Persuading People To Have Safer Sex Richard M. Perloff, 2000-11 This volume explores the application of persuasion theory and research to HIV AIDS prevention focusing on changing attitudes and behaviors It is intended for students and scholars applying theory to health or AIDS prevention

The Arts of Leadership Keith Grint, 2000-04-13 Leadership is still much discussed studied and sought after even though we now live in supposedly more democratic times with flatter organizations and empowered employees But how can we best understand leadership Are leaders born or made Do they have particular traits or are we all potential leaders Do the requirements for leadership change over time or are there timeless patterns Do traditional approaches help us to pick and develop leaders or are there alternative ways that advance our understanding In this book Keith Grint who has been studying and teaching leadership for over a decade investigates the notion of leadership in a series of historical case studies and rich essay portraits of some of the most famous and infamous leaders e g Florence Nightingale Richard Branson Horatio Nelson Martin Luther King Henry Ford etc The scenarios are drawn from right across the spectrum to include business politics society and the military The first part of the book considers four sets of parallel cases where leadership appears to be a major explanation of success and failure The second part takes the four critical issues arising from these parallel cases identity strategic vision organizational tactics and persuasive communication

and explores them in detail One main reason we have such difficulty in explaining and enhancing leadership Grint argues is because we often adopt perspectives and models that obscure rather than illuminate the issues involved The reliance upon traditional scientific analysis has not provided the anticipated advances in our understanding because leadership is more fruitfully considered as an art or more exactly an array of arts rather than as a science Grint s rich and meticulously researched profiles combine to reveal these Arts of Leadership *Human Communication and Its Effect* Gilbert H.

Edwards, Gilbert H. Sr. Edwards, 2013-07 This book is focused on effective communication because too many ineffective communications have caused failure in so many lives Many homes or marriages are broken up because of the lack of communication Families such as father with son and mother with daughter do not have a good relationship because of the lack of communication This book will reach out to some families to attempt to explain to them the importance of effective communication The purpose is to identify and explore the elements of effective communication and to practice communicating effectively This study for effective communication has been prepared to help families marriages work places etc to increase their effectiveness in communicating *Collection Management Handbook* A.
