**Exemplary Life** Andy Chambers, 2012-11-01 Exemplary Life articulates Luke's vision for life together in a local church using key passages from Acts 2:42-47, 4:32-35 and 5:12-16 known as summary narratives as the starting point of reference Although Luke is rightly acclaimed as the church's first historian he was a powerful writer and theologian as well He also planted churches with Paul and had definite convictions about what life together in the church should look like Yet Luke's theology of church life is underemphasized in modern scholarship downplayed by issues rising from the historical critical method However when the summary narratives are studied through the lens of narrative and rhetorical criticism Luke's strategy is unmistakable Those passages cast a vision for life together in an exemplary church drawn from the historical circumstances of the church in Jerusalem These narratives also serve as a starting point for studying church life throughout Acts When the church planting movements in Samaria Antioch Ephesus and Troas are examined we find echoes of the narratives almost constantly These amplify and drive home Luke's message in the summary narratives Taking this path twenty distinct characteristics of exemplary church life emerge From repentance and Scriptural authority to praying together and earning the respect of neighbors each one is thoughtfully presented here by author Andy Chambers to reassert Luke's voice in 21st century conversations about the faithful formation of New Testament churches

Progressive Covenantalism Stephen J. Wellum, Brent E. Parker, 2016-04-15 Biblical covenants provide the backbone to the narrative plot line of Scripture therefore it is essential to think through the interrelationship between the biblical covenants starting in creation and culminating in Christ in order to rightly grasp the whole counsel of God

Apologetical Aesthetics Mark Coppenger, William E. Elkins Jr., Richard H. Stark III, 2022-04-29 Apart from the work of God in creation it's notoriously difficult to explain the presence of beauty in the world and man's appreciation for it Indeed the aesthetic realm with its array of phenomena which engage the senses the mind and the heart not only suits the biblical account of the universe but also points toward it In making this case sixteen writers address the shortcomings of naturalistic narratives the virtues of theistic accounts particularly those grounded in Christ and the manner in which the various arts resonate with Scripture Along the way readers will encounter the peacock's tail and Farnsworth House a Schubert piano sonata and chopsticks Kintsugi and Kitsch Hugh of St Victor and Hans Urs von Balthasar Kandinsky and Eisenstein the Lydian and Phrygian modes eucatastrophe and liminal space McDonald's and Don Quixote Smeagol and the Blobfish

Rethinking Constantine Edward L. Smither, 2014-02-14 What happens to the church when the emperor becomes a Christian Seventeen hundred years after Constantine's victory at Milvian Bridge scholars and students of history continue to debate the life and impact of the Roman emperor who converted to faith in the Christian God and gave peace to the church This book joins that conversation and examines afresh the historical sources that inform our picture of Constantine the theological developments that occurred in the wake of his rise to power and aspects of Constantine's legacy that have shaped church history

Worth Doing W. David Buschart, Ryan Tafilowski, 2025-11-25 *Reimagine Your Theology of Faith and Work* Conversations about faith and work often miss an important truth limitations are not a problem they're a key part of what it means to be human Work has always been part of humanity's purpose but we're no longer in the perfect Garden of Eden nor are we in the future new heavens and new earth To truly address the challenges of work we need a new theological perspective In *Worth Doing* David Buschart and Ryan Tafilowski embrace the realities of limitations challenging the myths of "You are what you do" and "Do what you love" Instead they propose a theology of work that affirms the goodness of human limits while addressing the realities of fallenness offering hope for those who may not find deep fulfillment in their daily jobs Buschart and Tafilowski outline a new vision of work that resonates with all workers recognizing that every job has value even when it doesn't align with idealized notions of purpose or calling By embracing this perspective people can find new ways to approach daily labor even when it doesn't feel deeply fulfilling In *Worth Doing* readers will gain a theology of work that moves beyond only ideas of productivity or calling Learn how to embrace human limitations as part of God's good design Reflect on the ways work connects to broader questions of purpose and human flourishing *Worth Doing* invites readers to consider their limitations as valuable aspects of their vocational journey offering a thoughtful framework for addressing the complexities of work This book is particularly relevant for theologians examining the intersections of work faith and rest Christian educators and leaders in the faith and work space By moving beyond conventional theological approaches to faith and work *Worth Doing* presents a hopeful and theologically rich perspective on vocation that acknowledges and embraces human limitations

**The Hole in Our Holiness** Kevin DeYoung, 2014-01-31 The hole in our holiness is that we don't care much about holiness Or at the very least we don't understand it And we all have our reasons too Maybe the pursuit of holiness seems legalistic Maybe it feels like one more thing to worry about in your already overwhelming life Maybe the emphasis on effort in the Christian life appears unspiritual Or maybe you've been trying really hard to be holy and it's just not working Whatever the case the problem is clear too few Christians look like Christ and too many don't seem all that concerned about it This is a book for those of us who are ready to take holiness seriously ready to be more like Jesus ready to live in light of the grace that produces godliness This is a book about God's power to help us grow in personal holiness and to enjoy the process of transformation

The Triumph of Grace Daniel I. Block, 2017-11-06 The Apostle Paul's negative statements about the law have deafened the ears of many to the grace that Moses proclaims in Deuteronomy Most Christians have a dim view of this book which they consider to be primarily a book of laws However when we read or hear it read orally without prejudice we discover that rather than casting Moses as a legislator he appears as Israel's first pastor whose congregation has gathered before him to hear him preach his final sermons Accordingly Deuteronomy represents prophetic preaching at its finest as Moses seeks to inspire the people of God to a life of faith and godliness in response to God's repeated demonstrations of grace Deuteronomy is a dead book for many because we have not recognized this gospel we have heard only law The essays in this collection arise from a larger project driven by a passion to recover for Christians the life-giving message of the Hebrew Scriptures in general and to open their ears to God's amazing grace in Deuteronomy in particular The wide-ranging meditations in this volume do not all focus equally on the topic of God's grace but this theme undergirds them all
