into two parts corresponding to its title The first details Peter s career He came to Paris to study theology with the assistance of Bernard of Clairvaux and Uberto bishop of Lucca key players in the papal schism of the 1130s After several years building a reputation in Paris he gained entry to the canons of Notre Dame Part one finishes with Peter s greatest achievements the composition of the Sentences and his rise in the church of Paris to archdeacon and finally bishop The second part *The Master and His Students* opens with a comprehensive treatment of Peter s sermons his most neglected and in some ways most revealing works They were preached to an audience that included his students from the publisher *The Story of a Great Medieval Book* Philipp W. Rosemann,2007-01-01 Broadly conceived and accessibly written Marcia L Colish Visiting Fellow Yale University

**Mediaeval Commentaries on the Sentences of Peter Lombard** Gillian Rosemary Evans,2002 This publicaton on the

**Mediaeval Commentaries on the Sentences of Peter Lombard** ,2009-12-16 Continuing a project begun in 2002 with the publication of volume 1 of Mediaeval Commentaries on the Sentences of Peter Lombard this volume fills some major lacunae in current research on the standard textbook of medieval theology Twelve chapters study the tradition of the Sentences from the first glosses of the twelfth century through Martin Luther s marginal notes The questions addressed in these chapters throw light on the history of the Sentences literature as a whole focusing on changes in literary structure and methodology as much as on matters of textual transmission and doctrinal content The conclusion synthesizes the individual contributions succinctly presenting the current state of our knowledge of the main structures that characterize the tradition of the Sentences Contributors Magdalena Bieniak John F Boyle Stephen F Brown Marcia L Colish William O Duba Michael Dunne Russell L Friedman Olli Hallamaa Pekka K rkk inen Hans Kraml Gerhard Leibold Riccardo Quinto Philipp W Rosemann Chris Schabel and Hubert Philipp Weber      **PETER LOMBARD AND THE SACRAMENTAL SYSTEM** ELIZABETH FRANCES. ROGERS,2018      **The Letters of Peter Lombard** William Benham,1912      **Peter Lombard and the Sacramental System (Classic Reprint)** Elizabeth Frances Rogers,2015-07-19 Excerpt from Peter Lombard and the Sacramental System Erasmus once complained that there were as many commentaries on Peter Lombard s Sentences as there were theologians But here is a commentary by one who is not even a theologian but only a student of history It is fortunate that Erasmus and the Lombard himself did not live to see this evil day This is not work which would have won the coveted degree of Bachalarius Sententiarus in a medieval university I can only lay claim to have won to an interest in the

subject equal to that of most of those medieval bachelors My first interest in Medieval Church History I owe to my college professor Annie Heloise Abel and my interest in this particular phase of it to Seminars on the Medieval Church with Professor Shotwell at Columbia The subject was assigned to me I should never have had the courage to venture on it otherwise and as I finish my study of it I can only say in the Lombard's own words If anyone can explain it better I am not envious I have had courtesies in many libraries but I wish especially to speak gratefully of the Bodleian Library in Oxford of the Library of Columbia University and of that of Union Theological Seminary I am particularly indebted to Professor Rockwell of Union Seminary for his invaluable help and training in bibliography I wish here to express my gratitude to Professor Shotwell for the most interesting work in the Social History of the Middle Ages to Professor Woker of the University of Bern ein geborener Lehrer der glaubt dass jeder Student ein Genie ist as a colleague said of him for fascinating lectures on the Political History of medieval times and for kindness to a foreigner and to Professor Annie Heloise Abel now of Smith College not only for inspiring teaching in my undergraduate days but for constant interest friendship and encouragement in my graduate study About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Peter Lombard: Peter Lombard's life and works* Marcia L. Colish, 1994 *Mediaeval Commentaries on the Sentences of Peter Lombard*, 2015-01-27 The work published in this third and final volume of Brill's handbook on the tradition of the Book of Sentences breaks new ground in three ways First several chapters contribute to the debate concerning the meaning of medieval authority and authorship For some of the most influential literature on the Sentences consisted of study aids and compilations that were derivative or circulated anonymously Consequently the volume also sheds light on theological education on the ground the kind of teaching that was dispensed by the average master and received by the average student Finally the contributors show that Peter Lombard's textbook played a much more dynamic role in later medieval theology than hitherto assumed The work remained a force to be reckoned with until at least the sixteenth century especially in the Iberian Peninsula Contributors are Claire Angotti Monica Brinzei Franklin T Harkins Severin V Kitanov Lidia Lanza Philipp W Rosemann Chris Schabel John T Slotemaker Marco Toste Jeffrey C Witt and Ueli Zahnd
